(4) Ensure any prize won by a registered player from participating in a fantasy sports contest is deposited into the registered player's account within forty-eight hours or mailed within five business days of winning the prize except as provided under section 313.917;

(5) Ensure registered players can withdraw the funds maintained in their individual accounts, whether such accounts are open or closed, within five business days of the request being made, unless the licensed operator believes in good faith that the registered player engaged in either fraudulent conduct or other conduct that would put the licensed operator in violation of sections 313.900 to 313.955, in which case the licensed operator may decline to honor the request for withdrawal for a reasonable investigatory period until its investigation is resolved if it provides notice of the nature of the investigation to the registered player. (c) To the Missouri gaming commission in the event that the fantasy sports operator's license expires, is surrendered, or is otherwise revoked. The Missouri gaming commission may interplead the funds in the Cole County circuit court for distribution to the authorized players for whose protection and benefit the account was established and to other such persons as the court determines are entitled thereto, or shall take such other steps as necessary to effect the proper distribution of the funds, or may do both; or

(d) As authorized in writing in advance by any agreement approved by the Missouri gaming commission;

(5) Require a unanimous vote of all corporate directors to file bankruptcy;

(6) Obtain permission from the Missouri gaming commission prior to filing bankruptcy or entering into receivership;

(9) Be restricted from taking on obligations of the fantasy sports contest operator other than obligations to players under the rules that govern their accounts for contests; and

(10) Be prohibited from dissolving, merging, or consolidating with another company without the written approval of the Missouri gaming commission while there are unsatisfied obligations to fantasy sports contest players.

[5.] 6. The commission, at its discretion, may approve other commercially reasonable approaches to segregation of funds so long as they adequately protect Missouri player accounts.

[6.] 7. A licensed operator shall establish procedures for a registered player to report complaints to the licensed operator regarding whether his or her account has been misallocated, compromised, or otherwise mishandled, and a procedure for the licensed operator to respond to those complaints.

[7.] 8. A registered player who believes his or her account has been misallocated, compromised, or otherwise mishandled should notify the commission. Upon notification, the commission may investigate the claim and may take any action the commission deems appropriate under subdivision (4) of section 313.950.

[8.] 9. A licensed operator shall not issue credit to a registered player.

(3) Nothing in this subsection shall prevent a video lottery game manufacturer from obtaining a video lottery game manufacturer's license and a video lottery game distributor's license and providing and operating the centralized computer system for monitoring video lottery game terminals.

2. Under no circumstances shall the commission:

(1) Authorize or allow a single vendor or licensee to implement the system of video lottery game terminals created under this section; or

(2) Allow a single licensed video lottery game operator to control or operate more than twenty-five percent of video lottery game terminals in the state after December 31, 2027.

3. (1) The video lottery game system authorized by this section shall allow for multiple video lottery game manufacturers, video lottery game distributors, and video lottery game operators to encourage private sector investment and job opportunities for Missouri citizens. Video lottery game terminals shall be connected to a centralized computer system developed or procured by the commission. The commission shall provide licensed video lottery game operators with the necessary protocols to connect the operators' video lottery game terminal or terminals to the centralized computer system after such terminal or terminals have been approved by the commission. No video lottery game terminal shall be placed in operation without first connecting to the centralized computer system after such terminal or terminals have been approved by the commission. A vendor that provides the centralized computer system authorized under this subsection shall not be eligible to be licensed as a video lottery game operator or video lottery game retailer. The commission may impose an initial nonrefundable license application fee to cover the cost of investigating the background of the licensee, including a criminal background check, as follows:

(a) For video lottery game manufacturers, video lottery game distributors, and video lottery game operators, no more than twenty-five thousand dollars;

(b) For video lottery game retailer establishments, no more than one thousand dollars; or

(c) For video lottery game handlers, no more than one hundred dollars.

(2) The initial license shall be for a period of one year. Thereafter, license renewal periods shall be four years with the applicable renewal fee paid for each year of such license renewal in advance. Annual license renewal fees for anyone licensed pursuant to this subsection, and subsequent to the initial one-year period, shall be as follows:

(a) Five thousand dollars for video lottery game manufacturers, video lottery game distributors, and video lottery game operators;

(b) Fifty dollars for video lottery game handlers; and

(c) Five hundred dollars for each video lottery game retailer's establishment.

(3) In addition to the license fees required in subdivisions (1) and (2) of this subsection, an annual administrative fee of three hundred dollars shall be paid for each video lottery game terminal placed in service. Such administrative fee shall be equally divided and paid by the video lottery game operator and the video lottery game retailer to the commission once a year and deposited in the state lottery fund and distributed to the veterans' commission capital improvement trust fund created in section 42.300.

(4) Nothing in this subsection shall be construed to relieve the licensee of the affirmative duty to notify the commission of any change relating to the status of the license or to any other information contained in the application materials on file with the commission.

4. No license shall be issued to any person, and no person shall be allowed to serve as a sales agent, who has been convicted of a felony or a crime involving illegal gambling. Sales agents shall be registered with the commission by a licensed video lottery game operator, and shall not solicit or enter into any contract with a video lottery game retailer prior to such retailer being licensed to conduct video lottery games on video lottery game terminals.

5. No license requirement, sticker fee, or tax shall be imposed by any local jurisdiction upon a video lottery game manufacturer, video lottery game distributor, video lottery game operator, video lottery game retailer, video lottery game handler, or video lottery game terminal or an establishment relating to the operation of video lottery games, video lottery game terminals, or associated equipment.

6. (1) Video lottery game terminals shall meet independent testing standards approved by the commission, as tested by one or more licensed independent test labs, and be capable of randomly generating the outcome of video lottery games approved by the commission. Video lottery game terminals shall be capable of printing a ticket redeemable for winning video lottery game plays. Such video lottery game terminals shall be inspected and approved prior to being sold, leased, or transferred.

(2) Licensed video lottery game manufacturers may buy, sell, or lease new or refurbished video lottery game terminals to and from licensed video lottery game distributors.

(3) Licensed video lottery game distributors may buy, sell, or lease new or refurbished video lottery game terminals to or from licensed video lottery game manufacturers or licensed video lottery game operators.

7. (1) Licensed video lottery game operators:

(a) May buy, lease, or rent video lottery game terminals from licensed video lottery game manufacturers, operators, or distributors;

(b) May handle, place, and service video lottery game terminals;

(c) Shall connect such video lottery game terminals to the centralized computer system approved by the commission; and

(d) Shall, notwithstanding the provisions of section 313.321 to the contrary, pay all video lottery game winnings using a video lottery game ticket redemption terminal. Such video lottery ticket redemption terminal shall be located within the video lottery game retailer's establishment in direct proximity to such video lottery games. Video lottery game operators shall pay the commission thirty-two percent of any unclaimed cash prize associated with a winning ticket that has not been redeemed within one hundred eighty days of issue.

(2) Rents or leases for video lottery game terminals shall be written at a flat rate and shall not include revenue splitting as a method used in the calculation of the lease or rent.

(3) Licensed video lottery game operators and licensed video lottery game retailers shall enter into a written agreement for the placement of video lottery game terminals. The agreement shall be on a form approved by the commission and shall specify an equal division of adjusted gross receipts after adjustments for taxes and administrative fees are made, shall have a minimum term of five years and a maximum term of ten years, and shall be renewable for a term of a minimum of five additional years. A video lottery game operator shall be responsible for remitting to the commission and the video lottery game retailer its share of adjusted gross receipts. Nothing in this subdivision shall prohibit a licensed video lottery game operator from entering into an agreement with a sales agent for retailer agreements, provided such agreement is in writing and approved by the commission prior to beginning sales activities and prior to the start date established pursuant to section 313.431. Video lottery game operators and their sales agents and affiliates and video lottery game retailers are specifically prohibited from offering anything of value, other than the percentage of adjusted gross receipts provided under this subsection, or entering into an agreement with a retailer prior to the start date for the initial or continued placement of video lottery game terminals, except that a video lottery game operator may pay for construction of a video lottery game terminal area inside the premises of a video lottery game retailer. Contract agreements entered into prior to the start date established pursuant to section 313.431 between a prospective video lottery game terminal operator or sales agent with a prospective video lottery game retailer shall be invalid.

(4) To combat problem gambling, video lottery game operators shall allow players to be self-excluded from video lottery game play. Operators shall provide the commission with a list of players that have elected to be excluded from video lottery game play within thirty days of such election and shall update such list periodically as required by the commission. Such self-excluded list shall be considered confidential information and shall not be released to the public. The commission shall issue such self-exclusion procedures by rule.

(5) Nothing in this section shall be construed to prevent a video lottery game operator or a video lottery game retailer from using a player rewards system as approved by the commission. No player shall be required to enroll in a rewards program offered by a video lottery game operator or video lottery game retailer as a condition to play video lottery games.

8. No licensed video lottery game operator shall:

(1) Offer video lottery gaming terminals that directly dispense anything of value except for tickets for winning plays. Tickets shall be dispensed by pressing the ticket dispensing button on the video lottery gaming terminal at the end of any video lottery game play. The ticket shall indicate the total amount of video lottery game terminal credits and the cash award, the time of day in a twenty-four-hour format showing hours and minutes, the date, the terminal serial number, the sequential number of the ticket, and an encrypted validation number from which the validity of the prize may be determined. The price of video lottery game terminal credits shall be determined by the commission. The maximum wager played per video lottery game shall not exceed five dollars. The maximum prize payoff for a winning maximum wager for a single game play shall be no more than one thousand one-hundred dollars, or the maximum amount allowable by federal law before tax withholding is required for a single game-winning play;

(2) Operate more than three video lottery game terminals per location on the premises of a fraternal organization, veterans organization, or truck stop that has secured and maintains a video lottery game retailer's license;

(3) Operate more than three video lottery game terminals per location on the premises of any business entity licensed as a video lottery game retailer that is not a fraternal organization, veterans organization, or truck stop;

(4) Advertise video lottery games outside of a licensed video lottery game retailer's establishment through any media outlets or direct mail or telephone solicitations. The advertising prohibition contained in this subdivision shall apply to all licensees including, but not limited to, video lottery game manufacturers, video lottery game distributors, video lottery game operators, video lottery game retailers, and video lottery game handlers; except that, a video lottery game retailer or operator may participate in an advertising program that is promoted through and sponsored by the state lottery and may advertise in or on the outside of the establishment's building and parking lot. A video lottery game operator may pay no more than two thousand dollars annually for the cost of such advertising at a retailer establishment; or

(5) Allow video lottery games to be played at any time when the video lottery game retailer's establishment is closed for business.

9. (1) No person under twenty-one years of age shall play video lottery games, and such video lottery game terminals shall be under the supervision of a person that is at least twenty-one years of age to prevent persons under twenty-one years of age from playing video lottery games. Video lottery game terminals shall be placed in a fully enclosed room that is continually monitored by video surveillance and where access to persons under twenty-one years of age is denied by a procedure approved by the commission. A warning sign shall be posted in a conspicuous location where such video lottery game terminals are located, containing in red lettering at least one-half inch high on a white background the following:

“YOU MUST BE AT LEAST 21 YEARS OF AGE TO PLAY VIDEO LOTTERY GAMES”.

(2) In addition to the placement and supervision requirements of this subsection, video surveillance footage in the immediate area of the video lottery game retailer's establishment where video lottery game terminals are located shall be reviewed by video lottery game operators as required by the commission for any violation of law, rules, or regulations governing the conduct of video lottery games and shall be made available to the commission upon request. A video lottery game operator that fails to report any known violation of law, rules, or regulations governing the conduct of video lottery games in conformance with established commission procedures may be subject to an administrative fine not to exceed five thousand dollars. Any video lottery game retailer that fails to report any known violation of law, rules, or regulations governing the conduct of video lottery games in conformance with established commission procedures may be subject to an administrative fine not to exceed five thousand dollars. In the event a video lottery game operator or retailer is found to have knowingly committed a violation governing the conduct of video lottery games, the commission may impose an administrative fine not to exceed five thousand dollars, suspend such operator's or retailer's license for up to thirty days, or, in the case of repeated violations, revoke such operator's or retailer's license for a period of one year. Any video lottery

game operator or retailer aggrieved by the commission's decision in any disciplinary action that results in the suspension or revocation of such operator's or retailer's video lottery game license may appeal such decision by filing an action in circuit court.

(3) Video lottery game retailers shall provide an intrusion detection system capable of detecting unauthorized entrance of the video lottery game retailer's establishment during nonbusiness hours and shall report to the commission any unauthorized entrance of the video lottery game retailer's establishment. Such surveillance and intrusion detection system shall meet specifications as defined by the commission.

(4) A video lottery game operator shall post a sign in a conspicuous location where such video lottery game terminals are located, containing in red lettering at least one-half inch high on a white background a telephone contact number (1-888-BETSOFF) for the problem gambling helpline.

10. (1) Video lottery game operators shall pay the commission thirty-six percent of the video lottery game adjusted gross receipts, which shall be deposited in the state lottery fund. The commission shall transfer, subject to appropriation, the amount received from the operator from the lottery fund to the lottery proceeds fund after administrative expenses equal to four percent of the video lottery game adjusted gross receipts are paid to the municipality where a licensed video lottery game retailer maintains an establishment licensed for the operation of video lottery game terminals, or if such licensed establishment is not located within the corporate boundaries of a municipality, then to the county where such licensed establishment is located to reimburse such municipality or county for administrative expenses, and any administrative expenses for the commission that are not covered by reimbursements from operators are deducted. Net proceeds transferred to the lottery proceeds fund shall be appropriated equally to public elementary and secondary education and public institutions of higher education with an emphasis on funding early childhood education and care programs and public institutions of higher education workforce development programs, and programs benefitting Missouri military veterans.

(2) Video lottery game operators shall retain the remainder of the video lottery game adjusted gross receipts as compensation after the payment required in subdivision (1) of this subsection has been made to the state lottery fund, and shall pay video lottery game retailers a commission equal to one-half of the adjusted gross receipts retained by the video lottery game operator as compensation based on video lottery game plays at such retailer's establishment.

11. All revenues received by the commission from license fees and any reimbursements associated with the administration of the provisions of sections 313.425 to 313.437, and all interest earned thereon, shall be considered administrative expenses and shall be deposited in the state lottery fund. Moneys deposited into the state lottery fund from license fees and any reimbursements of commission administrative expenses to administer sections 313.425 to 313.437 shall be considered administrative expenses and shall not be considered net proceeds pursuant to Article III, Section 39(b) of the Missouri Constitution. Subject to appropriation, up to one percent of such license fees shall be deposited to the credit of the compulsive gamblers fund created under section 313.842. The remainder of the money deposited in the state lottery fund from video lottery game license fees and any reimbursements of commission administrative expenses to enforce sections 313.425 to 313.437

shall, subject to appropriation, be used for administrative expenses associated with supervising and enforcing the provisions of sections 313.425 to 313.437.

12. The commission shall contract with the Missouri gaming commission and with a state law enforcement entity to assist in conducting background investigations of video lottery game applicants, and for the administration and enforcement of sections 313.425 to 313.437.

13. A video lottery game licensee suspected of a violation of sections 313.425 to 313.437 shall be afforded an administrative hearing by the director of the state lottery on the record, and an appeal of any action taken to impose a fine on such licensee shall be to the commission. Any such administrative suspension or revocation upheld by the commission may be appealed by the video lottery game licensee in a state court of competent jurisdiction.

14. The commission shall adopt rules for the implementation of the video lottery game system authorized under sections 313.425 to 313.437, including, but not limited to, the placement of video lottery terminals within a retail establishment and for the active oversight of the conduct of video lottery games. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2023, shall be invalid and void.

313.431. In order to expedite the orderly implementation of the video lottery game system authorized under sections 313.425 to 313.437, the commission shall:

(1) Contract for the supply and operation of a centralized computer system for video lottery games no later than one hundred eighty days after the effective date of this act;

(2) Make license applications for video lottery game manufacturers, video lottery game distributors, video lottery game operators, video lottery game retailers, and video lottery game handlers available to applicants and accept such applicants and promulgate any emergency or regular rules and regulations needed for the implementation of the video lottery system authorized under sections 313.425 to 313.437 no later than one hundred eighty days after the effective date of this act;

(3) Issue an approved form for persons applying for a video lottery game terminal operator's license available for use in contracting with a video lottery game retailer no later than one hundred eighty days after the effective date of this act;

(4) Establish a start date no later than July 1, 2024, once applications and the approved form contract are made available, whereby any person seeking a license as a video lottery game operator that has applied for a license to be a video lottery game terminal operator, has paid the initial license fee, and satisfactorily completed a background investigation, may begin soliciting contracts with prospective video lottery game retailers for the placement of video lottery game terminals. Such start date shall be set no more than sixty days after applications are made available; and

(5) Approve or deny any completed video lottery game retailer establishment application no more than ninety days after such an application has been received.

The system of video lottery games authorized pursuant to sections 313.425 to 313.437 shall commence no earlier than January 15, 2025, and no later than July 1, 2025.

313.433. 1. Notwithstanding any other provision of law to the contrary, participation by a person, firm, corporation, or organization in any aspect of the state lottery under sections 313.425 to 313.437 shall not be construed to be a lottery or gift enterprise in violation of Section 39 of Article III of the Constitution of Missouri.

2. The sale of lottery tickets, shares, or lottery game plays using a video lottery game terminal under sections 313.425 to 313.437 shall not constitute a valid reason to refuse to issue or renew or to revoke or suspend any license or permit issued under the provisions of chapter 311.

313.434. 1. The state of Missouri shall be exempt from the provisions of 15 U.S.C. Section 1172, as amended.

2. All shipments of gaming devices used to conduct pull-tab games or video lottery games authorized under sections 313.425 to 313.437 to licensees, the registering, recording, and labeling of which have been completed by the manufacturer or distributor thereof in accordance with 15 U.S.C. Sections 1171 to 1178, as amended, shall be legal shipments of gambling devices into this state.

313.435. 1. A municipality may adopt an ordinance prohibiting video lottery game terminals within the limits of such municipality within one hundred eighty days from the effective date of this act.

2. A county commission may, for the unincorporated area of the county, adopt an ordinance prohibiting video lottery game terminals within the unincorporated area of such county within one hundred eighty days from the effective date of this act.

3. Any municipality or county adopting an ordinance that disallows the licensing of video lottery game retailers shall notify the commission of such action and provide a certified copy of such ordinance to the commission. Upon receiving such notification and ordinance, the commission shall not license video lottery game retailers within such area covered by such municipal or county ordinance.

4. Any such municipality or county that has opted to prohibit the use of video lottery game terminals to play video lottery games may repeal such ordinance, and upon such repeal and notification of such repeal, the commission may license video lottery game retailers within such municipality or county to conduct video lottery games.

313.437. If any provision of sections 313.425 to 313.437 or the application thereof to anyone or to any circumstance is held invalid, the remainder of those sections and the application of such provisions to others or other circumstances shall not be affected thereby.”; and

Further amend said bill, page 35, section 313.1022, line 18, by inserting after all of said line the following:

“572.015. Nothing in this chapter prohibits constitutionally authorized activities under Article III, Sections 39(a) to 39(f) of the Missouri Constitution, **including a raffle using tickets, a device, or a machine where a person buys chances from a finite number of draws for a prize; provided that it can be proved by an engineering opinion from an independent testing laboratory accredited under ISO standard 17025 that the determination of a winner by the electronic device or machine is from draws of numbered tickets in electronic form from a finite deal thereof.**”; and

In which the concurrence of the Senate is respectfully requested.

Also,

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and passed **HCS** for **HCRs 21 & 22**.

**HOUSE COMMITTEE SUBSTITUTE FOR
HOUSE CONCURRENT RESOLUTIONS NOS. 21 and 22**

WHEREAS, between 1942 to 1966, the United States Government produced, in secrecy and without proper protective measures, 300,000 tons of uranium in St. Louis City and St. Charles County as part of the Manhattan Project to produce the atomic bomb; and

WHEREAS, in the mid-1950s, the property that was next to Francis Howell High School was transferred to the United States Atomic Energy Commission (AEC); and

WHEREAS, from 1957 to 1966, the AEC operated a uranium processing facility at that site. Impure ore concentrates and some scrap metal were processed at the plant. Other radioactive wastes were disposed of in the quarry in Weldon Spring by the AEC. The operation produced 16,000 tons of uranium annually; and

WHEREAS, Francis Howell High School was in operation when the United States Government hid its uranium processing plant from the enemy by operating next to the school from 1957 to 1966; and

WHEREAS, in the 1990s, despite initial concern from school administration and parents that Francis Howell High School be relocated during cleanup efforts, Francis Howell High School remained in operation while the cleanup was conducted by the United States Department of Energy. Documents detail the public relations efforts the Department of Energy took to ease local concern for fear that relocation efforts would slow down the cleanup and risk the safety of the drinking water for 70,000 residents because the mixed hazardous and radioactive material in the quarry were starting to leach toward wellfields; and

WHEREAS, the United States Government damaged property and harmed residents of St. Louis, North St. Louis County, and St. Charles County through the improper handling of 2.3 million cubic yards of mixed radioactive contamination during the nation's race to produce the atomic bomb in World War II and from the subsequent push to make more nuclear weapons during the Cold War; and

WHEREAS, the United States Government publicly admitted to exposing atomic bomb workers to radioactive waste without the workers' knowledge or consent and failing to provide atomic bomb workers with proper protective gear; and

WHEREAS, in 2000, the Energy Employees Occupational Illness Compensation Program Act (EEOICPA) was passed, and employees of the Department of Energy have been paid out over \$284,200,840 in EEOICPA benefits in Missouri alone; and

WHEREAS, despite the Department of Energy's data regarding illnesses for atomic bomb workers, residents of Coldwater Creek, St. Louis City, and North St. Louis County and students, faculty, and nearby residents of Francis Howell High School have suffered from the same illnesses and diseases as the atomic bomb workers and have died without regard or accountability; and

WHEREAS, Missourians have been made ill, due to the Manhattan Project, through inhalation from smokestack emissions, exposure to radiation, and contact made with contaminated quarries, creeks, and groundwater; and

WHEREAS, Missourians are reporting diseases and cancers related to chronic exposure to ionizing radiation and exposure to chemical war waste that clearly match diseases documented by the Centers for Disease Control and Prevention, Environmental Protection Agency, Agency for Toxic Substance and Disease Registry, Department of Justice, and Department of Veterans Affairs; and

WHEREAS, radioactive waste was not stored in a sufficiently protective manner at the St. Louis Airport Storage (SLAPS) on Latty Avenue, which resulted in the washing of radioactive material into Coldwater Creek. The creek carried such radioactive material into North St. Louis County, contaminating much of the area around the creek where children play. Heavy rains have caused the creek to flood into the yards and basements of residents in that area; and

WHEREAS, in 1973, approximately 47,000 tons of that same radioactive waste was illegally dumped into the West Lake Landfill in Bridgeton; and

WHEREAS, during the 1950s and 1960s, as part of a series of Cold War experiments, the United States Army selected St. Louis as one of the cities singled out for heavy-duty testing during Operation Large Area Coverage. Testing was conducted throughout the Pruitt-Igoe housing project located northwest of downtown St. Louis; and

WHEREAS, the Weldon Spring Site, which is located in St. Charles County and approximately 30 miles west of St. Louis, was the largest explosive production site erected and established by the United States Government in 1941 for the purposes of producing trinitrotoluene (TNT) and dinitrotoluene (DNT). It consisted of two distinct areas, the chemical plant and the quarry. The Army used the quarry for disposal of rubble contaminated with TNT; and

WHEREAS, the Manhattan Project-era atomic programs produced and left behind vast quantities of chemical contaminants that include, but are not limited to, antimony, arsenic, cadmium, calcium hydroxide, chromium, ethylene glycol, friable and nonfriable asbestos-containing material, heavy metals, hydrofluoric acid, magnesium, magnesium fluoride, manganese, mercury, molybdenum, nickel, nitrates, nitric acid, nitroaromatics, perchloric acid, polychlorinated biphenyls (PCBs), polyaromatic hydrocarbons, potassium hydroxide, selenium, sodium hydroxide, sulfates, tetrachloroethylene, tributyl phosphate, and zinc. Radiological contaminants identified at the site were radium, thorium, and uranium; and

WHEREAS, the aforementioned activities of the United States Government in Missouri have had a deleterious effect on the environment of this state and have resulted in the contamination of the surface water and groundwater of a large geographic area in Missouri with radioactive and other hazardous and toxic contaminants:

NOW THEREFORE BE IT RESOLVED that the members of the House of Representatives of the One Hundred Second General Assembly, First Regular Session, the Senate concurring therein, hereby urge the Missouri Attorney General, the Missouri Department of Natural Resources, and the Missouri Department of Health and Senior Services to conduct a joint investigation into whether the State of Missouri and its residents could potentially receive monetary compensation from the United States Government for contamination of the environment in Missouri with radioactive and other hazardous contaminants as a result of the production of military explosive weapons and nuclear weapons, dumping contaminants and equipment, and other activities conducted by the United States Government in Missouri, to the extent that conducting such an investigation will cost the Attorney General, Department of Natural Resources, and Department of Health and Senior Services no additional moneys or resources; and

BE IT FURTHER RESOLVED that the Missouri Attorney General report the results of the investigation, if any, to the members of the General Assembly by December 31, 2023; and

BE IT FURTHER RESOLVED that the General Assembly requests that the Missouri Congressional delegation expand the Radiation Exposure Compensation Act or other current or newly created federally funded compensation program to include Missouri residents exposed

to nuclear waste from the Manhattan Project and look for additional funding opportunities for education for medical providers, health screenings for residents exposed to nuclear waste from such project, and medical care necessitated by such exposure; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare a properly inscribed copy of this resolution for the Missouri Attorney General, the directors of the Department of Natural Resources and the Department of Health and Senior Services, and each member of Missouri's Congressional delegation.

In which the concurrence of the Senate is respectfully requested.

CONCURRENT RESOLUTIONS

Senator May offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 18

Whereas, President Biden, in a historical signing, made a commitment to set a goal that 40 percent of the overall benefits of certain federal investments flow to disadvantaged communities that are marginalized, underprivileged, underserved, and overburdened by pollution;

Whereas, that commitment is contained in Executive Order 14008, signed on January 27, 2021, and known as the Justice 40 Initiative. The categories of investment include climate change, clean energy and energy efficiency, clean modern renewable-based transit, affordable and sustainable housing, training and workforce development, remediation and reduction of legacy pollution, and the development of clean water and wastewater infrastructure;

Whereas, President Biden's one trillion-dollar infrastructure law which passed November 6, 2021, requires the investment of \$55 billion to expand access to clean drinking water for households, businesses, schools, and centers across the country. The investment covers rural towns to struggling cities, and addresses water infrastructure and the elimination of lead service pipes, including in Tribal Nations and disadvantaged communities that need it most;

Whereas, the bipartisan infrastructure law will deliver \$65 billion to help ensure that every American has access to high-speed internet through a historic investment in broadband infrastructure and deployment. The law includes \$39 billion of new investment to modernize transit, in addition to continuing the existing transit programs for the next five years as part of the surface transportation reauthorization. In total, the bipartisan infrastructure law provides \$89.9 billion in guaranteed funding for public transit over the next five years;

Whereas, \$65 billion will be invested in clean energy which will include building thousands of miles of new resilient transmission lines to facilitate the expansion of renewable and clean energy while lowering cost. The law includes funding for new programs to support the development, demonstration, and deployment of cutting-edge clean energy technologies to accelerate our nation's transition to a zero-emission economy;

Whereas, the bipartisan infrastructure law will create community-impacted resilience and provide an investment of over \$50 billion to protect against droughts, heat, floods, and wildfires, in addition to a major investment in weatherization;

Whereas, the bipartisan infrastructure law will deliver \$21 billion, the largest investment in tackling legacy pollution by cleaning up Superfund and brownfield sites, reclaiming abandoned mines, and capping orphaned oil and gas wells. These projects will remediate environmental damage and address legacy pollution that harms the public health of communities and advance long overdue environmental justice. This investment will benefit communities of color, as it has been found that 29% of Hispanic communities, and 26% of Black Americans live within 3 miles of Superfund sites;

Whereas, through the President's bipartisan infrastructure law, the Inflation Reduction Act and the American Rescue Plan, federal agencies are making historic levels of investment to advance environmental justice which will confront decades of underinvestment in disadvantaged communities and bring critical resources to communities that have been overburdened by legacy pollution and environmental hazards;

Whereas, the State of Missouri should seek Justice 40 funding to preserve and protect its lands, watersheds, clean drinking water, wildlife, food security, local healthy agriculture, to increase local and community-owned renewable penetration, and to provide affordable housing, quality education, and workforce development;

Whereas, since climate change has impacted the health and quality of life for residents of Missouri, an executive order should be put in place to address the social, economic, and environmental conditions of our state calling on the input of our stakeholders in cooperation with state government to work together to secure funding for shovel-ready projects;

Now, Therefore, Be It Resolved that the members of the Missouri Senate, One Hundred-Second General Assembly, First Regular Session, the House of Representatives concurring therein, hereby urge the Governor to establish an oversight committee to interact with

federal agencies over the more than 450 programs listed under the Justice 40 Initiative and to coordinate with local, state, and federal agencies in order to ensure maximum benefits to the residents of the state of Missouri; and

Be It Further Resolved that the committee should consist of the directors, or their designees, of state departments that are similar to their federal counterparts under the Justice 40 Initiative as well as community stakeholders appointed by the President Pro Tempore of the Senate, the Speaker of the House of Representatives, and the Governor;

Be It Further Resolved that the committee should provide the Governor with funding recommendations to be submitted to the various federal agencies identified under the Justice 40 Initiative for funding under any federal funding sources that are available; and

Be It Further Resolved that the Secretary of the Senate be instructed to prepare a properly inscribed copy of this resolution for Governor Parson.

The Senate met pursuant to adjournment.

Senator Bernskoetter in the Chair.

Senator Eigel offered the following prayer:

“Righteousness exalts a nation, but sin is a reproach to any people.” (Proverbs 14:34)

Oh Lord, our Supreme Governor, whose glory is in all the world. We commend this nation to thy merciful care, that being guided by thy providence, we may dwell secure in thy peace. Grant to the President of the United States, and to all in authority, wisdom and strength to know and do thy will. Fill them with the love of truth and righteousness, and make them ever mindful of their calling to serve this people in thy fear, through Jesus Christ our Lord, who lives and reigns with thee and the Holy Ghost one God, whose Kingdom is without end. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

REMONSTRANCES

Senator Beck offered the following remonstrance:

SENATE REMONSTRANCE NO. 2

Whereas, the mission of the Missouri Commission of Human Rights is to develop, recommend, and implement ways to prevent and eliminate discrimination and to provide fair and timely resolutions of discrimination claims through enforcement of the Missouri Human Rights Act; and

Whereas, on March 29, 2023, Timothy Faber testified in opposition to anti-discrimination legislation before the Missouri Senate Committee on General Laws. Mr. Faber did not identify himself as Chairman of the Commission on Human Rights, and only confirmed his position upon direct questioning from senators; and

Whereas, his attempt to obfuscate his position erodes the trust legislators require from members of Missouri's boards and commissions. This is especially troubling considering Mr. Faber specifically referenced the Commission without disclosing his role on it; and

Whereas, while Mr. Faber has a right to express his personal views or the views of other organizations with which he may be affiliated, his decision to place these roles before his duties as Chairman makes it clear he can no longer continue in his capacity as Chair of the Missouri Commission on Human Rights; and

Whereas, the Missouri Commission on Human Rights has an incredibly important duty to investigate complaints of alleged discrimination in employment, public accommodations, and housing based on race, color, religion, national origin, ancestry, sex, disability, age, and familial status. This duty cannot be fulfilled with confidence when its chairman has lost the trust of elected leaders:

Now, Therefore, Be It Resolved that the, members of the Missouri Senate, One Hundred and Second General Assembly, First Regular Session, hereby remonstrate against Timothy Faber as Chair of the Missouri Commission on Human Rights due to his misleading of State Senators during a legislative hearing and his lobbying for a position in direct contradiction to the mission of the Missouri Commission on Human Rights; and

Be It Further Resolved that the Missouri Senate hereby requests that the Governor remove Timothy Faber as Chair of the Missouri Commission on Human Rights; and

Be It Further Resolved that the Secretary of the Senate be instructed to send of a copy of this remonstrance to the Governor.

“142.803. 1. A tax is levied and imposed on all motor fuel used or consumed in this state as follows:

(1) Motor fuel, seventeen cents per gallon;

(2) Alternative fuels, not subject to the decal fees as provided in section 142.869, with a power potential equivalent of motor fuel. In the event alternative fuel, which is not commonly sold or measured by the gallon, is used in motor vehicles on the highways of this state, the director is authorized to assess and collect a tax upon such alternative fuel measured by the nearest power potential equivalent to that of one gallon of regular grade gasoline. The determination by the director of the power potential equivalent of such alternative fuel shall be prima facie correct;

(3) Aviation fuel used in propelling aircraft with reciprocating engines, nine cents per gallon as levied and imposed by section 155.080 to be collected as required under this chapter;

(4) Compressed natural gas fuel, five cents per gasoline gallon equivalent until December 31, 2019, eleven cents per gasoline gallon equivalent from January 1, 2020, until December 31, 2024, and then seventeen cents per gasoline gallon equivalent thereafter. The gasoline gallon equivalent and method of sale for compressed natural gas shall be as published by the National Institute of Standards and Technology in Handbooks 44 and 130, and supplements thereto or revisions thereof. In the absence of such standard or agreement, the gasoline gallon equivalent and method of sale for compressed natural gas shall be equal to five and sixty-six-hundredths pounds of compressed natural gas. All applicable provisions contained in this chapter governing administration, collections, and enforcement of the state motor fuel tax shall apply to the tax imposed on compressed natural gas, including but not limited to licensing, reporting, penalties, and interest;

(5) Liquefied natural gas fuel, five cents per diesel gallon equivalent until December 31, 2019, eleven cents per diesel gallon equivalent from January 1, 2020, until December 31, 2024, and then seventeen

cents per diesel gallon equivalent thereafter. The diesel gallon equivalent and method of sale for liquefied natural gas shall be as published by the National Institute of Standards and Technology in Handbooks 44 and 130, and supplements thereto or revisions thereof. In the absence of such standard or agreement, the diesel gallon equivalent and method of sale for liquefied natural gas shall be equal to six and six-hundredths pounds of liquefied natural gas. All applicable provisions contained in this chapter governing administration, collections, and enforcement of the state motor fuel tax shall apply to the tax imposed on liquefied natural gas, including but not limited to licensing, reporting, penalties, and interest;

(6) Propane gas fuel, five cents per gallon until December 31, 2019, eleven cents per gallon from January 1, 2020, until December 31, 2024, and then seventeen cents per gallon thereafter. All applicable provisions contained in this chapter governing administration, collection, and enforcement of the state motor fuel tax shall apply to the tax imposed on propane gas including, but not limited to, licensing, reporting, penalties, and interest;

(7) If a natural gas, compressed natural gas, liquefied natural gas, electric, or propane connection is used for fueling motor vehicles and for another use, such as heating, the tax imposed by this section shall apply to the entire amount of natural gas, compressed natural gas, liquefied natural gas, electricity, or propane used unless an approved separate metering and accounting system is in place.

2. All taxes, surcharges and fees are imposed upon the ultimate consumer, but are to be precollected as described in this chapter, for the facility and convenience of the consumer. The levy and assessment on other persons as specified in this chapter shall be as agents of this state for the precollection of the tax.

[3. In addition to any tax collected under subdivision (1) of subsection 1 of this section, the following tax is levied and imposed on all motor fuel used or consumed in this state, subject to the exemption on tax liability set forth in section 142.822: from October 1, 2021, to June 30, 2022, two and a half cents per gallon; from July 1, 2022, to June 30, 2023, five cents per gallon; from July 1, 2023, to June 30, 2024, seven and a half cents per gallon; from July 1, 2024, to June 30, 2025, ten cents per gallon; and on and after July 1, 2025, twelve and a half cents per gallon.]

142.822. 1. Motor fuel used for purposes of propelling motor vehicles on highways shall be exempt from the fuel tax collected under subsection 3 of section 142.803, and an exemption and refund may be claimed by the taxpayer if the tax has been paid and no refund has been previously issued, provided that the taxpayer applies for the exemption and refund as specified in this section. The exemption and refund shall be issued on a fiscal year basis to each person who pays the fuel tax collected under subsection 3 of section 142.803 and who claims an exemption and refund in accordance with this section, and shall apply so that the fuel taxpayer has no liability for the tax collected in that fiscal year under subsection 3 of section 142.803.

2. To claim an exemption and refund in accordance with this section, a person shall present to the director a statement containing a written verification that the claim is made under penalty of perjury and that states the total fuel tax paid in the applicable fiscal year for each vehicle for which the exemption and refund is claimed. The claim shall not be transferred or assigned, and shall be filed on or after July first, but not later than September thirtieth, following the fiscal year for which the exemption and refund is claimed. The claim statement may be submitted electronically, and shall at a minimum include the following information:

- (1) Vehicle identification number of the motor vehicle into which the motor fuel was delivered;
- (2) Date of sale;
- (3) Name and address of purchaser;
- (4) Name and address of seller;
- (5) Number of gallons purchased; and
- (6) Number of gallons purchased and charged Missouri fuel tax, as a separate item.

3. Every person shall maintain and keep records supporting the claim statement filed with the department of revenue for a period of three years to substantiate all claims for exemption and refund of the motor fuel tax, together with invoices, original sales receipts marked paid by the seller, bills of lading, and other pertinent records and paper as may be required by the director for reasonable administration of this chapter.

4. The director may make any investigation necessary before issuing an exemption and refund under this section, and may investigate an exemption and refund under this section after it has been issued and within the time frame for making adjustments to the tax pursuant to this chapter.

5. If an exemption and refund is not issued within forty-five days of an accurate and complete filing, as required by this chapter, the director shall pay interest at the rate provided in section 32.065 accruing after the expiration of the forty-five-day period until the date the exemption and refund is issued.

6. The exemption and refund specified in this section shall be available only with regard to motor fuel delivered into a motor vehicle with a gross weight, as defined in section 301.010, of twenty-six thousand pounds or less.

7. The director shall promulgate rules as necessary to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2021, shall be invalid and void.

FIRST REGULAR SESSION

FIFTIETH DAY - WEDNESDAY, APRIL 12, 2023

The Senate met pursuant to adjournment.

Senator Rowden in the Chair.

Senator Eslinger offered the following prayer:

“As for the rich in this present age, charge them not to be haughty, nor to set their hopes on the uncertainty of riches, but on God, who richly provides us with everything to enjoy. They are to do good, to be rich in good works, to be generous and ready to share, thus storing up treasure for themselves as a good foundation for the future, so that they may take hold of that which is truly life.” (1 Timothy 6:17-19)

Lord, may You bless us with charity to be good stewards. May you bless us with kindness to always care for others. And finally, may you give us the wisdom to remember that a society grows great when leaders plant trees, the shade of which they'll never sit in.

The Pledge of Allegiance to the Flag was recited.

SENATE AMENDMENT NO. 4

Amend Senate Substitute for Senate Committee Substitute for Senate Bill No. 228, Page 1, Section A, Line 4, by inserting after all of said line the following:

“167.181. 1. The department of health and senior services, after consultation with the department of elementary and secondary education, shall promulgate rules and regulations governing the immunization against poliomyelitis, rubella, rubeola, mumps, tetanus, pertussis, diphtheria, and hepatitis B, to be required of children attending public, private, parochial or parish schools. Such rules and regulations may modify the immunizations that are required of children in this subsection, **but shall not be modified to include immunization against SARS-CoV-2 (COVID-19) or require any mRNA vaccine.** The immunizations required and the manner and frequency of their administration shall conform to recognized standards of medical practice. The department of health and senior services shall supervise and secure the enforcement of the required immunization program.

2. It is unlawful for any student to attend school unless he has been immunized as required under the rules and regulations of the department of health and senior services, and can provide satisfactory evidence of such immunization; except that if he produces satisfactory evidence of having begun the process of immunization, he may continue to attend school as long as the immunization process is being accomplished in the prescribed manner. It is unlawful for any parent or guardian to refuse or neglect to have his child immunized as required by this section, unless the child is properly exempted.

3. This section shall not apply to any child if one parent or guardian objects in writing to his school administrator against the immunization of the child, because of religious beliefs or medical contraindications. In cases where any such objection is for reasons of medical contraindications, a statement from a duly licensed physician must also be provided to the school administrator.

4. Each school superintendent, whether of a public, private, parochial or parish school, shall cause to be prepared a record showing the immunization status of every child enrolled in or attending a school under his jurisdiction. The name of any parent or guardian who neglects or refuses to permit a nonexempted child to be immunized against diseases as required by the rules and regulations promulgated pursuant to the provisions of this section shall be reported by the school superintendent to the department of health and senior services.

5. The immunization required may be done by any duly licensed physician or by someone under his direction. If the parent or guardian is unable to pay, the child shall be immunized at public expense by a

physician or nurse at or from the county, district, city public health center or a school nurse or by a nurse or physician in the private office or clinic of the child's personal physician with the costs of immunization paid through the state Medicaid program, private insurance or in a manner to be determined by the department of health and senior services subject to state and federal appropriations, and after consultation with the school superintendent and the advisory committee established in section 192.630. When a child receives his or her immunization, the treating physician may also administer the appropriate fluoride treatment to the child's teeth.

6. Funds for the administration of this section and for the purchase of vaccines for children of families unable to afford them shall be appropriated to the department of health and senior services from general revenue or from federal funds if available.

7. No rule or portion of a rule promulgated under the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of chapter 536. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2001, shall be invalid and void.”; and

Further amend said bill, page 9, section 190.613, line 28, by inserting after all of said line the following:

“210.003. 1. No child shall be permitted to enroll in or attend any public, private or parochial day care center, preschool or nursery school caring for ten or more children unless such child has been adequately immunized against vaccine-preventable childhood illnesses specified by the department of health and senior services in accordance with recommendations of the Centers for Disease Control and Prevention Advisory Committee on Immunization Practices (ACIP), **but not including SARS-CoV-2 (COVID-19) or any illness requiring a mRNA vaccine.** The parent or guardian of such child shall provide satisfactory evidence of the required immunizations.

2. A child who has not completed all immunizations appropriate for his or her age may enroll, if:

(1) Satisfactory evidence is produced that such child has begun the process of immunization. The child may continue to attend as long as the immunization process is being accomplished according to the ACIP/Missouri department of health and senior services recommended schedule;

(2) The parent or guardian has signed and placed on file with the day care administrator a statement of exemption which may be either of the following:

(a) A medical exemption, by which a child shall be exempted from the requirements of this section upon certification by a licensed physician that such immunization would seriously endanger the child's health or life; or

(b) A parent or guardian exemption, by which a child shall be exempted from the requirements of this section if one parent or guardian files a written objection to immunization with the day care administrator; or

(3) The child is homeless or in the custody of the children's division and cannot provide satisfactory evidence of the required immunizations. Satisfactory evidence shall be presented within thirty days of enrollment and shall confirm either that the child has completed all immunizations appropriate for his or her age or has begun the process of immunization. If the child has begun the process of immunization, he or she may continue to attend as long as the process is being accomplished according to the schedule recommended by the department of health and senior services.

Exemptions shall be accepted by the day care administrator when the necessary information as determined by the department of health and senior services is filed with the day care administrator by the parent or guardian. Exemption forms shall be provided by the department of health and senior services.

3. In the event of an outbreak or suspected outbreak of a vaccine-preventable disease within a particular facility, the administrator of the facility shall follow the control measures instituted by the local health authority or the department of health and senior services or both the local health authority and the department of health and senior services, as established in Rule 19 CSR 20-20.040, "Measures for the Control of Communicable, Environmental and Occupational Diseases".

4. The administrator of each public, private or parochial day care center, preschool or nursery school shall cause to be prepared a record of immunization of every child enrolled in or attending a facility under his or her jurisdiction. An annual summary report shall be made by January fifteenth showing the immunization status of each child enrolled, using forms provided for this purpose by the department of health and senior services. The immunization records shall be available for review by department of health and senior services personnel upon request.

5. For purposes of this section, "satisfactory evidence of immunization" means a statement, certificate or record from a physician or other recognized health facility or personnel, stating that the required immunizations have been given to the child and verifying the type of vaccine and the month, day and year of administration.

6. Nothing in this section shall preclude any political subdivision from adopting more stringent rules regarding the immunization of preschool children.

7. All public, private, and parochial day care centers, preschools, and nursery schools shall notify the parent or guardian of each child at the time of initial enrollment in or attendance at the facility that the parent or guardian may request notice of whether there are children currently enrolled in or attending the facility for whom an immunization exemption has been filed. Beginning December 1, 2015, all public, private, and parochial day care centers, preschools, and nursery schools shall notify the parent or guardian of each child currently enrolled in or attending the facility that the parent or guardian may request notice of whether there are children currently enrolled in or attending the facility for whom an immunization exemption has been filed. Any public, private, or parochial day care center, preschool, or nursery school shall notify the parent or guardian of a child enrolled in or attending the facility, upon request, of whether there are children currently enrolled in or attending the facility for whom an immunization exemption has been filed."; and

SENATE AMENDMENT NO. 1

Amend Senate Substitute for Senate Committee Substitute for Senate Bill No. 413, Page 1, In the Title, Lines 3-4, by striking “tax credits for investments in certain Missouri businesses” and inserting in lieu thereof the following: “taxation”; and

Further amend said bill and page, Section A, line 3, by inserting after all of said line the following:

“32.115. 1. The department of revenue shall grant a tax credit, to be applied in the following order until used, against:

- (1) The annual tax on gross premium receipts of insurance companies in chapter 148;
- (2) The tax on banks determined pursuant to subdivision (2) of subsection 2 of section 148.030;
- (3) The tax on banks determined in subdivision (1) of subsection 2 of section 148.030;
- (4) The tax on other financial institutions in chapter 148;
- (5) The corporation franchise tax in chapter 147;
- (6) The state income tax in chapter 143; and
- (7) The annual tax on gross receipts of express companies in chapter 153.

2. For proposals approved pursuant to section 32.110:

(1) The amount of the tax credit shall not exceed [fifty] **seventy** percent of the total amount contributed during the taxable year by the business firm or, in the case of a financial institution, where applicable, during the relevant income period in programs approved pursuant to section 32.110;

(2) Except as provided in subsection 2 or 5 of this section, a tax credit of up to seventy percent may be allowed for contributions to programs where activities fall within the scope of special program priorities as defined with the approval of the governor in regulations promulgated by the director of the department of economic development;

(3) Except as provided in subsection 2 or 5 of this section, the tax credit allowed for contributions to programs located in any community shall be equal to seventy percent of the total amount contributed where such community is a city, town or village which has fifteen thousand or less inhabitants as of the last decennial census and is located in a county which is either located in:

(a) An area that is not part of a standard metropolitan statistical area;

(b) A standard metropolitan statistical area but such county has only one city, town or village which has more than fifteen thousand inhabitants; or

(c) A standard metropolitan statistical area and a substantial number of persons in such county derive their income from agriculture.

Such community may also be in an unincorporated area in such county as provided in subdivision (1), (2) or (3) of this subsection. Except in no case shall the total economic benefit of the combined federal and state tax savings to the taxpayer exceed the amount contributed by the taxpayer during the tax year;

(4) Such tax credit allocation, equal to seventy percent of the total amount contributed, shall not exceed four million dollars in fiscal year 1999 and six million dollars in fiscal year 2000 and any subsequent fiscal year. When the maximum dollar limit on the seventy percent tax credit allocation is committed, the tax credit allocation for such programs shall then be equal to fifty percent credit of the total amount contributed. Regulations establishing special program priorities are to be promulgated during the first month of each fiscal year and at such times during the year as the public interest dictates. Such credit shall not exceed two hundred and fifty thousand dollars annually except as provided in subdivision (5) of this subsection. No tax credit shall be approved for any bank, bank and trust company, insurance company, trust company, national bank, savings association, or building and loan association for activities that are a part of its normal course of business. Any tax credit not used in the period the contribution was made may be carried over the next five succeeding calendar or fiscal years until the full credit has been claimed. Except as otherwise provided for proposals approved pursuant to section 32.111, 32.112 or 32.117, in no event shall the total amount of all other tax credits allowed pursuant to sections 32.100 to 32.125 exceed thirty-two million dollars in any one fiscal year, of which six million shall be credits allowed pursuant to section 135.460. If six million dollars in credits are not approved, then the remaining credits may be used for programs approved pursuant to sections 32.100 to 32.125;

(5) The credit may exceed two hundred fifty thousand dollars annually and shall not be limited if community services, crime prevention, education, job training, physical revitalization or economic development, as defined by section 32.105, is rendered in an area defined by federal or state law as an

impoverished, economically distressed, or blighted area or as a neighborhood experiencing problems endangering its existence as a viable and stable neighborhood, or if the community services, crime prevention, education, job training, physical revitalization or economic development is limited to impoverished persons.

3. For proposals approved pursuant to section 32.111:

(1) The amount of the tax credit shall not exceed [fifty-five] **seventy** percent of the total amount invested in affordable housing assistance activities or market rate housing in distressed communities as defined in section 135.530 by a business firm. Whenever such investment is made in the form of an equity investment or a loan, as opposed to a donation alone, tax credits may be claimed only where the loan or equity investment is accompanied by a donation which is eligible for federal income tax charitable deduction, and where the total value of the tax credits herein plus the value of the federal income tax charitable deduction is less than or equal to the value of the donation. Any tax credit not used in the period for which the credit was approved may be carried over the next ten succeeding calendar or fiscal years until the full credit has been allowed. If the affordable housing units or market rate housing units in distressed communities for which a tax is claimed are within a larger structure, parts of which are not the subject of a tax credit claim, then expenditures applicable to the entire structure shall be reduced on a prorated basis in proportion to the ratio of the number of square feet devoted to the affordable housing units or market rate housing units in distressed communities, for purposes of determining the amount of the tax credit. The total amount of tax credit granted for programs approved pursuant to section 32.111 for the fiscal year beginning July 1, 1991, shall not exceed two million dollars, to be increased by no more than two million dollars each succeeding fiscal year, until the total tax credits that may be approved reaches ten million dollars in any fiscal year;

(2) For any year during the compliance period indicated in the land use restriction agreement, the owner of the affordable housing rental units for which a credit is being claimed shall certify to the commission that all tenants renting claimed units are income eligible for affordable housing units and that the rentals for each claimed unit are in compliance with the provisions of sections 32.100 to 32.125. The commission is authorized, in its discretion, to audit the records and accounts of the owner to verify such certification;

(3) In the case of owner-occupied affordable housing units, the qualifying owner occupant shall, before the end of the first year in which credits are claimed, certify to the commission that the occupant is income eligible during the preceding two years, and at the time of the initial purchase contract, but not thereafter. The qualifying owner occupant shall further certify to the commission, before the end of the first year in which credits are claimed, that during the compliance period indicated in the land use restriction agreement, the cost of the affordable housing unit to the occupant for the claimed unit can reasonably be projected to be in compliance with the provisions of sections 32.100 to 32.125. Any succeeding owner occupant acquiring the affordable housing unit during the compliance period indicated in the land use restriction agreement shall make the same certification;

(4) If at any time during the compliance period the commission determines a project for which a proposal has been approved is not in compliance with the applicable provisions of sections 32.100 to 32.125 or rules promulgated therefor, the commission may within one hundred fifty days of notice to the owner either seek injunctive enforcement action against the owner, or seek legal damages against the

owner representing the value of the tax credits, or foreclose on the lien in the land use restriction agreement, selling the project at a public sale, and paying to the owner the proceeds of the sale, less the costs of the sale and less the value of all tax credits allowed herein. The commission shall remit to the director of revenue the portion of the legal damages collected or the sale proceeds representing the value of the tax credits. However, except in the event of intentional fraud by the taxpayer, the proposal's certificate of eligibility for tax credits shall not be revoked.

4. For proposals approved pursuant to section 32.112, the amount of the tax credit shall not exceed [fifty-five] **seventy** percent of the total amount contributed to a neighborhood organization by business firms. Any tax credit not used in the period for which the credit was approved may be carried over the next ten succeeding calendar or fiscal years until the full credit has been allowed. The total amount of tax credit granted for programs approved pursuant to section 32.112 shall not exceed one million dollars for each fiscal year.

5. The total amount of tax credits used for market rate housing in distressed communities pursuant to sections 32.100 to 32.125 shall not exceed thirty percent of the total amount of all tax credits authorized pursuant to sections 32.111 and 32.112.

135.327. 1. Any person residing in this state who legally adopts a special needs child on or after January 1, 1988, and before January 1, 2000, shall be eligible to receive a tax credit of up to ten thousand dollars for nonrecurring adoption expenses for each child adopted that may be applied to taxes due under chapter 143. Any business entity providing funds to an employee to enable that employee to legally adopt a special needs child shall be eligible to receive a tax credit of up to ten thousand dollars for nonrecurring adoption expenses for each child adopted that may be applied to taxes due under such business entity's state tax liability, except that only one ten thousand dollar credit is available for each special needs child that is adopted.

2. Any person residing in this state who proceeds in good faith with the adoption of a special needs child on or after January 1, 2000, and before January 1, 2022, shall be eligible to receive a tax credit of up to ten thousand dollars for nonrecurring adoption expenses for each child that may be applied to taxes due under chapter 143; provided, however, that beginning on March 29, 2013, the tax credits shall only be allocated for the adoption of special needs children who are residents or wards of residents of this state at the time the adoption is initiated. Any business entity providing funds to an employee to enable that employee to proceed in good faith with the adoption of a special needs child shall be eligible to receive a tax credit of up to ten thousand dollars for nonrecurring adoption expenses for each child that may be applied to taxes due under such business entity's state tax liability, except that only one ten thousand dollar credit is available for each special needs child that is adopted.

3. Any person residing in this state who proceeds in good faith with the adoption of a child on or after January 1, 2022, regardless of whether such child is a special needs child, shall be eligible to receive a tax credit of up to ten thousand dollars for nonrecurring adoption expenses for each child that may be applied to taxes due under chapter 143. The tax credit shall be allowed regardless of whether the child adopted is a resident or ward of a resident of this state at the time the adoption is initiated; however, **for tax years ending on or before December 31, 2023**, priority shall be given to applications to claim the tax credit for special needs children who are residents or wards of residents of this state at the time the adoption is initiated. Any business entity providing funds to an employee to enable that employee to proceed in good

faith with the adoption of a child shall be eligible to receive a tax credit of up to ten thousand dollars for nonrecurring adoption expenses for each child that may be applied to taxes due under such business entity's state tax liability; except that, only one credit, up to ten thousand dollars, shall be available for each child who is adopted.

4. Individuals and business entities may claim a tax credit for their total nonrecurring adoption expenses in each year that the expenses are incurred. A claim for fifty percent of the credit shall be allowed when the child is placed in the home. A claim for the remaining fifty percent shall be allowed when the adoption is final. The total of these tax credits shall not exceed the maximum limit of ten thousand dollars per child. The cumulative amount of tax credits which may be claimed by taxpayers claiming the credit for nonrecurring adoption expenses in any one fiscal year prior to July 1, 2004, shall not exceed two million dollars. The cumulative amount of tax credits that may be claimed by taxpayers claiming the credit for nonrecurring adoption expenses shall not be more than two million dollars but may be increased by appropriation in any fiscal year beginning on or after July 1, 2004, and ending on or before June 30, 2021. The cumulative amount of tax credits that may be claimed by taxpayers claiming the credit for nonrecurring adoption expenses shall not exceed six million dollars in any fiscal year beginning on or after July 1, 2021, **and ending on or before June 30, 2023. For all fiscal years beginning on or after July 1, 2023, there shall be no limit imposed on the cumulative amount of tax credits that may be claimed by taxpayers claiming the credit for nonrecurring adoption expenses.** For all fiscal years beginning on or after July 1, 2006, applications to claim the adoption tax credit shall be filed between July first and April fifteenth of each fiscal year.

5. Notwithstanding any provision of law to the contrary, any individual or business entity may assign, transfer or sell tax credits allowed in this section. Any sale of tax credits claimed pursuant to this section shall be at a discount rate of seventy-five percent or greater of the amount sold.

135.331. No credit shall be allowable for the adoption of any child who has attained the age of eighteen, unless it has been determined that the child has a medical condition or [handicap] **disability** that would limit the child's ability to live independently of the adoptive parents.

135.333. 1. **(1) For all tax years ending on or before December 31, 2023,** any amount of tax credit which exceeds the tax due or which is applied for and otherwise eligible for issuance but not issued shall not be refunded but may be carried over to any subsequent taxable year, not to exceed a total of five years for which a tax credit may be taken for each child adopted.

(2) For all tax years beginning on or after January 1, 2024, any amount of tax credit that is issued and which exceeds the tax due shall be refunded to the taxpayer.

2. Tax credits that are assigned, transferred or sold as allowed in section 135.327 may be assigned, transferred or sold in their entirety notwithstanding the taxpayer's tax due.

135.460. 1. This section and sections 620.1100 and 620.1103 shall be known and may be cited as the "Youth Opportunities and Violence Prevention Act".

2. As used in this section, the term "taxpayer" shall include corporations as defined in section 143.441 or 143.471, any charitable organization which is exempt from federal income tax and whose Missouri unrelated business taxable income, if any, would be subject to the state income tax imposed under chapter 143, and individuals, individual proprietorships and partnerships.

3. A taxpayer shall be allowed a tax credit against the tax otherwise due pursuant to chapter 143, excluding withholding tax imposed by sections 143.191 to 143.265, chapter 147, chapter 148, or chapter 153 in an amount equal to thirty percent for property contributions and [fifty] **seventy** percent for monetary contributions of the amount such taxpayer contributed to the programs described in subsection 5 of this section, not to exceed two hundred thousand dollars per taxable year, per taxpayer; except as otherwise provided in subdivision (5) of subsection 5 of this section. The department of economic development shall prescribe the method for claiming the tax credits allowed in this section. No rule or portion of a rule promulgated under the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of chapter 536. All rulemaking authority delegated prior to June 27, 1997, is of no force and effect and repealed; however, nothing in this section shall be interpreted to repeal or affect the validity of any rule filed or adopted prior to June 27, 1997, if such rule complied with the provisions of chapter 536. The provisions of this section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, including the ability to review, to delay the effective date, or to disapprove and annul a rule or portion of a rule, are subsequently held unconstitutional, then the purported grant of rulemaking authority and any rule so proposed and contained in the order of rulemaking shall be invalid and void.

4. The tax credits allowed by this section shall be claimed by the taxpayer to offset the taxes that become due in the taxpayer's tax period in which the contribution was made. Any tax credit not used in such tax period may be carried over the next five succeeding tax periods.

5. The tax credit allowed by this section may only be claimed for monetary or property contributions to public or private programs authorized to participate pursuant to this section by the department of economic development and may be claimed for the development, establishment, implementation, operation, and expansion of the following activities and programs:

(1) An adopt-a-school program. Components of the adopt-a-school program shall include donations for school activities, seminars, and functions; school-business employment programs; and the donation of property and equipment of the corporation to the school;

(2) Expansion of programs to encourage school dropouts to reenter and complete high school or to complete a graduate equivalency degree program;

(3) Employment programs. Such programs shall initially, but not exclusively, target unemployed youth living in poverty and youth living in areas with a high incidence of crime;

(4) New or existing youth clubs or associations;

(5) Employment/internship/apprenticeship programs in business or trades for persons less than twenty years of age, in which case the tax credit claimed pursuant to this section shall be equal to one-half of the amount paid to the intern or apprentice in that tax year, except that such credit shall not exceed ten thousand dollars per person;

8. The tax credit allowed by this section shall apply to all taxable years beginning after December 31, 1995.

9. For the purposes of the credits described in this section, in the case of a corporation described in section 143.471, partnership, limited liability company described in section 347.015, cooperative, marketing enterprise, or partnership, in computing Missouri's tax liability, such credits shall be allowed to the following:

- (1) The shareholders of the corporation described in section 143.471;
- (2) The partners of the partnership;
- (3) The members of the limited liability company; and
- (4) Individual members of the cooperative or marketing enterprise.

Such credits shall be apportioned to the entities described in subdivisions (1) and (2) of this subsection in proportion to their share of ownership on the last day of the taxpayer's tax period.”; and

Further amend the title and enacting clause accordingly.

Senator Roberts moved that the above amendment be adopted, which motion prevailed.

Senator Schroer offered SA 2:

SENATE AMENDMENT NO. 2

Amend Senate Substitute for Senate Committee Substitute for Senate Bill No. 413, Page 1, In the Title, Lines 3-4, by striking all of said lines and inserting in lieu thereof the following: “sections relating to taxation.”; and

Further amend said bill and page, Section A, line 3, by inserting after all of said line the following:

“115.240. The election authority for any political subdivision or special district shall label ballot measures relating to taxation that are submitted by such political subdivision or special district to

a vote of the people numerically or alphabetically in the order in which they are submitted. No such ballot measure shall be labeled in a descriptive manner aside from its numerical or alphabetical designation. Election authorities may coordinate with each other, or with the secretary of state, to maintain a database or other record to facilitate numerical or alphabetical assignment.

116.225. Political subdivisions or special districts of this state shall label ballot measures of any type that are submitted to a vote of the people alphabetically in the order in which they are submitted by petition, ordinance, vote of a political subdivision or special district, or other method authorized by law. The secretary of state shall label statutory initiative and referendum measures with the letters A through I. The county governing body, unless otherwise specified by a county charter, shall label county ballot measures with the letters J through R, and the governing body of each city, town, village, township, or special district local ballot measures with the letters S through Z. Each official or governing body described in this section shall label the first ballot measure in each category with the first letter in the sequence designated for that category, and so on consecutively through the last letter designated for the category, and then begin labeling with the first letter for the category followed by an “A” and so on. A new series of letters shall be started after each election. In the event a measure is labeled prior to but not voted on at the next succeeding election, the letter or number assigned to such measure shall not be reassigned until after such measure has been voted on by the people.

137.067. Notwithstanding any provision of law to the contrary, any ballot measure seeking approval to add, change, or modify a tax on real property shall express the effect of the proposed change within the ballot language in terms of the change in real dollars owed per one hundred thousand dollars of a property's market valuation.

137.073. 1. As used in this section, the following terms mean:

(1) “General reassessment”, changes in value, entered in the assessor's books, of a substantial portion of the parcels of real property within a county resulting wholly or partly from reappraisal of value or other actions of the assessor or county equalization body or ordered by the state tax commission or any court;

(2) “Tax rate”, “rate”, or “rate of levy”, singular or plural, includes the tax rate for each purpose of taxation of property a taxing authority is authorized to levy without a vote and any tax rate authorized by election, including bond interest and sinking fund;

(3) “Tax rate ceiling”, a tax rate as revised by the taxing authority to comply with the provisions of this section or when a court has determined the tax rate; except that, other provisions of law to the contrary notwithstanding, a school district may levy the operating levy for school purposes required for the current year pursuant to subsection 2 of section 163.021, less all adjustments required pursuant to Article X, Section 22 of the Missouri Constitution, if such tax rate does not exceed the highest tax rate in effect subsequent to the 1980 tax year. This is the maximum tax rate that may be levied, unless a higher tax rate ceiling is approved by voters of the political subdivision as provided in this section;

(4) “Tax revenue”, when referring to the previous year, means the actual receipts from ad valorem levies on all classes of property, including state-assessed property, in the immediately preceding fiscal year of the political subdivision, plus an allowance for taxes billed but not collected in the fiscal year and plus an additional allowance for the revenue which would have been collected from property which was

annexed by such political subdivision but which was not previously used in determining tax revenue pursuant to this section. The term "tax revenue" shall not include any receipts from ad valorem levies on any property of a railroad corporation or a public utility, as these terms are defined in section 386.020, which were assessed by the assessor of a county or city in the previous year but are assessed by the state tax commission in the current year. All school districts and those counties levying sales taxes pursuant to chapter 67 shall include in the calculation of tax revenue an amount equivalent to that by which they reduced property tax levies as a result of sales tax pursuant to section 67.505 and section 164.013 or as excess home dock city or county fees as provided in subsection 4 of section 313.820 in the immediately preceding fiscal year but not including any amount calculated to adjust for prior years. For purposes of political subdivisions which were authorized to levy a tax in the prior year but which did not levy such tax or levied a reduced rate, the term "tax revenue", as used in relation to the revision of tax levies mandated by law, shall mean the revenues equal to the amount that would have been available if the voluntary rate reduction had not been made.

2. Whenever changes in assessed valuation are entered in the assessor's books for any personal property, in the aggregate, or for any subclass of real property as such subclasses are established in Section 4(b) of Article X of the Missouri Constitution and defined in section 137.016, the county clerk in all counties and the assessor of St. Louis City shall notify each political subdivision wholly or partially within the county or St. Louis City of the change in valuation of each subclass of real property, individually, and personal property, in the aggregate, exclusive of new construction and improvements. All political subdivisions shall immediately revise the applicable rates of levy for each purpose for each subclass of real property, individually, and personal property, in the aggregate, for which taxes are levied to the extent necessary to produce from all taxable property, exclusive of new construction and improvements, substantially the same amount of tax revenue as was produced in the previous year for each subclass of real property, individually, and personal property, in the aggregate, except that the rate shall not exceed the greater of the most recent voter-approved rate or the most recent voter-approved rate as adjusted under subdivision (2) of subsection 5 of this section. Any political subdivision that has received approval from voters for a tax increase after August 27, 2008, may levy a rate to collect substantially the same amount of tax revenue as the amount of revenue that would have been derived by applying the voter-approved increased tax rate ceiling to the total assessed valuation of the political subdivision as most recently certified by the city or county clerk on or before the date of the election in which such increase is approved, increased by the percentage increase in the consumer price index, as provided by law, except that the rate shall not exceed the greater of the most recent voter-approved rate or the most recent voter-approved rate as adjusted under subdivision (2) of subsection 5 of this section. Such tax revenue shall not include any receipts from ad valorem levies on any real property which was assessed by the assessor of a county or city in such previous year but is assessed by the assessor of a county or city in the current year in a different subclass of real property. Where the taxing authority is a school district for the purposes of revising the applicable rates of levy for each subclass of real property, the tax revenues from state-assessed railroad and utility property shall be apportioned and attributed to each subclass of real property based on the percentage of the total assessed valuation of the county that each subclass of real property represents in the current taxable year. As provided in Section 22 of Article X of the constitution, a political subdivision may also revise each levy to allow for inflationary assessment growth occurring within the political subdivision. The inflationary growth factor for any such subclass of real property or personal property shall be limited to the actual assessment growth in such subclass or class, exclusive of new construction

and improvements, and exclusive of the assessed value on any real property which was assessed by the assessor of a county or city in the current year in a different subclass of real property, but not to exceed the consumer price index or five percent, whichever is lower. Should the tax revenue of a political subdivision from the various tax rates determined in this subsection be different than the tax revenue that would have been determined from a single tax rate as calculated pursuant to the method of calculation in this subsection prior to January 1, 2003, then the political subdivision shall revise the tax rates of those subclasses of real property, individually, and/or personal property, in the aggregate, in which there is a tax rate reduction, pursuant to the provisions of this subsection. Such revision shall yield an amount equal to such difference and shall be apportioned among such subclasses of real property, individually, and/or personal property, in the aggregate, based on the relative assessed valuation of the class or subclasses of property experiencing a tax rate reduction. Such revision in the tax rates of each class or subclass shall be made by computing the percentage of current year adjusted assessed valuation of each class or subclass with a tax rate reduction to the total current year adjusted assessed valuation of the class or subclasses with a tax rate reduction, multiplying the resulting percentages by the revenue difference between the single rate calculation and the calculations pursuant to this subsection and dividing by the respective adjusted current year assessed valuation of each class or subclass to determine the adjustment to the rate to be levied upon each class or subclass of property. The adjustment computed herein shall be multiplied by one hundred, rounded to four decimals in the manner provided in this subsection, and added to the initial rate computed for each class or subclass of property. For school districts that levy separate tax rates on each subclass of real property and personal property in the aggregate, if voters approved a ballot before January 1, 2011, that presented separate stated tax rates to be applied to the different subclasses of real property and personal property in the aggregate, or increases the separate rates that may be levied on the different subclasses of real property and personal property in the aggregate by different amounts, the tax rate that shall be used for the single tax rate calculation shall be a blended rate, calculated in the manner provided under subdivision (1) of subsection 6 of this section. Notwithstanding any provision of this subsection to the contrary, no revision to the rate of levy for personal property shall cause such levy to increase over the levy for personal property from the prior year.

3. (1) Where the taxing authority is a school district, it shall be required to revise the rates of levy to the extent necessary to produce from all taxable property, including state-assessed railroad and utility property, which shall be separately estimated in addition to other data required in complying with section 164.011, substantially the amount of tax revenue permitted in this section. In the year following tax rate reduction, the tax rate ceiling may be adjusted to offset such district's reduction in the apportionment of state school moneys due to its reduced tax rate. However, in the event any school district, in calculating a tax rate ceiling pursuant to this section, requiring the estimating of effects of state-assessed railroad and utility valuation or loss of state aid, discovers that the estimates used result in receipt of excess revenues, which would have required a lower rate if the actual information had been known, the school district shall reduce the tax rate ceiling in the following year to compensate for the excess receipts, and the recalculated rate shall become the tax rate ceiling for purposes of this section.

(2) For any political subdivision which experiences a reduction in the amount of assessed valuation relating to a prior year, due to decisions of the state tax commission or a court pursuant to sections 138.430 to 138.433, or due to clerical errors or corrections in the calculation or recordation of any assessed valuation:

(a) Such political subdivision may revise the tax rate ceiling for each purpose it levies taxes to compensate for the reduction in assessed value occurring after the political subdivision calculated the tax rate ceiling for the particular subclass of real property or for personal property, in the aggregate, in a prior year. Such revision by the political subdivision shall be made at the time of the next calculation of the tax rate for the particular subclass of real property or for personal property, in the aggregate, after the reduction in assessed valuation has been determined and shall be calculated in a manner that results in the revised tax rate ceiling being the same as it would have been had the corrected or finalized assessment been available at the time of the prior calculation;

(b) In addition, for up to three years following the determination of the reduction in assessed valuation as a result of circumstances defined in this subdivision, such political subdivision may levy a tax rate for each purpose it levies taxes above the revised tax rate ceiling provided in paragraph (a) of this subdivision to recoup any revenues it was entitled to receive had the corrected or finalized assessment been available at the time of the prior calculation.

4. (1) In order to implement the provisions of this section and Section 22 of Article X of the Constitution of Missouri, the term improvements shall apply to both real and personal property. In order to determine the value of new construction and improvements, each county assessor shall maintain a record of real property valuations in such a manner as to identify each year the increase in valuation for each political subdivision in the county as a result of new construction and improvements. The value of new construction and improvements shall include the additional assessed value of all improvements or additions to real property which were begun after and were not part of the prior year's assessment, except that the additional assessed value of all improvements or additions to real property which had been totally or partially exempt from ad valorem taxes pursuant to sections 99.800 to 99.865, sections 135.200 to 135.255, and section 353.110 shall be included in the value of new construction and improvements when the property becomes totally or partially subject to assessment and payment of all ad valorem taxes. The aggregate increase in valuation of personal property for the current year over that of the previous year is the equivalent of the new construction and improvements factor for personal property. Notwithstanding any opt-out implemented pursuant to subsection 14 of section 137.115, the assessor shall certify the amount of new construction and improvements and the amount of assessed value on any real property which was assessed by the assessor of a county or city in such previous year but is assessed by the assessor of a county or city in the current year in a different subclass of real property separately for each of the three subclasses of real property for each political subdivision to the county clerk in order that political subdivisions shall have this information for the purpose of calculating tax rates pursuant to this section and Section 22, Article X, Constitution of Missouri. In addition, the state tax commission shall certify each year to each county clerk the increase in the general price level as measured by the Consumer Price Index for All Urban Consumers for the United States, or its successor publications, as defined and officially reported by the United States Department of Labor, or its successor agency. The state tax commission shall certify the increase in such index on the latest twelve-month basis available on February first of each year over the immediately preceding prior twelve-month period in order that political subdivisions shall have this information available in setting their tax rates according to law and Section 22 of Article X of the Constitution of Missouri. For purposes of implementing the provisions of this section and Section 22 of Article X of the Missouri Constitution, the term "property" means all taxable property, including state-assessed property.

(2) Each political subdivision required to revise rates of levy pursuant to this section or Section 22 of Article X of the Constitution of Missouri shall calculate each tax rate it is authorized to levy and, in establishing each tax rate, shall consider each provision for tax rate revision provided in this section and Section 22 of Article X of the Constitution of Missouri, separately and without regard to annual tax rate reductions provided in section 67.505 and section 164.013. Each political subdivision shall set each tax rate it is authorized to levy using the calculation that produces the lowest tax rate ceiling. It is further the intent of the general assembly, pursuant to the authority of Section 10(c) of Article X of the Constitution of Missouri, that the provisions of such section be applicable to tax rate revisions mandated pursuant to Section 22 of Article X of the Constitution of Missouri as to reestablishing tax rates as revised in subsequent years, enforcement provisions, and other provisions not in conflict with Section 22 of Article X of the Constitution of Missouri. Annual tax rate reductions provided in section 67.505 and section 164.013 shall be applied to the tax rate as established pursuant to this section and Section 22 of Article X of the Constitution of Missouri, unless otherwise provided by law.

5. (1) In all political subdivisions, the tax rate ceiling established pursuant to this section shall not be increased unless approved by a vote of the people. Approval of the higher tax rate shall be by at least a majority of votes cast. When a proposed higher tax rate requires approval by more than a simple majority pursuant to any provision of law or the constitution, the tax rate increase must receive approval by at least the majority required.

(2) When voters approve an increase in the tax rate, the amount of the increase shall be added to the tax rate ceiling as calculated pursuant to this section to the extent the total rate does not exceed any maximum rate prescribed by law. If a ballot question presents a stated tax rate for approval rather than describing the amount of increase in the question, the stated tax rate approved shall be adjusted as provided in this section and, so adjusted, shall be the current tax rate ceiling. The increased tax rate ceiling as approved shall be adjusted such that when applied to the current total assessed valuation of the political subdivision, excluding new construction and improvements since the date of the election approving such increase, the revenue derived from the adjusted tax rate ceiling is equal to the sum of: the amount of revenue which would have been derived by applying the voter-approved increased tax rate ceiling to total assessed valuation of the political subdivision, as most recently certified by the city or county clerk on or before the date of the election in which such increase is approved, increased by the percentage increase in the consumer price index, as provided by law. Such adjusted tax rate ceiling may be applied to the total assessed valuation of the political subdivision at the setting of the next tax rate. If a ballot question presents a phased-in tax rate increase, upon voter approval, each tax rate increase shall be adjusted in the manner prescribed in this section to yield the sum of: the amount of revenue that would be derived by applying such voter-approved increased rate to the total assessed valuation, as most recently certified by the city or county clerk on or before the date of the election in which such increase was approved, increased by the percentage increase in the consumer price index, as provided by law, from the date of the election to the time of such increase and, so adjusted, shall be the current tax rate ceiling.

(3) The provisions of subdivision (2) of this subsection notwithstanding, if, prior to the expiration of a temporary levy increase, voters approve a subsequent levy increase, the new tax rate ceiling shall remain in effect only until such time as the temporary levy expires under the terms originally approved by a vote of the people, at which time the tax rate ceiling shall be decreased by the amount of the temporary levy increase. If, prior to the expiration of a temporary levy increase,

voters of a political subdivision are asked to approve an additional, permanent increase to the political subdivision's tax rate ceiling, voters shall be submitted ballot language that clearly indicates that if the permanent levy increase is approved, the temporary levy shall be made permanent.

(4) The governing body of any political subdivision may levy a tax rate lower than its tax rate ceiling and may, in a nonreassessment year, increase that lowered tax rate to a level not exceeding the tax rate ceiling without voter approval in the manner provided under subdivision [(4)] (5) of this subsection. Nothing in this section shall be construed as prohibiting a political subdivision from voluntarily levying a tax rate lower than that which is required under the provisions of this section or from seeking voter approval of a reduction to such political subdivision's tax rate ceiling.

[(4)] (5) In a year of general reassessment, a governing body whose tax rate is lower than its tax rate ceiling shall revise its tax rate pursuant to the provisions of subsection 4 of this section as if its tax rate was at the tax rate ceiling. In a year following general reassessment, if such governing body intends to increase its tax rate, the governing body shall conduct a public hearing, and in a public meeting it shall adopt an ordinance, resolution, or policy statement justifying its action prior to setting and certifying its tax rate. The provisions of this subdivision shall not apply to any political subdivision which levies a tax rate lower than its tax rate ceiling solely due to a reduction required by law resulting from sales tax collections. The provisions of this subdivision shall not apply to any political subdivision which has received voter approval for an increase to its tax rate ceiling subsequent to setting its most recent tax rate.

6. (1) For the purposes of calculating state aid for public schools pursuant to section 163.031, each taxing authority which is a school district shall determine its proposed tax rate as a blended rate of the classes or subclasses of property. Such blended rate shall be calculated by first determining the total tax revenue of the property within the jurisdiction of the taxing authority, which amount shall be equal to the sum of the products of multiplying the assessed valuation of each class and subclass of property by the corresponding tax rate for such class or subclass, then dividing the total tax revenue by the total assessed valuation of the same jurisdiction, and then multiplying the resulting quotient by a factor of one hundred. Where the taxing authority is a school district, such blended rate shall also be used by such school district for calculating revenue from state-assessed railroad and utility property as defined in chapter 151 and for apportioning the tax rate by purpose.

(2) Each taxing authority proposing to levy a tax rate in any year shall notify the clerk of the county commission in the county or counties where the tax rate applies of its tax rate ceiling and its proposed tax rate. Each taxing authority shall express its proposed tax rate in a fraction equal to the nearest one-tenth of a cent, unless its proposed tax rate is in excess of one dollar, then one/one-hundredth of a cent. If a taxing authority shall round to one/one-hundredth of a cent, it shall round up a fraction greater than or equal to five/one-thousandth of one cent to the next higher one/one-hundredth of a cent; if a taxing authority shall round to one-tenth of a cent, it shall round up a fraction greater than or equal to five/one-hundredths of a cent to the next higher one-tenth of a cent. Any taxing authority levying a property tax rate shall provide data, in such form as shall be prescribed by the state auditor by rule, substantiating such tax rate complies with Missouri law. All forms for the calculation of rates pursuant to this section shall be promulgated as a rule and shall not be incorporated by reference. The state auditor shall promulgate rules for any and all forms for the calculation of rates pursuant to this section which do not currently exist in rule form or that have been incorporated by reference. In addition, each taxing authority proposing to

levy a tax rate for debt service shall provide data, in such form as shall be prescribed by the state auditor by rule, substantiating the tax rate for debt service complies with Missouri law. A tax rate proposed for annual debt service requirements will be prima facie valid if, after making the payment for which the tax was levied, bonds remain outstanding and the debt fund reserves do not exceed the following year's payments. The county clerk shall keep on file and available for public inspection all such information for a period of three years. The clerk shall, within three days of receipt, forward a copy of the notice of a taxing authority's tax rate ceiling and proposed tax rate and any substantiating data to the state auditor. The state auditor shall, within fifteen days of the date of receipt, examine such information and return to the county clerk his or her findings as to compliance of the tax rate ceiling with this section and as to compliance of any proposed tax rate for debt service with Missouri law. If the state auditor believes that a taxing authority's proposed tax rate does not comply with Missouri law, then the state auditor's findings shall include a recalculated tax rate, and the state auditor may request a taxing authority to submit documentation supporting such taxing authority's proposed tax rate. The county clerk shall immediately forward a copy of the auditor's findings to the taxing authority and shall file a copy of the findings with the information received from the taxing authority. The taxing authority shall have fifteen days from the date of receipt from the county clerk of the state auditor's findings and any request for supporting documentation to accept or reject in writing the rate change certified by the state auditor and to submit all requested information to the state auditor. A copy of the taxing authority's acceptance or rejection and any information submitted to the state auditor shall also be mailed to the county clerk. If a taxing authority rejects a rate change certified by the state auditor and the state auditor does not receive supporting information which justifies the taxing authority's original or any subsequent proposed tax rate, then the state auditor shall refer the perceived violations of such taxing authority to the attorney general's office and the attorney general is authorized to obtain injunctive relief to prevent the taxing authority from levying a violative tax rate.

(3) In the event that the taxing authority incorrectly completes the forms created and promulgated under subdivision (2) of this subsection, or makes a clerical error, the taxing authority may submit amended forms with an explanation for the needed changes. If such amended forms are filed under regulations prescribed by the state auditor, the state auditor shall take into consideration such amended forms for the purposes of this subsection.

7. No tax rate shall be extended on the tax rolls by the county clerk unless the political subdivision has complied with the foregoing provisions of this section.

8. Whenever a taxpayer has cause to believe that a taxing authority has not complied with the provisions of this section, the taxpayer may make a formal complaint with the prosecuting attorney of the county. Where the prosecuting attorney fails to bring an action within ten days of the filing of the complaint, the taxpayer may bring a civil action pursuant to this section and institute an action as representative of a class of all taxpayers within a taxing authority if the class is so numerous that joinder of all members is impracticable, if there are questions of law or fact common to the class, if the claims or defenses of the representative parties are typical of the claims or defenses of the class, and if the representative parties will fairly and adequately protect the interests of the class. In any class action maintained pursuant to this section, the court may direct to the members of the class a notice to be published at least once each week for four consecutive weeks in a newspaper of general circulation published in the county where the civil action is commenced and in other counties within the jurisdiction

of a taxing authority. The notice shall advise each member that the court will exclude him or her from the class if he or she so requests by a specified date, that the judgment, whether favorable or not, will include all members who do not request exclusion, and that any member who does not request exclusion may, if he or she desires, enter an appearance. In any class action brought pursuant to this section, the court, in addition to the relief requested, shall assess against the taxing authority found to be in violation of this section the reasonable costs of bringing the action, including reasonable attorney's fees, provided no attorney's fees shall be awarded any attorney or association of attorneys who receive public funds from any source for their services. Any action brought pursuant to this section shall be set for hearing as soon as practicable after the cause is at issue.

9. If in any action, including a class action, the court issues an order requiring a taxing authority to revise the tax rates as provided in this section or enjoins a taxing authority from the collection of a tax because of its failure to revise the rate of levy as provided in this section, any taxpayer paying his or her taxes when an improper rate is applied has erroneously paid his or her taxes in part, whether or not the taxes are paid under protest as provided in section 139.031 or otherwise contested. The part of the taxes paid erroneously is the difference in the amount produced by the original levy and the amount produced by the revised levy. The township or county collector of taxes or the collector of taxes in any city shall refund the amount of the tax erroneously paid. The taxing authority refusing to revise the rate of levy as provided in this section shall make available to the collector all funds necessary to make refunds pursuant to this subsection. No taxpayer shall receive any interest on any money erroneously paid by him or her pursuant to this subsection. Effective in the 1994 tax year, nothing in this section shall be construed to require a taxing authority to refund any tax erroneously paid prior to or during the third tax year preceding the current tax year.

10. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void.”; and

Further amend the title and enacting clause accordingly.

Senator Schroer moved that the above amendment be adopted, which motion prevailed.

Senator Eigel offered **SA 3**:

SENATE AMENDMENT NO. 3

Amend Senate Substitute for Senate Committee Substitute for Senate Bill No. 413, Page 1, In the Title, Lines 3-4, by striking “tax credits for investments in certain Missouri businesses” and inserting in lieu thereof the following: “taxation”; and

Further amend said bill and page, Section A, line 3, by inserting after all of said line the following:

“137.115. 1. All other laws to the contrary notwithstanding, the assessor or the assessor's deputies in all counties of this state including the City of St. Louis shall annually make a list of all real and tangible

personal property taxable in the assessor's city, county, town or district. Except as otherwise provided in subsection 3 of this section and section 137.078, **for all calendar years ending on or before December 31, 2023**, the assessor shall annually assess all personal property at thirty-three and one-third percent of its true value in money as of January first of each calendar year. **Except as otherwise provided in subsection 3 of this section and section 137.078, for all calendar years beginning on or after January 1, 2024, the assessor shall annually assess all personal property at thirty-one percent of its true value in money as of January first of each calendar year.** The assessor shall annually assess all real property, including any new construction and improvements to real property, and possessory interests in real property at the percent of its true value in money set in subsection 5 of this section. The true value in money of any possessory interest in real property in subclass (3), where such real property is on or lies within the ultimate airport boundary as shown by a federal airport layout plan, as defined by 14 CFR 151.5, of a commercial airport having a FAR Part 139 certification and owned by a political subdivision, shall be the otherwise applicable true value in money of any such possessory interest in real property, less the total dollar amount of costs paid by a party, other than the political subdivision, towards any new construction or improvements on such real property completed after January 1, 2008, and which are included in the above-mentioned possessory interest, regardless of the year in which such costs were incurred or whether such costs were considered in any prior year. The assessor shall annually assess all real property in the following manner: new assessed values shall be determined as of January first of each odd-numbered year and shall be entered in the assessor's books; those same assessed values shall apply in the following even-numbered year, except for new construction and property improvements which shall be valued as though they had been completed as of January first of the preceding odd-numbered year. The assessor may call at the office, place of doing business, or residence of each person required by this chapter to list property, and require the person to make a correct statement of all taxable tangible personal property owned by the person or under his or her care, charge or management, taxable in the county. On or before January first of each even-numbered year, the assessor shall prepare and submit a two-year assessment maintenance plan to the county governing body and the state tax commission for their respective approval or modification. The county governing body shall approve and forward such plan or its alternative to the plan to the state tax commission by February first. If the county governing body fails to forward the plan or its alternative to the plan to the state tax commission by February first, the assessor's plan shall be considered approved by the county governing body. If the state tax commission fails to approve a plan and if the state tax commission and the assessor and the governing body of the county involved are unable to resolve the differences, in order to receive state cost-share funds outlined in section 137.750, the county or the assessor shall petition the administrative hearing commission, by May first, to decide all matters in dispute regarding the assessment maintenance plan. Upon agreement of the parties, the matter may be stayed while the parties proceed with mediation or arbitration upon terms agreed to by the parties. The final decision of the administrative hearing commission shall be subject to judicial review in the circuit court of the county involved. In the event a valuation of subclass (1) real property within any county with a charter form of government, or within a city not within a county, is made by a computer, computer-assisted method or a computer program, the burden of proof, supported by clear, convincing and cogent evidence to sustain such valuation, shall be on the assessor at any hearing or appeal. In any such county, unless the assessor proves otherwise, there shall be a presumption that the assessment was made by a computer, computer-assisted method or a computer program. Such evidence shall include, but shall not be limited to, the following:

(1) The findings of the assessor based on an appraisal of the property by generally accepted appraisal techniques; and

(2) The purchase prices from sales of at least three comparable properties and the address or location thereof. As used in this subdivision, the word “comparable” means that:

(a) Such sale was closed at a date relevant to the property valuation; and

(b) Such properties are not more than one mile from the site of the disputed property, except where no similar properties exist within one mile of the disputed property, the nearest comparable property shall be used. Such property shall be within five hundred square feet in size of the disputed property, and resemble the disputed property in age, floor plan, number of rooms, and other relevant characteristics.

2. Assessors in each county of this state and the City of St. Louis may send personal property assessment forms through the mail.

3. The following items of personal property shall each constitute separate subclasses of tangible personal property and shall be assessed and valued for the purposes of taxation at the following percentages of their true value in money, **except as provided in subsection 9 of this section**:

(1) Grain and other agricultural crops in an unmanufactured condition, one-half of one percent;

(2) Livestock, twelve percent;

(3) Farm machinery, twelve percent;

(4) Motor vehicles which are eligible for registration as and are registered as historic motor vehicles pursuant to section 301.131 and aircraft which are at least twenty-five years old and which are used solely for noncommercial purposes and are operated less than two hundred hours per year or aircraft that are home built from a kit, five percent;

Manufactured homes, as defined in section 700.010, which are actually used as dwelling units shall be assessed at the same percentage of true value as residential real property for the purpose of taxation. The percentage of assessment of true value for such manufactured homes shall be the same as for residential real property. If the county collector cannot identify or find the manufactured home when attempting to attach the manufactured home for payment of taxes owed by the manufactured home owner, the county collector may request the county commission to have the manufactured home removed from the tax books, and such request shall be granted within thirty days after the request is made; however, the removal from the tax books does not remove the tax lien on the manufactured home if it is later identified or found. For purposes of this section, a manufactured home located in a manufactured home rental park, rental community or on real estate not owned by the manufactured home owner shall be considered personal property. For purposes of this section, a manufactured home located on real estate owned by the manufactured home owner may be considered real property.

8. Any amount of tax due and owing based on the assessment of a manufactured home shall be included on the personal property tax statement of the manufactured home owner unless the manufactured home is deemed to be real estate as defined in subsection 7 of section 442.015, in which case the amount of tax due and owing on the assessment of the manufactured home as a realty improvement to the existing real estate parcel shall be included on the real property tax statement of the real estate owner.

The assessor shall not use a value that is greater than the average trade-in value in determining the true value of the motor vehicle without performing a physical inspection of the motor vehicle. For vehicles two years old or newer from a vehicle's model year, the assessor may use a value other than average without performing a physical inspection of the motor vehicle. In the absence of a listing for a particular motor vehicle in such publication, the assessor shall use such information or publications which in the assessor's judgment will fairly estimate the true value in money of the motor vehicle.] **manufacturer's suggested retail price for the year of manufacture of a motor vehicle or farm machinery, and shall apply the following depreciation schedule to such value to determine the motor vehicle's or farm machinery's true value in money:**

The state tax commission shall, with the assistance of the Missouri state assessor's association, develop the bid specifications to secure the original manufacturer's suggested retail price from a nationally recognized service. The cost of the guide and programming necessary to allow valuation by vehicle identification number in all certified mass appraisal software systems used in the state shall be paid out of a county's assessment fund established pursuant to section 137.750 if the balance in such fund is in excess of one hundred thousand dollars. If the balance in such fund is less than or equal to one hundred thousand dollars, such costs shall be paid by an appropriation secured by the state tax commission from the general assembly. The state tax commission or the state of Missouri shall be the registered user of the value guide with rights to allow all assessors access to the guide and to an online site. Counties shall be responsible for renewals and annual software costs of preparing the data in a usable format for approved personal property software vendors in the state if the balance in such county's assessment fund is in excess of one hundred thousand dollars. If the balance in such fund is less than or equal to one hundred thousand dollars, the state of Missouri or the state tax commission shall be responsible for such renewals and annual software costs. If a county creates its own software, it shall meet the same standards as the approved vendors. The data shall be available to all vendors by August fifteenth annually. All vendors shall have the data available for use in their client counties by October first prior to the January first assessment date. When the manufacturer's suggested retail price data is not available from the approved source or the assessor deems it not appropriate for the vehicle value he or she is valuing, the assessor may obtain a manufacturer's suggested retail price from a source he or she deems reliable and apply the depreciation schedule set out above.

10. Before the assessor may increase the assessed valuation of any parcel of subclass (1) real property by more than fifteen percent since the last assessment, excluding increases due to new construction or improvements, the assessor shall conduct a physical inspection of such property.

11. If a physical inspection is required, pursuant to subsection 10 of this section, the assessor shall notify the property owner of that fact in writing and shall provide the owner clear written notice of the owner's rights relating to the physical inspection. If a physical inspection is required, the property owner may request that an interior inspection be performed during the physical inspection. The owner shall have no less than thirty days to notify the assessor of a request for an interior physical inspection.

12. A physical inspection, as required by subsection 10 of this section, shall include, but not be limited to, an on-site personal observation and review of all exterior portions of the land and any buildings and improvements to which the inspector has or may reasonably and lawfully gain external access, and shall include an observation and review of the interior of any buildings or improvements on the property upon the timely request of the owner pursuant to subsection 11 of this section. Mere observation of the property via a drive-by inspection or the like shall not be considered sufficient to constitute a physical inspection as required by this section.

No county or city collector may charge surcharge for payment by credit card which exceeds the fee or surcharge charged by the credit card bank, processor, or issuer for its service. Such exempt child care provider may claim a refund of the tax credit on its tax return required to be filed under the provisions of chapter 143, exclusive of the return for the withholding of tax under sections 143.191 to 143.265. The department of revenue shall prescribe such forms, instructions, and rules as it deems appropriate to carry out the provisions of this subsection.

7. (1) The cumulative amount of tax credits authorized pursuant to this section shall not exceed twenty million dollars for each calendar year. 9. All action and communication undertaken or required with respect to this section shall be exempt from section 105.1500. Notwithstanding section 32.057 or any other tax confidentiality law to the contrary, the department of revenue may disclose tax information to the department for the purpose of the verification of a child care provider's eligible employer withholding tax under this section.

10. The department may promulgate rules and adopt statements of policy, procedures, forms and guidelines to implement and administer the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created pursuant to the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2023, shall be invalid and void.

11. Pursuant to section 23.253 of the Missouri sunset act:

(1) The program authorized under this section shall expire on December 31, 2029, unless reauthorized by the general assembly;

(2) The act shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset;

(3) If such program is reauthorized, the program authorized under this section shall automatically sunset six years after the effective date of the reauthorization of this section; and

(4) The provisions of this subsection shall not be construed to limit or in any way impair the department of revenue's ability to redeem tax credits authorized on or before the date the program authorized pursuant to this section expires or a taxpayer's ability to redeem such tax credits.”

If any school is dismissed because of inclement weather after school has been in session for three hours, that day shall count as a school day including afternoon session kindergarten students. When the aggregate hours lost in a term due to inclement weather decreases the total hours of the school term below the required minimum number of hours by more than twelve hours for all-day students or six hours for one-half-day kindergarten students, all such hours below the minimum must be made up in one-half day or full day additions to the term, except as provided in section 171.033. In school year 2019-20 and subsequent years, **for schools with a four-day school week**, one thousand forty-four hours of actual pupil attendance with no minimum number of school days shall be required for each pupil or group of pupils; except that, the board shall provide a minimum of five hundred twenty-two hours of actual pupil attendance in a term for kindergarten pupils with no minimum number of school days;

2. For the 2006-07 school year and thereafter, no school district shall receive more state aid, as calculated under subsections 1 and 2 of section 163.031, for its education program, exclusive of categorical add-ons, than it received per weighted average daily attendance for the school year 2005-06 from the foundation formula, line 14, gifted, remedial reading, exceptional pupil aid, fair share, and free textbook payment amounts, unless it has an operating levy for school purposes, as determined pursuant to section 163.011, of not less than two dollars and seventy-five cents after all adjustments and reductions. Any district which is required, pursuant to Article X, Section 22 of the Missouri Constitution, to reduce its operating levy below the minimum tax rate otherwise required under this subsection shall not be construed to be in violation of this subsection for making such tax rate reduction. extended period in any school year, the apportionment of school funds and all other distribution of school moneys shall be made on the basis of the school year next preceding the year in which such condition existed.

2. For the 2006-07 school year and thereafter, no school district shall receive more state aid, as calculated under subsections 1 and 2 of section 163.031, for its education program, exclusive of categorical add-ons, than it received per weighted average daily attendance for the school year 2005-06 from the foundation formula, line 14, gifted, remedial reading, exceptional pupil aid, fair share, and free textbook payment amounts, unless it has an operating levy for school purposes, as determined pursuant to section 163.011, of not less than two dollars and seventy-five cents after all adjustments and reductions. Any district which is required, pursuant to Article X, Section 22 of the Missouri Constitution, to reduce its operating levy below the minimum tax rate otherwise required under this subsection shall not be construed to be in violation of this subsection for making such tax rate reduction. Pursuant to Section 10(c) of Article X of the state constitution, a school district may levy the operating levy for school purposes required by this subsection less all adjustments required pursuant to Article X, Section 22 of the Missouri Constitution if such rate does not exceed the highest tax rate in effect subsequent to the 1980 tax year. 4. No school district shall receive state aid, pursuant to section 163.031, if such district was not in compliance, during the preceding school year, with the requirement, established pursuant to section 160.530 to allocate revenue to the professional development committee of the district.

Any school district that levies an operating levy for school purposes that is less than the performance levy, as such term is defined in section 163.011, shall provide written notice to the department of elementary and secondary education asserting that the district is providing an adequate education to the students of such district. If a school district asserts that it is not providing an adequate

education to its students, such inadequacy shall be deemed to be a result of insufficient local effort. The provisions of this subsection shall not apply to any special district established under sections 162.815 to 162.940.”; and

Further amend said bill, page 27, section 163.201, line 68, by inserting after all of said line the following:

“171.028. 1. 2. (1) A school board may adopt the provisions of subsection 1 of this section by referring to the qualified voters of the school district a ballot measure authorizing the same. Such proposal shall be referred to the qualified voters of the school district upon a majority vote of the members elected to the school board. Upon such adoption by the school board, the measure shall be submitted to the qualified voters at the next date available for public elections pursuant to chapter 115 and by July first of the school year in which the four-day school week is proposed to commence. (2) The question submitted by the school board pursuant to this subsection shall be in substantially the following form:

3. Upon adoption of a four-day school week, any school district that adopts a four-day school week shall file a calendar with the department of elementary and secondary education in accordance with the provisions of section 171.031.

171.031. 1. Each school board shall prepare annually a calendar for the school term, specifying the opening date, days of planned attendance, and providing a minimum term of at least one hundred seventy-four days for schools with a five-day school week or one hundred forty-two days for schools with a four-day school week, and one thousand forty-four hours of actual pupil attendance. In school year 2019-20 and subsequent years, **for schools with a four-day school week**, one thousand forty-four hours of actual pupil attendance shall be required for the school term with no minimum number of school days. In addition, such calendar shall include six make-up days for possible loss of attendance due to inclement weather as defined in subsection 1 of section 171.033. 2. Each local school district may set its opening date each year, which date shall be no earlier than fourteen calendar days prior to the first Monday in September. No public school district shall select an earlier start date unless, for calendars for school years before school year 2020-21, the district follows the procedure set forth in subsection 3 of this section. The procedure set forth in subsection 3 of this section shall be unavailable to school districts in preparing their calendars for school year 2020-21 and for subsequent years.

3. For calendars for school years before school year 2020-21, a district may set an opening date that is more than fourteen calendar days prior to the first Monday in September only if the local school board first gives public notice of a public meeting to discuss the proposal of opening school on a date more than fourteen days prior to the first Monday in September, and the local school board holds said meeting and, at the same public meeting, a majority of the board votes to allow an earlier opening date. If all of the previous conditions are met, the district may set its opening date more than fourteen calendar days prior to the first Monday in September. The condition provided in this subsection must be satisfied by the local school board each year that the board proposes an opening date more than fourteen days before the first Monday in September.

4. If any local district violates the provisions of this section, the department of elementary and secondary education shall withhold an amount equal to one quarter of the state funding the district generated under section 163.031 for each date the district was in violation of this section.

5. The provisions of subsections 2 to 4 of this section shall not apply to school districts in which school is in session for twelve months of each calendar year.

6. The state board of education may grant an exemption from this section to a school district that demonstrates highly unusual and extenuating circumstances justifying exemption from the provisions of subsections 2 to 4 of this section. Any exemption granted by the state board of education shall be valid for one academic year only.

171.033. 1. "Inclement weather", for purposes of this section, shall be defined as ice, snow, extreme cold, excessive heat, flooding, or a tornado.

2. (1) A district shall be required to make up the first six days of school lost or cancelled due to inclement weather and half the number of days lost or cancelled in excess of six days if the makeup of the days is necessary to ensure that the district's students will attend a minimum [of one hundred forty-two days and a minimum of one thousand forty-four hours for the school year] **school term, as the term**

“school term” is defined in section 160.011, except as otherwise provided in this section. Schools with a four-day school week may schedule such make-up days on Fridays.

3. (1) In the 2009-10 school year and subsequent years, a school district may be exempt from the requirement to make up days of school lost or cancelled due to inclement weather in the school district when the school district has made up the six days required under subsection 2 of this section and half the number of additional lost or cancelled days up to eight days, resulting in no more than ten total make-up days required by this section.

A district that has used such alternative methods of instruction for thirty-six hours during a school year shall be required, notwithstanding subsections 2 and 3 of this section, to make up any subsequent hours of school lost or cancelled due to exceptional or emergency circumstances during such school year.

(4) The department of elementary and secondary education shall give districts with approved alternative methods of instruction plans credit for the hours in which they use alternative methods of instruction by considering such hours as hours in which school was actually in session.

The department may request the attendance of stakeholders and district officials to review the district's plan to return to accredited status, if any; offer technical assistance; and facilitate and coordinate community resources. (b) **Upon failure of the district to be classified as provisionally or fully accredited for at least two successive academic years, the state board of education shall require the special administrative board to establish a specific plan and timeline for achieving accreditation, and determine an alternative [governing] educational or academic structure for the district including, at a minimum:**

9. If the state board of education reasonably believes that a school district is unlikely to provide for the minimum school term required by section 163.021 because of financial difficulty, the state board of education may, prior to the start of the school term:

(1) Allow continued governance by the existing district school board under terms and conditions established by the state board of education; or

(2) [Lapse the corporate organization] **Suspend the governing or managing authority of the elected school board members** of the district and implement one of the options available under subdivision (2) of subsection 3 of this section.

10. The provisions of subsection 9 of this section shall not apply to any district solely on the basis of financial difficulty resulting from paying tuition and providing transportation for transfer students under sections 167.895 and 167.898.

[(1) All final terms of office for members of the special administrative board established under this section shall expire on June thirtieth.]

[(2) The election of a successor member shall occur on the general municipal election day immediately prior to the expiration of the final term of office.]

[(3) The election shall be conducted in a manner consistent with the election laws applicable to the school district.]

[3.] Nothing in [this] section **162.081** shall be construed as barring an otherwise qualified member of the special administrative board from standing for an elected term on the board, **upon the dissolution of the special administrative board or upon his or her resignation from the special administrative board.**

[4.] **2. Not later than six full school years following appointment of the special administrative board,** on a date set by the state board of education, any district operating under the governance of a special administrative board shall return to local governance, and continue operation as a school district as otherwise authorized by law.”; and

SENATE AMENDMENT NO. 2

Amend Senate Bill No. 275, Page 1, In the Title, Lines 2-3, by striking “a sales tax exemption for electricity” and inserting in lieu thereof the following: “utilities”; and

Further amend said bill and page, section 144.058, line 16, by inserting after all of said line the following:

“393.1030. 1. The commission shall, in consultation with the department, prescribe by rule a portfolio requirement for all electric utilities to generate or purchase electricity generated from renewable energy resources. Such portfolio requirement shall provide that electricity from renewable energy resources shall constitute the following portions of each electric utility's sales:

- (1) No less than two percent for calendar years 2011 through 2013;
- (2) No less than five percent for calendar years 2014 through 2017;
- (3) No less than ten percent for calendar years 2018 through 2020; and
- (4) No less than fifteen percent in each calendar year beginning in 2021.

At least two percent of each portfolio requirement shall be derived from solar energy. The portfolio requirements shall apply to all power sold to Missouri consumers whether such power is self-generated or purchased from another source in or outside of this state. A utility may comply with the standard in whole

or in part by purchasing RECs. Each kilowatt-hour of eligible energy generated in Missouri shall count as 1.25 kilowatt-hours for purposes of compliance.

2. (1) This subsection applies to electric utilities with more than two hundred fifty thousand but less than one million retail customers in Missouri as of the end of calendar year 2022.

(2) Energy meeting the criteria of the renewable energy portfolio requirements set forth in subsection 1 of this section that is generated from renewable energy resources and contracted for by an accelerated renewable buyer shall:

(a) Have all associated renewable energy certificates retired by the accelerated renewable buyer, or on their behalf, and the certificates shall not be used to meet the electric utility's portfolio requirements pursuant to subsection 1 of this section;

(b) Be excluded from the total electric utility's sales used to determine the portfolio requirements pursuant to subsection 1 of this section; and

(c) Be used to offset all or a portion of its electric load for purposes of determining compliance with the portfolio requirements pursuant to subsection 1 of this section.

(3) The accelerated renewable buyer shall be exempt from any renewable energy standard compliance costs as may be established by the utility and approved by the commission, based on the amount of renewable energy certificates retired pursuant to this subsection in proportion to the accelerated renewable buyer's total electric energy consumption, on an annual basis.

(4) An "accelerated renewable buyer" means a customer of an electric utility, with an aggregate load over eighty average megawatts, that enters into a contract or contracts to obtain:

(a) Renewable energy certificates from renewable energy resources as defined in section 393.1025; or

(b) Energy and renewable energy certificates from solar or wind generation resources located within the Southwest Power Pool or Midcontinent Independent System Operator regions and initially placed in commercial operation after January 1, 2020, including any contract with the electric utility for such generation resources that does not allocate to or recover from any other customer of the utility the cost of such resources.

(5) Each electric utility shall certify, and verify as necessary, to the commission that the accelerated renewable buyer has satisfied the exemption requirements of this subsection for each year, or an accelerated renewable buyer may choose to certify satisfaction of this exemption by reporting to the commission individually. The commission may promulgate such rules and regulations as may be necessary to implement the provisions of this subsection. Nothing in this section shall be construed as imposing or authorizing the imposition of any reporting, regulatory, or financial burden on an accelerated renewable buyer.

3. The commission, in consultation with the department and within one year of November 4, 2008, shall select a program for tracking and verifying the trading of renewable energy credits. An unused credit may exist for up to three years from the date of its creation. A credit may be used only once to comply with sections 393.1020 to 393.1030 and may not also be used to satisfy any similar nonfederal

requirement. An electric utility may not use a credit derived from a green pricing program. Certificates from net-metered sources shall initially be owned by the customer-generator. The commission, except where the department is specified, shall make whatever rules are necessary to enforce the renewable energy standard. Such rules shall include:

(1) A maximum average retail rate increase of one percent determined by estimating and comparing the electric utility's cost of compliance with least-cost renewable generation and the cost of continuing to generate or purchase electricity from entirely nonrenewable sources, taking into proper account future environmental regulatory risk including the risk of greenhouse gas regulation. Notwithstanding the foregoing, until June 30, 2020, if the maximum average retail rate increase would be less than or equal to one percent if an electric utility's investment in solar-related projects initiated, owned or operated by the electric utility is ignored for purposes of calculating the increase, then additional solar rebates shall be paid and included in rates in an amount up to the amount that would produce a retail rate increase equal to the difference between a one percent retail rate increase and the retail rate increase calculated when ignoring an electric utility's investment in solar-related projects initiated, owned, or operated by the electric utility. Notwithstanding any provision to the contrary in this section, even if the payment of additional solar rebates will produce a maximum average retail rate increase of greater than one percent when an electric utility's investment in solar-related projects initiated, owned or operated by the electric utility are included in the calculation, the additional solar rebate costs shall be included in the prudently incurred costs to be recovered as contemplated by subdivision (4) of this subsection;

(2) Penalties of at least twice the average market value of renewable energy credits for the compliance period for failure to meet the targets of subsection 1 of this section. An electric utility will be excused if it proves to the commission that failure was due to events beyond its reasonable control that could not have been reasonably mitigated, or that the maximum average retail rate increase has been reached. Penalties shall not be recovered from customers. Amounts forfeited under this section shall be remitted to the department to purchase renewable energy credits needed for compliance. Any excess forfeited revenues shall be used by the division of energy solely for renewable energy and energy efficiency projects;

(3) Provisions for an annual report to be filed by each electric utility in a format sufficient to document its progress in meeting the targets;

(4) Provision for recovery outside the context of a regular rate case of prudently incurred costs and the pass-through of benefits to customers of any savings achieved by an electrical corporation in meeting the requirements of this section.

[3.] 4. As provided for in this section, except for those electrical corporations that qualify for an exemption under section 393.1050, each electric utility shall make available to its retail customers a solar rebate for new or expanded solar electric systems sited on customers' premises, up to a maximum of twenty-five kilowatts per system, measured in direct current that were confirmed by the electric utility to have become operational in compliance with the provisions of section 386.890. The solar rebates shall be two dollars per watt for systems becoming operational on or before June 30, 2014; one dollar and fifty cents per watt for systems becoming operational between July 1, 2014, and June 30, 2015; one dollar per watt for systems becoming operational between July 1, 2015, and June 30, 2016; fifty cents per watt for systems becoming operational between July 1, 2016, and June 30, 2017; fifty cents per watt for systems

becoming operational between July 1, 2017, and June 30, 2019; twenty-five cents per watt for systems becoming operational between July 1, 2019, and June 30, 2020; and zero cents per watt for systems becoming operational after June 30, 2020. An electric utility may, through its tariffs, require applications for rebates to be submitted up to one hundred eighty-two days prior to the June thirtieth operational date. Nothing in this section shall prevent an electrical corporation from offering rebates after July 1, 2020, through an approved tariff. If the electric utility determines the maximum average retail rate increase provided for in subdivision (1) of subsection [2] 3 of this section will be reached in any calendar year, the electric utility shall be entitled to cease paying rebates to the extent necessary to avoid exceeding the maximum average retail rate increase if the electrical corporation files with the commission to suspend its rebate tariff for the remainder of that calendar year at least sixty days prior to the change taking effect. The filing with the commission to suspend the electrical corporation's rebate tariff shall include the calculation reflecting that the maximum average retail rate increase will be reached and supporting documentation reflecting that the maximum average retail rate increase will be reached. The commission shall rule on the suspension filing within sixty days of the date it is filed. If the commission determines that the maximum average retail rate increase will be reached, the commission shall approve the tariff suspension. The electric utility shall continue to process and pay applicable solar rebates until a final commission ruling; however, if the continued payment causes the electric utility to pay rebates that cause it to exceed the maximum average retail rate increase, the expenditures shall be considered prudently incurred costs as contemplated by subdivision (4) of subsection [2] 3 of this section and shall be recoverable as such by the electric utility. As a condition of receiving a rebate, customers shall transfer to the electric utility all right, title, and interest in and to the renewable energy credits associated with the new or expanded solar electric system that qualified the customer for the solar rebate for a period of ten years from the date the electric utility confirmed that the solar electric system was installed and operational.

[4.] 5. The department shall, in consultation with the commission, establish by rule a certification process for electricity generated from renewable resources and used to fulfill the requirements of subsection 1 of this section. Certification criteria for renewable energy generation shall be determined by factors that include fuel type, technology, and the environmental impacts of the generating facility. Renewable energy facilities shall not cause undue adverse air, water, or land use impacts, including impacts associated with the gathering of generation feedstocks. If any amount of fossil fuel is used with renewable energy resources, only the portion of electrical output attributable to renewable energy resources shall be used to fulfill the portfolio requirements.

[5.] 6. In carrying out the provisions of this section, the commission and the department shall include methane generated from the anaerobic digestion of farm animal waste and thermal depolymerization or pyrolysis for converting waste material to energy as renewable energy resources for purposes of this section.

[6.] 7. The commission shall have the authority to promulgate rules for the implementation of this section, but only to the extent such rules are consistent with, and do not delay the implementation of, the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536

to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2013, shall be invalid and void.”; and

2. If an obligor fails to respond, without good cause, to a notice of intent to suspend a license[,] **or to** timely request a hearing or comply with a payment plan, [the obligor's defenses and objections shall be considered to be without merit and] the court or director may enter an order suspending the obligor's license and ordering the obligor to refrain from engaging in the licensed activity.

3. Upon timely receipt of a request for hearing from an obligor, the court or director shall schedule a hearing **that complies with due process** to determine if suspension of the obligor's license is appropriate **considering all relevant factors, including those factors listed in subsection 4 of this section**. The court or director shall stay suspension of the license pending the outcome of the hearing.

4. [If the action involves an arrearage, the only issues that may be determined in a hearing pursuant to this section are] **In determining whether the license suspension is appropriate under the circumstances, the court or director shall consider and issue written findings of fact and conclusions of law within thirty days following the hearing regarding the following:**

(1) The identity of the obligor;

(2) Whether the arrearage is in an amount greater than or equal to three months of support payments or two thousand five hundred dollars, whichever is less, by the date of service of a notice of intent to suspend; [and]

(3) Whether the obligor has entered a payment plan. If the action involves a failure to comply with a subpoena or order, the only issues that may be determined are the identity of the obligor and whether the obligor has complied with the subpoena or order;

(4) Whether the obligor had the ability to make the payments that are in arrearage;

- (5) Whether the obligor has the current ability to make the payments;**
- (6) The reasons the obligor needs the license, including, but not limited to:**
 - (a) Transportation of family members to and from work, school, or medical treatment;**
 - (b) Transportation of the obligor or family members to extra curricular activities; or**

- (11) Any other relevant factors that affect the obligor's ability to make the child support payments.**

5. If the court or director, after the hearing, determines that the obligor has failed to comply with the child support payment obligation and an arrearage exists in excess of two thousand five hundred dollars for good cause, then the court or director shall not issue an order suspending the obligor's license and ordering the obligor to refrain from engaging in the licensed activity or, if an order is in place, shall stay such order. Good cause may include loss of employment, excluding voluntarily quitting or a dismissal due to poor job performance or failure to meet a condition of employment; catastrophic illness or accident of the obligor or a family member; severe inclement weather, including a natural disaster; or the obligor experiences a family emergency or other life-changing event, including divorce or domestic violence. A decision by the court or director under this section not to issue an order suspending the obligor's license and ordering the obligor to refrain from engaging in the licensed activity shall not prevent a court or the director from issuing a new order suspending the license of the same obligor in the event of another arrearage if the obligor fails, without good cause, to comply with the support order or payment plan.

6. If the court or director, after hearing, determines that the obligor has failed, without good cause, to comply with any of the requirements in subsection 4 of this section, the court or director shall issue an order suspending the obligor's license and ordering the obligor to refrain from engaging in the licensed activity.

[6.] 7. The court or division shall send a copy of the order suspending a license to the licensing authority and the obligor by certified mail.

[7.] 8. The determination of the director, after a hearing pursuant to this section, shall be a final agency decision and shall be subject to judicial review pursuant to chapter 536. Administrative hearings held pursuant to this section shall be conducted by hearing officers appointed by the director of the department pursuant to subsection 1 of section 454.475.

[8.] **9.** A determination made by the court or division pursuant to this section is independent of any proceeding of the licensing authority to suspend, revoke, deny, terminate or renew a license.”; and

Further amend the title and enacting clause accordingly.

FIRST REGULAR SESSION

FIFTY-FIRST DAY - THURSDAY, APRIL 13, 2023

The Senate met pursuant to adjournment.

Senator Fitzwater offered the following prayer:

Dear Heavenly Father who dwells in and through everything, great is Your name! May Your will be done in these halls even toay, as we seek to redeem our days and Your world through grace and peace just as it is in heaven. Today, provide all the things we need to sustain a desire to glorify You, while allowing us the boldness to forgive and seek forgiveness for our wrongs, just as You've forgiven us. And please give us a clear vision, one that honors you and doesn't lead us down the wrong paths that only create hardship for ourselves and our state. For Yours is the kingdom, the power, and the glory forever and ever, Amen.

SENATE RESOLUTION NO. 348

Whereas, the shortage of health care providers in Missouri is a growing concern; and

Whereas, the long-term care community has identified a shortage of certified nurse assistants (CNAs) as a key factor in this problem; and

Whereas, the limited public testing availability is preventing individuals from becoming CNAs and entering the workforce, exacerbating the shortage of health care providers in this state; and

Whereas, the Department of Health and Senior Services has the authority and responsibility to address this issue by expanding testing sites and testing hours:

Now, Therefore, Be It Resolved that the members of the Missouri Senate, One Hundred Second General Assembly, First Regular Session, hereby urges the Missouri Department of Health and Senior Services Acting Director Paula F. Nickelson to take immediate action to expand testing sites and testing hours to increase the number of individuals who are able to become certified nurse assistants in Missouri; and

Be It Further Resolved that the Missouri Senate recognizes the critical role that CNAs play in the health care system, providing essential support to nurses and other health care providers and ensuring the safety and comfort of patients; and

Be It Further Resolved that the Missouri Senate notes the shortage of CNAs has been exacerbated by the COVID-19 pandemic, which has placed increased demand on health care providers and disrupted the normal operations of testing centers and educational institutions; and

Be It Further Resolved that the Missouri Senate calls on the Department to work with community partners, including health care facilities and educational institutions and the long-term care community, to identify and address any barriers to increasing the number of available testing sites and testing hours; and

Be It Further Resolved that the Missouri Senate encourages the Department to prioritize this issue as part of its efforts to address the shortage of health care providers in Missouri, recognizing that increasing the number of CNAs will not only benefit patients, but also create new job opportunities and contribute to all economic growth of the state; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare a properly inscribed copy of this resolution for the Acting Director of the Department of Health and Senior Services, Paula F. Nickelson.

Amend Senate Substitute for Senate Committee Substitute for Senate Bill No. 74, Page 1, In the Title, Lines 3-4, by striking the words “a driving while intoxicated diversion program” and inserting in lieu thereof the following: “criminal laws”; and

Further amend said bill, page 5, section 557.520, line 146 by inserting after all of said line the following:

“455.096. 1. In addition to any other jurisdictional grounds provided by law, a court shall have jurisdiction to enter an extreme risk order of protection restraining or enjoining the respondent from possessing any firearms.

2. (1) Upon the filing of a verified petition by a law enforcement officer or agency pursuant to this section, and for good cause shown in the petition, the court may immediately issue an ex parte order of protection. An immediate and present danger of the respondent causing personal injury to him or herself or others shall constitute good cause shown for purposes of this section. An ex parte order of protection entered by the court shall take effect when entered and shall remain in effect until there is valid service of process and a hearing is held on the motion within fifteen days of the filing of the petition.

(2) Failure to serve an ex parte order of protection on the respondent shall not affect the validity or enforceability of such order. If the respondent is less than eighteen years of age, unless otherwise emancipated, service of process shall be made upon a custodial parent or guardian of the respondent, or upon a guardian ad litem appointed by the court, requiring that the person appear and bring the respondent before the court at the time and place stated.

(3) If an ex parte order is entered and the respondent is less than eighteen years of age, the court shall transfer the case to juvenile court for a hearing on a full order of protection. The court shall appoint a guardian ad litem for any such respondent not represented by a parent or guardian.

(4) The law enforcement officer or agency shall be responsible for providing notice to a family or household member of the respondent and to any known third party who may be at risk of violence. The notice shall state that the law enforcement officer or agency intends to petition the court for an extreme risk order of protection or has already done so, and include referrals to appropriate resources, including mental health, domestic violence, and counseling resources. The law enforcement officer or agency shall attest in the petition to having provided such notice, or attest to the steps that shall be taken to provide such notice.

3. Upon issuance of any ex parte order of protection under subsection 2 of this section, the court shall order the respondent to surrender to the local law enforcement agency where the respondent resides, all firearms in the respondent's custody, control, or possession. The law enforcement officer serving any ex parte order of protection shall provide the respondent to the order an opportunity to comply with the order by surrendering all firearms in his or her custody, control, or possession.

If the respondent does not comply, the law enforcement officer serving the order shall conduct a lawful search and seizure of any firearms of the respondent and in any area where probable cause exists that a firearm to be surrendered pursuant to the order is located. The law enforcement agency shall hold all surrendered firearms until a hearing is held on the petition for the extreme risk order of protection.

4. Not later than fifteen days after the filing of a verified petition that meets the requirements of this section, a hearing shall be held unless the court deems, for good cause shown, that a continuance should be granted. At the hearing, if the law enforcement officer or agency has proved the allegation that the respondent poses a significant danger to him or herself or others by a preponderance of the evidence, the court shall issue a full extreme risk order of protection for a period of time of one year.

5. Upon issuance of any full extreme risk order of protection under subsection 4 of this section, the court shall order the respondent to surrender to the local law enforcement agency where the respondent resides, all firearms in the respondent's custody, control, or possession. If the respondent has been identified in the petition as being required to carry a firearm as a condition of the respondent's employment, the court shall notify the respondent's employer of the existence of the order. If the respondent holds a concealed carry permit pursuant to section 571.101, the court shall order a revocation of the concealed carry permit.

(1) The law enforcement officer serving any extreme risk order of protection shall provide the respondent to the order an opportunity to comply with the order by surrendering all firearms in his or her custody, control, or possession. If the respondent does not comply, the law enforcement officer serving the order shall:

(a) Conduct a lawful search of the respondent and any area where probable cause exists that a firearm to be surrendered pursuant to the order is located; and

(b) Take possession of all firearms belonging to the respondent that are surrendered, in plain sight, or discovered pursuant to a lawful search conducted pursuant to paragraph (a) of this subdivision.

(2) If personal service by a law enforcement officer is not possible, or not required because the respondent was present at the extreme risk order of protection hearing, the respondent shall surrender the firearms in a safe manner to the control of the local law enforcement agency within forty-eight hours of being served with the order by alternate service or within forty-eight hours of the hearing or final decision at which the respondent was present.

(3) At the time of surrender, a law enforcement officer taking possession of a firearm shall issue a receipt identifying all firearms that have been surrendered and provide a copy of the receipt to the respondent. Within seventy-two hours after service of the order, the officer serving the order shall file the original receipt with the court and shall ensure that his or her law enforcement agency retains a copy of the receipt.

(4) Upon the sworn statement or testimony of any law enforcement officer alleging that the respondent has failed to comply with the surrender of firearms as required by an order issued under this subsection and subsection 3 of this section, the court shall determine whether probable cause exists to believe that the respondent has failed to surrender all firearms in his or her possession,

custody, or control. If probable cause exists, the court shall issue a warrant describing the firearms and authorizing a search of the locations where the firearms are reasonably believed to be and the seizure of any firearms discovered pursuant to such search.

(5) If a person other than the respondent claims title to any firearms surrendered pursuant to this subsection and subsection 3 of this section, and he or she is determined by the law enforcement agency to be the lawful owner of the firearm, the firearm shall be returned to him or her, provided that:

(a) The firearm is removed from the respondent's custody, control, or possession and the lawful owner agrees to store the firearm in a manner such that the respondent does not have access to or control of the firearm; and

(b) The firearm is not otherwise unlawfully possessed by the owner.

(6) A respondent to an extreme risk order of protection may file a motion to modify or rescind that order of protection. The respondent may request a hearing on such a motion with the court that issued the original extreme risk order of protection. The court shall conduct a hearing on the motion to modify or rescind an extreme risk order of protection within fifteen days after the motion is filed. At the hearing, if the respondent has proved by a preponderance of the evidence that the extreme risk order of protection must be modified or rescinded, the court shall modify or rescind the extreme risk order of protection.

6. If an extreme risk order of protection is terminated or expires without renewal, a law enforcement agency holding any firearm that has been surrendered pursuant to subsections 3 and 5 of this section shall return any surrendered firearm requested by a respondent only after confirming, through a background check administered by the state highway patrol under section 43.543, that the respondent is currently eligible to own or possess firearms under federal and state law and after confirming with the court that the extreme risk order of protection has terminated or has expired without renewal.

7. (1) The law enforcement officer or agency may renew the extreme risk order of protection if probable cause is shown that the respondent continues to pose a significant risk of personal injury to him or herself or others by possessing a firearm. The extreme risk order of protection may be renewed for up to one year from the expiration of the preceding extreme risk order of protection. Written notice of a hearing on the motion to renew an extreme risk order of protection shall be given to the respondent by the court.

(2) A law enforcement agency shall, if requested, provide prior notice of the return of a firearm to a respondent to family or household members of the respondent.

(3) Any firearm surrendered by a respondent pursuant to subsections 3 and 5 of this section that remains unclaimed by the lawful owner shall be disposed of in accordance with the law enforcement agency's policies and procedures for the disposal of firearms in police custody.

8. The clerk of any court that issues an extreme risk order of protection shall send the Missouri state highway patrol a copy of the order issued by that court within forty-eight hours of the court issuing the order. Upon receiving an extreme risk order of protection, the Missouri state highway patrol shall enter the extreme risk order of protection into the Missouri uniform law enforcement system (MULES) within forty-eight hours of receiving notice of the order.

9. A violation of the terms and conditions of an ex parte order of protection pursuant to this section of which the respondent has notice, shall be a class A misdemeanor unless the respondent has previously pleaded guilty to or has been found guilty in any division of the circuit court of violating an ex parte order of protection or a full order of protection within five years of the date of the subsequent violation, in which case the subsequent violation shall be a class E felony. Evidence of prior pleas of guilty or findings of guilt shall be heard by the court out of the presence of the jury prior to submission of the case to the jury. If the court finds the existence of such prior pleas of guilty or finding of guilt beyond a reasonable doubt, the court shall decide the extent or duration of sentence or other disposition and shall not instruct the jury as to the range of punishment or allow the jury to assess and declare the punishment as a part of its verdict.

10. A violation of the terms and conditions of a full order of protection pursuant to this section shall be a class A misdemeanor, unless the respondent has previously pleaded guilty to or has been found guilty in any division of the circuit court of violating an ex parte order of protection or a full order of protection within five years of the date of the subsequent violation, in which case the subsequent violation shall be a class E felony. Evidence of prior pleas of guilty or findings of guilt shall be heard by the court out of the presence of the jury prior to submission of the case to the jury. If the court finds the existence of such prior plea of guilty or finding of guilt beyond a reasonable doubt, the court shall decide the extent or duration of the sentence or other disposition and shall not instruct the jury as to the range of punishment or allow the jury to assess and declare the punishment as a part of its verdict. For the purposes of this subsection, in addition to the notice provided by actual service of the order, a party is deemed to have notice of an order of protection if:

(1) The law enforcement officer responding to a call of a reported violation of an order of protection presented a copy of the order of protection to the respondent; or

Further amend said bill and page, Section A, line 3, by inserting after all of said line the following:

“92.105. It is the intent of sections 92.105 to 92.125 that starting in 2011 voters in any city imposing an earnings tax will decide in local elections to continue the earnings tax. If the majority of local voters vote to continue the earnings tax, it will continue for five years, **or in any city with more than four hundred thousand inhabitants and located in more than one county, for ten years**, and then will be voted on again. If a majority of voters in any city having an earnings tax vote against continuing the earnings tax, it will be phased out pursuant to section 92.125 in such city over a period of ten years. Further, sections 92.105 to 92.125 prohibit any Missouri city or town that does not, as of November 2, 2010, impose an earnings tax, from imposing such a tax on residents and businesses.

92.111. 1. After December 31, 2011, no city, including any constitutional charter city, shall impose or levy an earnings tax, except a constitutional charter city that imposed or levied an earnings tax on November 2, 2010, may continue to impose the earnings tax if it submits to the voters of such city pursuant to section 92.115 the question whether to continue such earnings tax for a period of five years, **or if such city with more than four hundred thousand inhabitants and located in more than one county, for a period of ten years**, and a majority of such qualified voters voting thereon approve such question, however, if no such election is held, or if in any election held to continue to impose or levy the earnings tax a majority of such qualified voters voting thereon fail to approve the continuation of the earnings tax, such city shall no longer be authorized to impose or levy such earnings tax except to reduce such tax in the manner provided by section 92.125.

2. As used in sections 92.111 to 92.200, unless the context clearly requires otherwise, the term “earnings tax” means a tax on the:

(1) Salaries, wages, commissions and other compensation earned by its residents;

(2) Salaries, wages, commissions and other compensation earned by nonresidents of the city for work done or services performed or rendered in the city;

- (3) Net profits of associations, businesses or other activities conducted by residents;
- (4) Net profits of associations, businesses or other activities conducted in the city by nonresidents;
- (5) Net profits earned by all corporations as the result of work done or services performed or rendered and business or other activities.

92.114. 1. Notwithstanding any provision of law to the contrary, a city not within a county shall not continue to impose or levy an earnings tax pursuant to sections 92.105 to 92.200 without complying with the provisions of this section.

2. Beginning on September 30, 2023, the city shall prepare a quarterly report stating the following:

- (1) The total receipts from the earnings tax for the quarter and for the calendar year-to-date;**
- (2) The receipts from the earnings tax, sorted by zip code of the residence of the individual paying the tax, for the quarter and the year-to-date;**

The city shall post each report required by this section on the main pages of the website of the city and its collector of revenue, and the reports posted shall be clearly identified in a manner designed to make them easily accessible to the public. The city shall submit each report required by this section to the state auditor, to the secretary of the Missouri senate, to the chair of the senate appropriations committee, to the clerk of the house of representatives, and to the chair of the house of representatives budget committee.

For all tax returns filed on or after January 1, 2024, the term “work done or services performed or rendered in the city”, as used in sections 92.105 to 92.200, shall not include any work or services performed or rendered through telecommuting or otherwise performed or rendered remotely unless the location where such remote work or services are performed is located in the city. Any taxpayer denied a refund for taxes paid for such work or services not performed or rendered in the city may bring a cause of action in a court of competent jurisdiction to recover the amount of the refund owed, and such taxpayer shall recover reasonable attorney's fees resulting from such cause of action. The cause of action permitted by this section may be brought as a class action, as provided for by rule 52.08 of the Missouri supreme court rules, notwithstanding any prior decision of a Missouri appellate court. Paying the earnings tax under protest shall not be a prerequisite to maintaining the cause of action permitted by this subsection.

5. By no later than September 30, 2023, any city not within a county that levies an earnings tax pursuant to sections 92.105 to 92.200 shall establish a process for taxpayers to request a refund for any earnings tax levied on work or services performed or rendered through telecommuting or

otherwise performed or rendered remotely, unless the location where such remote work or services were performed is located in the city, which shall include a sample reimbursement form that is accessible to taxpayers on the city's website.

92.115. 1. Any constitutional charter city which as of November 2, 2010, imposed or levied an earnings tax may continue to impose or levy an earnings tax, pursuant to sections 92.111 to 92.200, if it submits to the qualified voters of such city on the next general municipal election date immediately following November 2, 2010, and once every five years thereafter, **or if such city with more than four hundred thousand inhabitants and located in more than one county, once every ten years thereafter,** the question whether to continue to impose and levy the earnings tax authorized pursuant to sections 92.111 to 92.200, and if a majority of qualified voters voting approve the continuance of the earnings tax at such election.

2. **(1)** The question submitted to the qualified voters in any such city, **except for any city with more than four hundred thousand inhabitants and located in more than one county,** shall contain the earnings tax percentage imposed and the name of the city submitting the question and shall otherwise contain exactly the following language:

4. No city which has begun reductions of its earnings tax pursuant to section 92.125 may, by ordinance or any other means, with or without voter approval, stop or suspend such reduction.”; and

(2) When prepaid wireless telecommunications service is sold with one or more products or services for a single, nonitemized price, the prepaid wireless emergency telephone service charge set forth in subdivision (1) of this subsection shall apply to the entire nonitemized price unless the seller elects to apply such service charge in the following way:

The first fifteen dollars of each transaction under this subdivision shall not be subject to the service charge.

(3) The prepaid wireless emergency telephone service charge shall be collected by the seller from the consumer with respect to each retail transaction occurring in this state. The amount of the prepaid wireless emergency telephone service charge shall be either separately stated on an invoice, receipt, or other similar document that is provided to the consumer by the seller or otherwise disclosed to the consumer.

(4) For purposes of this subsection, a retail transaction that is effected in person by a consumer at a business location of the seller shall be treated as occurring in this state if that business location is in this state, and any other retail transaction shall be treated as occurring in this state if the retail transaction is treated as occurring under chapter 144.

(5) The prepaid wireless emergency telephone service charge is the liability of the consumer and not of the seller or of any provider; except that, the seller shall be liable to remit all charges that the seller collects or is deemed to collect.

(6) The amount of the prepaid wireless emergency telephone service charge that is collected by a seller from a consumer, if such amount is separately stated on an invoice, receipt, or other similar document provided to the consumer by the seller, shall not be included in the base for measuring any tax, fee, surcharge, or other charge that is imposed by this state, any political subdivision of this state, or any intergovernmental agency.

(2) Beginning on January 1, 2019, and ending on January 31, 2019, when a consumer purchases prepaid wireless telecommunications service in a retail transaction from a seller under this section, the seller shall be allowed to retain one hundred percent of the prepaid wireless emergency telephone service charges that are collected by the seller from the consumer. Beginning on February 1, 2019, a seller shall be permitted to deduct and retain three percent of prepaid wireless emergency telephone service charges that are collected by the seller from consumers.

(3) The department shall establish procedures by which a seller of prepaid wireless telecommunications service may document that a sale is not a retail transaction, which procedures shall substantially coincide with the procedures for documenting sale for resale transactions for sales and use purposes under state law.

(4) The department shall deposit all remitted prepaid wireless emergency telephone service charges into the general revenue fund for the department's use until eight hundred thousand one hundred fifty dollars is collected to reimburse its direct costs of administering the collection and remittance of prepaid wireless emergency telephone service charges. From then onward, the department shall deposit all remitted prepaid wireless emergency telephone service charges into the Missouri 911 service trust fund created under section 190.420 within thirty days of receipt for use by the board. (5) The board shall set a rate between twenty-five and one hundred percent of the prepaid wireless emergency telephone service charges deposited in the Missouri 911 service trust fund collected in counties without a charter form of government, less the deductions authorized in subdivision (4) of this subsection, that shall be remitted to such counties in direct proportion to the amount of charges collected in each

The initial percentage rate set by the board for counties with and without a charter form of government and any city not within a county shall be set by June thirtieth of each applicable year and may be adjusted annually for the first three years, and thereafter the rate may be adjusted every three years; however, at no point shall the board set rates that fall below twenty-five percent for counties without a charter form of government and sixty-five percent for counties with a charter form of government and any city not within a county.

(6) Any amounts received by a county or city under subdivision (5) of this subsection shall be used only for purposes authorized in sections 190.305, 190.325, and 190.335. Any amounts received by any county with a charter form of government and with more than six hundred thousand but fewer than seven hundred thousand inhabitants under this section may be used for emergency service notification systems.

4. (1) A seller that is not a provider shall be entitled to the immunity and liability protections under section 190.455, notwithstanding any requirement in state law regarding compliance with Federal Communications Commission Order 05-116.

(2) A provider shall be entitled to the immunity and liability protections under section 190.455.

(3) In addition to the protection from liability provided in subdivisions (1) and (2) of this subsection, each provider and seller and its officers, employees, assigns, agents, vendors, or anyone acting on behalf of such persons shall be entitled to the further protection from liability, if any, that is provided to providers and sellers of wireless telecommunications service that is not prepaid wireless telecommunications service under section 190.455.

5. The prepaid wireless emergency telephone service charge imposed by this section shall be in addition to any other tax, fee, surcharge, or other charge imposed by this state, any political subdivision of this state, or any intergovernmental agency for 911 funding purposes.

6. The provisions of this section shall become effective unless the governing body of a county or city adopts an ordinance, order, rule, resolution, or regulation by at least a two-thirds vote prohibiting the charge established under this section from becoming effective in the county or city at least forty-five days prior to the effective date of this section. Such processes may include the use of vendors or systems administered by the Missouri state highway patrol. The department may share the results of such a criminal background check with any emergency services licensing agency in any member state, as that term is defined under section 190.900, in recognition of the EMS personnel licensure interstate compact. The department shall not issue a license until the department receives the results of an applicant's criminal background check from the Missouri state highway patrol and the Federal Bureau of Investigation, but, notwithstanding this subsection, the department may issue a temporary license as provided under section 190.143. Any fees due for a criminal background check shall be paid by the applicant.

(3) The director may authorize investigations into criminal records in other states for any applicant.

2. The department shall issue a license to all levels of emergency medical technicians, for a period of five years, if the applicant meets the requirements established pursuant to sections 190.001 to 190.245 and the rules adopted by the department pursuant to sections 190.001 to 190.245. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and void.”; and

5. Nothing in this section is intended to create or to affect the validity or enforceability of covenants not to compete, other types of covenants, or nondisclosure or confidentiality agreements, except as expressly provided in this section.

6. Except as provided in subsection 3 of this section, nothing in this section shall be construed to limit an owner's ability to seek or accept employment with another business entity immediately upon, or at any time subsequent to, termination of the owner's business relationship with the business entity, whether such termination was voluntary or nonvoluntary.”; and

2. Whether a covenant covered by this section is reasonable shall be determined based upon the facts and circumstances pertaining to such covenant, but a covenant covered exclusively by subdivision (3) or (4) of subsection 1 of this section shall be conclusively presumed to be reasonable if its postemployment duration is no more than one year.

3. Nothing in subdivision (3) or (4) of subsection 1 of this section is intended to create, or to affect the validity or enforceability of, employer-employee covenants not to compete.

Journal of the Senate

FIRST REGULAR SESSION

FIFTY-FOURTH DAY - WEDNESDAY, APRIL 19, 2023

The Senate met pursuant to adjournment.

President Kehoe in the Chair.

Senator Hough offered the following prayer:

Our Gracious and Divine Creator, we pray Your eternal wisdom would guide this body so we may act in the interest of our constituents, our families, and our society. We pray that our hearts will be aligned to solve our political queries, and that we would never lose stride in our continual walk with what is virtuously principled. May our great states motto: "The welfare of the people shall be the supreme law"- be representative of our goals. Through You we wish to exemplify our desire to stride towards what is best for the people, not for us. We must remember Psalms 91:2, "I will say of the Lord, He is my refuge and my fortress, my God, in whom I trust." Our backbone and deliverer, our sword and shield. We must ask that you provide for us the opportunity to work another day for our constituents. Give us the confidence to place our trust in You alone, so we may be firm in all things through Your son. For in His Name we pray, Amen.

The Pledge of Allegiance to the Flag was recited.

FIRST REGULAR SESSION

FIFTY-SIXTH DAY - MONDAY, APRIL 24, 2023

The Senate met pursuant to adjournment.

President Kehoe in the Chair.

Senator Luetkemeyer offered the following prayer:

“He has told you, O man, what is good; and what does the Lord require of you but to do justice, and to love kindness, and to walk humbly with your God?” (Micah 6:8)

Heavenly Father, renew our hearts and minds in You. Mold us in Your image. Fill us with the reflections of Your character. As we do our work this week, help us to extend mercy, to show love, to walk humbly, and to act in ways that are just and right. Help us to hear Your voice, to see things as you see them, and to reflect Your character in all that we do here. In Your Son’s name we pray, Amen.

3. (1) Political subdivisions shall not be prohibited from establishing their own mechanical contractor, journeyman, or apprentice licenses, but shall recognize a statewide license in lieu of the equivalent local license for the purpose of performing mechanical work in such political subdivision. 4. (1) If a political subdivision does not recognize a statewide license in lieu of an equivalent local license for the purposes of performing mechanical work or obtaining permits to perform mechanical work within the political subdivision, then a statewide licensee may file a complaint with the division.

(2) The division shall perform an investigation into the complaint, and if the division finds that the political subdivision failed to recognize a statewide license in accordance with the provisions of this section, then the division shall notify the political subdivision that the political subdivision has violated the provisions of this section and has thirty days to comply with the law.

(3) If, after thirty days of notification by the division, the political subdivision continues to refuse or fail to recognize a statewide license, then the division shall notify the director of the department of revenue, who shall withhold any moneys that the noncompliant political subdivision would otherwise be entitled to from local sales tax, as defined in section 32.085, until the director has received notice from the division that the political subdivision is in compliance with this section.

(4) When the political subdivision becomes compliant with the provisions of this section, the division shall notify the director of the department of revenue who shall disburse all funds held under this subsection. Moneys held by the director of the department of revenue under this subsection shall not be deemed to be state funds and shall not be commingled with any funds of the state.

324.968. Licenses issued under sections 324.950 to 324.974 shall expire on a renewal date established in rule by the division. The term of licensure shall be three years. The division shall mail a renewal notice prior to the renewal date. The division shall notify the applicant in writing of the reasons for the refusal and shall advise the applicant of his or her right to file a complaint with the administrative hearing commission as provided by chapter 621.

2. The division shall publish via electronic media and update on a weekly basis a list of valid statewide mechanical contractor licensees under sections 324.950 to 324.974, a list of current enforcement actions against such licensees, and the procedures for filing grievances against any statewide mechanical contractor, mechanical journeyman, and mechanical apprentice licensees.

3. The division may cause a complaint to be filed with the administrative hearing commission as provided by chapter 621 against any licensee under sections 324.950 to 324.974 or any person who has failed to renew or has surrendered his or her license for any one or any combination of the following causes:

(2) Use of fraud, deception, misrepresentation, or bribery in securing any license issued under sections 324.950 to 324.974 or in obtaining permission to take any examination given or required under sections 324.950 to 324.974;

(3) Obtaining or attempting to obtain any fee, charge, tuition, or other compensation by fraud, deception, or misrepresentation;

(4) Incompetence, misconduct, gross negligence, fraud, misrepresentation, or dishonesty in the performance of the functions and duties of any profession licensed or regulated under sections 324.950 to 324.974;

(9) Issuance of a license based upon a material mistake of fact.

4. After the filing of such complaint, the proceedings shall be conducted in accordance with the provisions of chapter 621. Upon a finding by the administrative hearing commission that the grounds provided in subsection 3 of this section for disciplinary action are met, the division may, singly or in combination, censure or place the person named in the complaint on probation with such terms and conditions as the division deems appropriate for a period not to exceed five years, or may suspend, for a period not to exceed three years, or revoke the license.

5. An individual whose license has been revoked shall wait at least one year from the date of revocation to apply for relicensure. Relicensure shall be at the discretion of the division after compliance with all requirements of sections 324.950 to 324.974 relative to the previous licensing of the applicant.

324.974. 1. Any person who knowingly violates any provision of sections 324.950 to 324.974 is guilty of a class B misdemeanor.

(b) If another jurisdiction has taken disciplinary action against an applicant, the committee shall determine if the cause for the action was corrected and the matter resolved. If the matter has not been resolved by that jurisdiction, the committee may deny a license until the matter is resolved.

(4) Nothing in this subsection shall prohibit the committee from denying a license to an applicant under this subsection for any reason described in section 337.630.

(5) Any person who is licensed under the provisions of this subsection shall be subject to the committee's jurisdiction and all rules and regulations pertaining to the practice as a licensed clinical social worker in this state.

(6) This subsection shall not be construed to waive any requirement for an applicant to pay any fees.

4. 2. The Commission or the Executive Committee or other committees of the Commission may convene in a closed, non-public meeting for the Commission or Executive Committee or other committees of the Commission to receive legal advice or to discuss:

- a. Non-compliance of a Member State with its obligations under the Compact;

3. If a meeting, or portion of a meeting, is closed, the presiding officer shall state that the meeting will be closed and reference each relevant exempting provision, and such reference shall be recorded in the minutes.

4. The Commission shall keep minutes that fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, and the reasons therefore, including a description of the views expressed. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release only by a majority vote of the Commission or order of a court of competent jurisdiction.

G. Financing of the Commission

1. The Commission shall pay, or provide for the payment of, the reasonable expenses of its establishment, organization, and ongoing activities.

2. The Commission may accept any and all appropriate revenue sources as provided in C(12).

3. The Commission may levy on and collect an annual assessment from each Member State and impose fees on licensees of Member States to whom it grants a Multistate License to cover the cost of the operations and activities of the Commission and its staff, which must be in a total amount sufficient to cover its annual budget as approved each year for which revenue is not provided by other sources. The aggregate annual assessment amount for Member States shall be allocated based upon a formula that the Commission shall promulgate by Rule.

4. The Commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the Commission pledge the credit of any of the Member States, except by and with the authority of the Member State.

5. The Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Commission shall be subject to the financial review and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the Commission shall be subject to an annual financial review by a certified or licensed public accountant, and the report of the financial review shall be included in and become part of the annual report of the Commission.

H. Qualified Immunity, Defense, and Indemnification

1. The members, officers, executive director, employees and representatives of the Commission shall be immune from suit and liability, both personally and in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error, or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Commission employment, duties or responsibilities; provided that nothing in this paragraph shall be construed to protect any such person from suit or liability for any damage, loss, injury, or liability caused by the intentional or willful or wanton misconduct of that person. The procurement of insurance of any type by the Commission shall not in any way compromise or limit the immunity granted hereunder.

2. The Commission shall defend any member, officer, executive director, employee, and representative of the Commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of Commission employment, duties, or responsibilities, or as determined by the commission that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities; provided that nothing herein shall be construed to prohibit that person from retaining their own counsel at their own expense; and provided further, that the actual or alleged act, error, or omission did not result from that person's intentional or willful or wanton misconduct.

3. The Commission shall indemnify and hold harmless any member, officer, executive director, employee, and representative of the Commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred within the scope of Commission employment, duties, or responsibilities, or that such person had a

reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from the intentional or willful or wanton misconduct of that person.

4. Nothing herein shall be construed as a limitation on the liability of any licensee for professional malpractice or misconduct, which shall be governed solely by any other applicable state laws.

5. Nothing in this Compact shall be interpreted to waive or otherwise abrogate a Member State's state action immunity or state action affirmative defense with respect to antitrust claims under the Sherman Act, Clayton Act, or any other state or federal antitrust or anticompetitive law or regulation.

6. Nothing in this Compact shall be construed to be a waiver of sovereign immunity by the Member States or by the Commission.

SECTION 11. DATA SYSTEM

A. The Commission shall provide for the development, maintenance, operation, and utilization of a coordinated database and reporting system containing licensure, Adverse Action, and the presence of Current Significant Investigative Information on all licensed individuals in Member States.

B. The Commission shall assign each applicant for a Multistate License a unique identifier, as determined by the rules of the Commission.

C. Notwithstanding any other provision of State law to the contrary, a Member State shall submit a uniform data set to the Data System on all individuals to whom this Compact is applicable as required by the Rules of the Commission, including:

1. Identifying information;
2. Licensure data;
3. Adverse Actions against a license and information related thereto;
4. Non-confidential information related to Alternative Program participation, the beginning and ending dates of such participation, and other information related to such participation not made confidential under Member State law;
5. Any denial of application for licensure, and the reason(s) for such denial;
6. The presence of Current Significant Investigative Information; and
7. Other information that may facilitate the administration of this Compact or the protection of the public, as determined by the Rules of the Commission.

D. The records and information provided to a Member State pursuant to this Compact or through the Data System, when certified by the Commission or an agent thereof, shall constitute the authenticated business records of the Commission, and shall be entitled to any associated hearsay exception in any relevant judicial, quasi-judicial or administrative proceedings in a Member State.

E. Current Significant Investigative Information pertaining to a Licensee in any Member State will only be available to other Member States.

F. It is the responsibility of the Member States to report any Adverse Action against a Licensee and to monitor the database to determine whether Adverse Action has been taken against a Licensee. Adverse Action information pertaining to a Licensee in any Member State will be available to any other Member State.

G. Member States contributing information to the Data System may designate information that may not be shared with the public without the express permission of the contributing State.

H. Any information submitted to the Data System that is subsequently expunged pursuant to federal law or the laws of the Member State contributing the information shall be removed from the Data System.

SECTION 12. RULEMAKING

A. The Commission shall promulgate reasonable Rules in order to effectively and efficiently implement and administer the purposes and provisions of the Compact. A Rule shall be invalid and have no force or effect only if a court of competent jurisdiction holds that the Rule is invalid because the Commission exercised its rulemaking authority in a manner that is beyond the scope and purposes of the Compact, or the powers granted hereunder, or based upon another applicable standard of review.

B. The Rules of the Commission shall have the force of law in each Member State, provided however that where the Rules of the Commission conflict with the laws of the Member State that establish the Member State's laws, regulations, and applicable standards as held by a court of competent jurisdiction, the Rules of the Commission shall be ineffective in that State to the extent of the conflict.

C. The Commission shall exercise its Rulemaking powers pursuant to the criteria set forth in this Section and the Rules adopted thereunder. Rules shall become binding on the day following adoption or the date specified in the rule or amendment, whichever is later.

D. If a majority of the legislatures of the Member States rejects a Rule or portion of a Rule, by enactment of a statute or resolution in the same manner used to adopt the Compact within four (4) years of the date of adoption of the Rule, then such Rule shall have no further force and effect in any Member State.

E. Rules shall be adopted at a regular or special meeting of the Commission.

F. Prior to adoption of a proposed Rule, the Commission shall hold a public hearing and allow persons to provide oral and written comments, data, facts, opinions, and arguments.

G. Prior to adoption of a proposed Rule by the Commission, and at least thirty (30) days in advance of the meeting at which the Commission will hold a public hearing on the proposed Rule, the Commission shall provide a Notice of Proposed Rulemaking:

1. On the website of the Commission or other publicly accessible platform;

2. To persons who have requested notice of the Commission's notices of proposed rulemaking, and

3. In such other way(s) as the Commission may by Rule specify.

H. The Notice of Proposed Rulemaking shall include:

1. The time, date, and location of the public hearing at which the Commission will hear public comments on the proposed Rule and, if different, the time, date, and location of the meeting where the Commission will consider and vote on the proposed Rule;

2. If the hearing is held via telecommunication, video conference, or other electronic means, the Commission shall include the mechanism for access to the hearing in the Notice of Proposed Rulemaking;

3. The text of the proposed Rule and the reason therefor;

4. A request for comments on the proposed Rule from any interested person; and

5. The manner in which interested persons may submit written comments.

I. All hearings will be recorded. A copy of the recording and all written comments and documents received by the Commission in response to the proposed Rule shall be available to the public.

J. Nothing in this section shall be construed as requiring a separate hearing on each Rule. Rules may be grouped for the convenience of the Commission at hearings required by this section.

K. The Commission shall, by majority vote of all members, take final action on the proposed Rule based on the Rulemaking record and the full text of the Rule.

1. The Commission may adopt changes to the proposed Rule provided the changes do not enlarge the original purpose of the proposed Rule.

2. The Commission shall provide an explanation of the reasons for substantive changes made to the proposed Rule as well as reasons for substantive changes not made that were recommended by commenters.

3. The Commission shall determine a reasonable effective date for the Rule. Except for an emergency as provided in Section 11.L, the effective date of the rule shall be no sooner than 30 days after issuing the notice that it adopted or amended the Rule.

L. Upon determination that an emergency exists, the Commission may consider and adopt an emergency Rule with 48 hours' notice, with opportunity to comment, provided that the usual Rulemaking procedures provided in the Compact and in this section shall be retroactively applied to the Rule as soon as reasonably possible, in no event later than ninety (90) days after the effective date of the Rule. For the purposes of this provision, an emergency Rule is one that must be adopted immediately in order to:

1. Meet an imminent threat to public health, safety, or welfare;

- 2. Prevent a loss of Commission or Member State funds;**
- 3. Meet a deadline for the promulgation of a Rule that is established by federal law or rule; or**
- 4. Protect public health and safety.**

M. The Commission or an authorized committee of the Commission may direct revisions to a previously adopted Rule for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the Commission. The revision shall be subject to challenge by any person for a period of thirty (30) days after posting. The revision may be challenged only on grounds that the revision results in a material change to a Rule. A challenge shall be made in writing and delivered to the Commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the Commission.

N. No Member State's rulemaking requirements shall apply under this compact.

SECTION 13. OVERSIGHT, DISPUTE RESOLUTION, AND ENFORCEMENT

A. Oversight

1. The executive and judicial branches of State government in each Member State shall enforce this Compact and take all actions necessary and appropriate to implement the Compact.

2. Except as otherwise provided in this Compact, venue is proper and judicial proceedings by or against the Commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the Commission is located. The Commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings. Nothing herein shall affect or limit the selection or propriety of venue in any action against a licensee for professional malpractice, misconduct or any such similar matter.

3. The Commission shall be entitled to receive service of process in any proceeding regarding the enforcement or interpretation of the Compact and shall have standing to intervene in such a proceeding for all purposes. Failure to provide the Commission service of process shall render a judgment or order void as to the Commission, this Compact, or promulgated Rules.

B. Default, Technical Assistance, and Termination

1. If the Commission determines that a Member State has defaulted in the performance of its obligations or responsibilities under this Compact or the promulgated Rules, the Commission shall provide written notice to the defaulting State. The notice of default shall describe the default, the proposed means of curing the default, and any other action that the Commission may take, and shall offer training and specific technical assistance regarding the default.

2. The Commission shall provide a copy of the notice of default to the other Member States.

C. If a State in default fails to cure the default, the defaulting State may be terminated from the Compact upon an affirmative vote of a majority of the delegates of the Member States, and all

rights, privileges and benefits conferred on that state by this Compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending State of obligations or liabilities incurred during the period of default.

D. Termination of membership in the Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Commission to the governor, the majority and minority leaders of the defaulting State's legislature, the defaulting State's State Licensing Authority and each of the Member States' State Licensing Authority.

E. A State that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

F. Upon the termination of a State's membership from this Compact, that State shall immediately provide notice to all Licensees within that State of such termination. The terminated State shall continue to recognize all licenses granted pursuant to this Compact for a minimum of six (6) months after the date of said notice of termination.

G. The Commission shall not bear any costs related to a State that is found to be in default or that has been terminated from the Compact, unless agreed upon in writing between the Commission and the defaulting State.

H. The defaulting State may appeal the action of the Commission by petitioning the U.S. District Court for the District of Columbia or the federal district where the Commission has its principal offices. The prevailing party shall be awarded all costs of such litigation, including reasonable attorney's fees.

I. Dispute Resolution

1. Upon request by a Member State, the Commission shall attempt to resolve disputes related to the Compact that arise among Member States and between Member and non-Member States.

2. The Commission shall promulgate a Rule providing for both mediation and binding dispute resolution for disputes as appropriate.

J. Enforcement

1. By majority vote as provided by Rule, the Commission may initiate legal action against a Member State in default in the United States District Court for the District of Columbia or the federal district where the Commission has its principal offices to enforce compliance with the provisions of the Compact and its promulgated Rules. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney's fees. The remedies herein shall not be the exclusive remedies of the Commission. The Commission may pursue any other remedies available under federal or the defaulting Member State's law.

2. A Member State may initiate legal action against the Commission in the U.S. District Court for the District of Columbia or the federal district where the Commission has its principal offices to

enforce compliance with the provisions of the Compact and its promulgated Rules. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney's fees.

3. No person other than a Member State shall enforce this compact against the Commission.

SECTION 14. EFFECTIVE DATE, WITHDRAWAL, AND AMENDMENT

A. The Compact shall come into effect on the date on which the Compact statute is enacted into law in the seventh Member State.

1. On or after the effective date of the Compact, the Commission shall convene and review the enactment of each of the first seven Member States ("Charter Member States") to determine if the statute enacted by each such Charter Member State is materially different than the model Compact statute.

a. A Charter Member State whose enactment is found to be materially different from the model Compact statute shall be entitled to the default process set forth in Section 12.

b. If any Member State is later found to be in default, or is terminated or withdraws from the Compact, the Commission shall remain in existence and the Compact shall remain in effect even if the number of Member States should be less than seven.

2. Member States enacting the Compact subsequent to the seven initial Charter Member States shall be subject to the process set forth in Section 9(C)(21) to determine if their enactments are materially different from the model Compact statute and whether they qualify for participation in the Compact.

3. All actions taken for the benefit of the Commission or in furtherance of the purposes of the administration of the Compact prior to the effective date of the Compact or the Commission coming into existence shall be considered to be actions of the Commission unless specifically repudiated by the Commission.

a. Any State that joins the Compact subsequent to the Commission's initial adoption of the Rules and bylaws shall be subject to the Rules and bylaws as they exist on the date on which the Compact becomes law in that State. Any Rule that has been previously adopted by the Commission shall have the full force and effect of law on the day the Compact becomes law in that State.

b. Any Member State may withdraw from this Compact by enacting a statute repealing the same.

1. A Member State's withdrawal shall not take effect until 180 days after enactment of the repealing statute.

2. Withdrawal shall not affect the continuing requirement of the withdrawing State's Licensing Authority to comply with the investigative and Adverse Action reporting requirements of this Compact prior to the effective date of withdrawal.

3. Upon the enactment of a statute withdrawing from this compact, a State shall immediately provide notice of such withdrawal to all Licensees within that State. Notwithstanding any

subsequent statutory enactment to the contrary, such withdrawing State shall continue to recognize all licenses granted pursuant to this compact for a minimum of six (6) months after the date of such notice of withdrawal.

a. Nothing contained in this Compact shall be construed to invalidate or prevent any licensure agreement or other cooperative arrangement between a Member State and a non-Member State that does not conflict with the provisions of this Compact.

b. This Compact may be amended by the Member States. No amendment to this Compact shall become effective and binding upon any Member State until it is enacted into the laws of all Member States.

SECTION 15. CONSTRUCTION AND SEVERABILITY

A. This Compact and the Commission's rulemaking authority shall be liberally construed so as to effectuate the purposes, and the implementation and administration of the Compact. Provisions of the Compact expressly authorizing or requiring the promulgation of Rules shall not be construed to limit the Commission's rulemaking authority solely for those purposes.

B. The provisions of this Compact shall be severable and if any phrase, clause, sentence or provision of this Compact is held by a court of competent jurisdiction to be contrary to the constitution of any Member State, a State seeking participation in the Compact, or of the United States, or the applicability thereof to any government, agency, person or circumstance is held to be unconstitutional by a court of competent jurisdiction, the validity of the remainder of this Compact and the applicability thereof to any other government, agency, person or circumstance shall not be affected thereby.

C. Notwithstanding subsection B of this section, the Commission may deny a State's participation in the Compact or, in accordance with the requirements of Section 12.B, terminate a Member State's participation in the Compact, if it determines that a constitutional requirement of a Member State is a material departure from the Compact. Otherwise, if this Compact shall be held to be contrary to the constitution of any Member State, the Compact shall remain in full force and effect as to the remaining Member States and in full force and effect as to the Member State affected as to all severable matters.

SECTION 16. CONSISTENT EFFECT AND CONFLICT WITH OTHER STATE LAWS

A. A Licensee providing services in a Remote State under a Multistate Authorization to Practice shall adhere to the laws and regulations, including laws, regulations, and applicable standards, of the Remote State where the client is located at the time care is rendered.

B. Nothing herein shall prevent or inhibit the enforcement of any other law of a Member State that is not inconsistent with the Compact.

C. Any laws, statutes, regulations, or other legal requirements in a Member State in conflict with the Compact are superseded to the extent of the conflict.

D. All permissible agreements between the Commission and the Member States are binding in accordance with their terms.

337.665. 1. As used in this section, the following terms mean:

(1) **“License”**, a license, certificate, registration, permit, accreditation, or military occupational specialty that enables a person to legally practice an occupation or profession in a particular jurisdiction;

(2) **“Military”**, the Armed Forces of the United States including the Air Force, Army, Coast Guard, Marine Corps, Navy, Space Force, National Guard, and any other military branch that is designated by Congress as part of the Armed Forces of the United States, and all reserve components and auxiliaries. Such term also includes the military reserves and militia of any United States territory or state;

(3) **“Nonresident military spouse”**, a nonresident spouse of an active duty member of the Armed Forces of the United States who has been transferred or is scheduled to be transferred to the state of Missouri, or who has been transferred or is scheduled to be transferred to an adjacent state and is or will be domiciled in the state of Missouri, or has moved to the state of Missouri on a permanent change-of-station basis;

(4) **“Resident military spouse”**, a spouse of an active duty member of the Armed Forces of the United States who has been transferred or is scheduled to be transferred to the state of Missouri or an adjacent state and who is a permanent resident of the state of Missouri, who is domiciled in the state of Missouri, or who has Missouri as his or her home of record.

2. Each applicant for licensure as a baccalaureate social worker shall furnish evidence to the committee that:

(1) The applicant has a baccalaureate degree in social work from an accredited social work degree program approved by the council of social work education;

(2) The applicant has achieved a passing score, as defined by the committee, on an examination approved by the committee. The eligibility requirements for such examination shall be determined by the state committee for social work;

(3) The applicant is at least eighteen years of age, is a United States citizen or has status as a legal resident alien, and has not been finally adjudicated and found guilty, or entered a plea of guilty or nolo contendere, in a criminal prosecution under the laws of any state, of the United States, or of any country, for any offense directly related to the duties and responsibilities of the occupation, as set forth in section 324.012, regardless of whether or not sentence is imposed;

(4) The applicant has submitted a written application on forms prescribed by the state board;

(5) The applicant has submitted the required licensing fee, as determined by the committee.

[2.] 3. Any applicant who answers in the affirmative to any question on the application that relates to possible grounds for denial of licensure pursuant to section 337.630 shall submit a sworn affidavit setting forth in detail the facts which explain such answer and copies of appropriate documents related to such answer.

[3.] **4.** The committee shall issue a license to each person who files an application and fee as required by the provisions of sections 337.600 to 337.689 and who furnishes evidence satisfactory to the committee that the applicant has complied with the provisions of subsection 1 of this section.

[4.] **5.** The committee shall issue a certificate to practice independently under subsection 3 of section 337.653 to any licensed baccalaureate social worker who has satisfactorily completed three thousand hours of supervised experience with a qualified baccalaureate supervisor in no less than twenty-four months and no more than forty-eight consecutive calendar months.

6. (1) Any person who holds a valid current baccalaureate social work license issued by another state, a branch or unit of the military, a territory of the United States, or the District of Columbia, and who has been licensed for at least one year in such other jurisdiction, may submit an application for a baccalaureate social work license in Missouri along with proof of current licensure and proof of licensure for at least one year in the other jurisdiction, to the committee.

(2) The committee shall:

(a) Within six months of receiving an application described in subsection 2 of this section, waive any examination, educational, or experience requirements for licensure in this state for the applicant if it determines that there were minimum education requirements and, if applicable, work experience and clinical supervision requirements in effect and the other state verifies that the person met those requirements in order to be licensed or certified in that state. The committee may require an applicant to take and pass an examination specific to the laws of this state; or

(b) Within thirty days of receiving an application described in subsection 2 of this section from a nonresident military spouse or a resident military spouse, waive any examination, educational, or experience requirements for licensure in this state for the applicant and issue such applicant a license under this subsection if such applicant otherwise meets the requirements of this section.

(3) (a) The committee shall not waive any examination, educational, or experience requirements for any applicant who has had his or her license revoked by a committee outside the state; who is currently under investigation, who has a complaint pending, or who is currently under disciplinary action, except as provided in paragraph (b) of this subdivision, with a licensing authority outside the state; who does not hold a license in good standing with a licensing authority outside the state; who has a criminal record that would disqualify him or her for licensure in Missouri; or who does not hold a valid current license in the other jurisdiction on the date the committee receives his or her application under this section.

(b) If another jurisdiction has taken disciplinary action against an applicant, the committee shall determine if the cause for the action was corrected and the matter resolved. If the matter has not been resolved by that jurisdiction, the committee may deny a license until the matter is resolved.

(4) Nothing in this subsection shall prohibit the committee from denying a license to an applicant under this subsection for any reason described in section 337.630.

(5) Any person who is licensed under the provisions of this subsection shall be subject to the committee's jurisdiction and all rules and regulations pertaining to the practice as a licensed baccalaureate social worker in this state.

“260.205. 1. It shall be unlawful for any person to operate a solid waste processing facility or solid waste disposal area of a solid waste management system without first obtaining an operating permit from the department. It shall be unlawful for any person to construct a solid waste processing facility or solid waste disposal area without first obtaining a construction permit from the department pursuant to this section. A current authorization to operate issued by the department pursuant to sections 260.200 to 260.345 shall be considered to be a permit to operate for purposes of this section for all solid waste disposal areas and processing facilities existing on August 28, 1995. A permit shall not be issued for a sanitary landfill to be located in a flood area, as determined by the department, where flood waters are likely to significantly erode final cover. A permit shall not be required to operate a waste stabilization lagoon, settling pond or other water treatment facility which has a valid permit from the Missouri clean water commission even though the facility may receive solid or semisolid waste materials.

2. No person or operator may apply for or obtain a permit to construct a solid waste disposal area unless the person has requested the department to conduct a preliminary site investigation and obtained preliminary approval from the department. The department shall, within sixty days of such request, conduct a preliminary investigation and approve or disapprove the site.

3. All proposed solid waste disposal areas for which a preliminary site investigation request pursuant to subsection 2 of this section is received by the department on or after August 28, 1999, shall be subject to a public involvement activity as part of the permit application process. The activity shall consist of the following:

(1) The applicant shall notify the public of the preliminary site investigation approval within thirty days after the receipt of such approval. Such public notification shall be by certified mail to the governing body of the county or city in which the proposed disposal area is to be located and by certified mail to the solid waste management district in which the proposed disposal area is to be located;

(2) Within ninety days after the preliminary site investigation approval, the department shall conduct a public awareness session in the county in which the proposed disposal area is to be located. The department shall provide public notice of such session by both printed and broadcast media at least thirty days prior to such session. Printed notification shall include publication in at least one newspaper having general circulation within the county in which the proposed disposal area is to be located. Broadcast notification shall include public service announcements on radio stations that have broadcast coverage within the county in which the proposed disposal area is to be located. The intent of such public awareness

session shall be to provide general information to interested citizens on the design and operation of solid waste disposal areas;

(3) At least sixty days prior to the submission to the department of a report on the results of a detailed site investigation pursuant to subsection 4 of this section, the applicant shall conduct a community involvement session in the county in which the proposed disposal area is to be located. Department staff shall attend any such session. The applicant shall provide public notice of such session by both printed and broadcast media at least thirty days prior to such session. Printed notification shall include publication in at least one newspaper having general circulation within the county in which the proposed disposal area is to be located. Broadcast notification shall include public service announcements on radio stations that have broadcast coverage within the county in which the proposed disposal area is to be located. Such public notices shall include the addresses of the applicant and the department and information on a public comment period. Such public comment period shall begin on the day of the community involvement session and continue for at least thirty days after such session. The applicant shall respond to all persons submitting comments during the public comment period no more than thirty days after the receipt of such comments;

(4) If a proposed solid waste disposal area is to be located in a county or city that has local planning and zoning requirements, the applicant shall not be required to conduct a community involvement session if the following conditions are met:

(a) The local planning and zoning requirements include a public meeting;

(b) The applicant notifies the department of intent to utilize such meeting in lieu of the community involvement session at least thirty days prior to such meeting;

(c) The requirements of such meeting include providing public notice by printed or broadcast media at least thirty days prior to such meeting;

(d) Such meeting is held at least thirty days prior to the submission to the department of a report on the results of a detailed site investigation pursuant to subsection 4 of this section;

(e) The applicant submits to the department a record of such meeting;

(f) A public comment period begins on the day of such meeting and continues for at least fourteen days after such meeting, and the applicant responds to all persons submitting comments during such public comment period no more than fourteen days after the receipt of such comments.

4. No person may apply for or obtain a permit to construct a solid waste disposal area unless the person has submitted to the department a plan for conducting a detailed surface and subsurface geologic and hydrologic investigation and has obtained geologic and hydrologic site approval from the department. The department shall approve or disapprove the plan within thirty days of receipt. The applicant shall conduct the investigation pursuant to the plan and submit the results to the department. The department shall provide approval or disapproval within sixty days of receipt of the investigation results.

5. (1) Every person desiring to construct a solid waste processing facility or solid waste disposal area shall make application for a permit on forms provided for this purpose by the department. Every applicant shall submit evidence of financial responsibility with the application. Any applicant who relies in part

upon a parent corporation for this demonstration shall also submit evidence of financial responsibility for that corporation and any other subsidiary thereof.

(2) Every applicant shall provide a financial assurance instrument or instruments to the department prior to the granting of a construction permit for a solid waste disposal area. The financial assurance instrument or instruments shall be irrevocable, meet all requirements established by the department and shall not be cancelled, revoked, disbursed, released or allowed to terminate without the approval of the department. After the cessation of active operation of a sanitary landfill, or other solid waste disposal area as designed by the department, neither the guarantor nor the operator shall cancel, revoke or disburse the financial assurance instrument or allow the instrument to terminate until the operator is released from postclosure monitoring and care responsibilities pursuant to section 260.227.

(3) The applicant for a permit to construct a solid waste disposal area shall provide the department with plans, specifications, and such other data as may be necessary to comply with the purpose of sections 260.200 to 260.345. The application shall demonstrate compliance with all applicable local planning and zoning requirements. The department shall make an investigation of the solid waste disposal area and determine whether it complies with the provisions of sections 260.200 to 260.345 and the rules and regulations adopted pursuant to sections 260.200 to 260.345. Within twelve consecutive months of the receipt of an application for a construction permit the department shall approve or deny the application. The department shall issue rules and regulations establishing time limits for permit modifications and renewal of a permit for a solid waste disposal area. The time limit shall be consistent with this chapter.

(4) The applicant for a permit to construct a solid waste processing facility shall provide the department with plans, specifications and such other data as may be necessary to comply with the purpose of sections 260.200 to 260.345. Within one hundred eighty days of receipt of the application, the department shall determine whether it complies with the provisions of sections 260.200 to 260.345. Within twelve consecutive months of the receipt of an application for a permit to construct an incinerator as described in the definition of solid waste processing facility in section 260.200 or a material recovery facility as described in the definition of solid waste processing facility in section 260.200, and within six months for permit modifications, the department shall approve or deny the application. Permits issued for solid waste facilities shall be for the anticipated life of the facility.

(5) If the department fails to approve or deny an application for a permit or a permit modification within the time limits specified in subdivisions (3) and (4) of this subsection, the applicant may maintain an action in the circuit court of Cole County or that of the county in which the facility is located or is to be sited. The court shall order the department to show cause why it has not acted on the permit and the court may, upon the presentation of evidence satisfactory to the court, order the department to issue or deny such permit or permit modification. Permits for solid waste disposal areas, whether issued by the department or ordered to be issued by a court, shall be for the anticipated life of the facility.

(6) The applicant for a permit to construct a solid waste processing facility shall pay an application fee of one thousand dollars. Upon completion of the department's evaluation of the application, but before receiving a permit, the applicant shall reimburse the department for all reasonable costs incurred by the department up to a maximum of four thousand dollars. The applicant for a permit to construct a solid waste disposal area shall pay an application fee of two thousand dollars. Upon completion of the department's evaluations of the application, but before receiving a permit, the applicant shall reimburse

the department for all reasonable costs incurred by the department up to a maximum of eight thousand dollars. Applicants who withdraw their application before the department completes its evaluation shall be required to reimburse the department for costs incurred in the evaluation. The department shall not collect the fees authorized in this subdivision unless it complies with the time limits established in this section.

(7) When the review reveals that the facility or area does conform with the provisions of sections 260.200 to 260.345 and the rules and regulations adopted pursuant to sections 260.200 to 260.345, the department shall approve the application and shall issue a permit for the construction of each solid waste processing facility or solid waste disposal area as set forth in the application and with any permit terms and conditions which the department deems appropriate. In the event that the facility or area fails to meet the rules and regulations adopted pursuant to sections 260.200 to 260.345, the department shall issue a report to the applicant stating the reason for denial of a permit.

6. Plans, designs, and relevant data for the construction of solid waste processing facilities and solid waste disposal areas shall be submitted to the department by a registered professional engineer licensed by the state of Missouri for approval prior to the construction, alteration or operation of such a facility or area.

7. Any person or operator as defined in section 260.200 who intends to obtain a construction permit in a solid waste management district with an approved solid waste management plan shall request a recommendation in support of the application from the executive board created in section 260.315. The executive board shall consider the impact of the proposal on, and the extent to which the proposal conforms to, the approved district solid waste management plan prepared pursuant to section 260.325. The executive board shall act upon the request for a recommendation within sixty days of receipt and shall submit a resolution to the department specifying its position and its recommendation regarding conformity of the application to the solid waste plan. The board's failure to submit a resolution constitutes recommendation of the application. The department may consider the application, regardless of the board's action thereon and may deny the construction permit if the application fails to meet the requirements of sections 260.200 to 260.345, or if the application is inconsistent with the district's solid waste management plan.

8. If the site proposed for a solid waste disposal area is not owned by the applicant, the owner or owners of the site shall acknowledge that an application pursuant to sections 260.200 to 260.345 is to be submitted by signature or signatures thereon. The department shall provide the owner with copies of all communication with the operator, including inspection reports and orders issued pursuant to section 260.230.

9. The department shall not issue a permit for the operation of a solid waste disposal area designed to serve a city with a population of greater than four hundred thousand located in more than one county, if the site is located within [one-half] **one** mile of an adjoining municipality, without the approval of the governing body of such municipality. The governing body shall conduct a public hearing within fifteen days of notice, shall publicize the hearing in at least one newspaper having general circulation in the municipality, and shall vote to approve or disapprove the land disposal facility within thirty days after the close of the hearing.

10. (1) Upon receipt of an application for a permit to construct a solid waste processing facility or disposal area, the department shall notify the public of such receipt:

(a) By legal notice published in a newspaper of general circulation in the area of the proposed disposal area or processing facility;

(b) By certified mail to the governing body of the county or city in which the proposed disposal area or processing facility is to be located; and

(c) By mail to the last known address of all record owners of contiguous real property or real property located within one thousand feet of the proposed disposal area and, for a proposed processing facility, notice as provided in section 64.875 or section 89.060, whichever is applicable.

(2) If an application for a construction permit meets all statutory and regulatory requirements for issuance, a public hearing on the draft permit shall be held by the department in the county in which the proposed solid waste disposal area is to be located prior to the issuance of the permit. The department shall provide public notice of such hearing by both printed and broadcast media at least thirty days prior to such hearing. Printed notification shall include publication in at least one newspaper having general circulation within the county in which the proposed disposal area is to be located. Broadcast notification shall include public service announcements on radio stations that have broadcast coverage within the county in which the proposed disposal area is to be located.

11. After the issuance of a construction permit for a solid waste disposal area, but prior to the beginning of disposal operations, the owner and the department shall execute an easement to allow the department, its agents or its contractors to enter the premises to complete work specified in the closure plan, or to monitor or maintain the site or to take remedial action during the postclosure period. After issuance of a construction permit for a solid waste disposal area, but prior to the beginning of disposal operations, the owner shall submit evidence that such owner has recorded, in the office of the recorder of deeds in the county where the disposal area is located, a notice and covenant running with the land that the property has been permitted as a solid waste disposal area and prohibits use of the land in any manner which interferes with the closure and, where appropriate, postclosure plans filed with the department.

12. Every person desiring to obtain a permit to operate a solid waste disposal area or processing facility shall submit applicable information and apply for an operating permit from the department. The department shall review the information and determine, within sixty days of receipt, whether it complies with the provisions of sections 260.200 to 260.345 and the rules and regulations adopted pursuant to sections 260.200 to 260.345. When the review reveals that the facility or area does conform with the provisions of sections 260.200 to 260.345 and the rules and regulations adopted pursuant to sections 260.200 to 260.345, the department shall issue a permit for the operation of each solid waste processing facility or solid waste disposal area and with any permit terms and conditions which the department deems appropriate. In the event that the facility or area fails to meet the rules and regulations adopted pursuant to sections 260.200 to 260.345, the department shall issue a report to the applicant stating the reason for denial of a permit.

13. Each solid waste disposal area, except utility waste landfills unless otherwise and to the extent required by the department, and those solid waste processing facilities designated by rule, shall be operated

under the direction of a certified solid waste technician in accordance with sections 260.200 to 260.345 and the rules and regulations promulgated pursuant to sections 260.200 to 260.345.

14. Base data for the quality and quantity of groundwater in the solid waste disposal area shall be collected and submitted to the department prior to the operation of a new or expansion of an existing solid waste disposal area. Base data shall include a chemical analysis of groundwater drawn from the proposed solid waste disposal area.

15. Leachate collection and removal systems shall be incorporated into new or expanded sanitary landfills which are permitted after August 13, 1986. The department shall assess the need for a leachate collection system for all types of solid waste disposal areas, other than sanitary landfills, and the need for monitoring wells when it evaluates the application for all new or expanded solid waste disposal areas. The department may require an operator of a solid waste disposal area to install a leachate collection system before the beginning of disposal operations, at any time during disposal operations for unfilled portions of the area, or for any portion of the disposal area as a part of a remedial plan. The department may require the operator to install monitoring wells before the beginning of disposal operations or at any time during the operational life or postclosure care period if it concludes that conditions at the area warrant such monitoring. The operator of a demolition landfill or utility waste landfill shall not be required to install a leachate collection and removal system or monitoring wells unless otherwise and to the extent the department so requires based on hazardous waste characteristic criteria or site specific geohydrological characteristics or conditions.

16. Permits granted by the department, as provided in sections 260.200 to 260.345, shall be subject to suspension for a designated period of time, civil penalty or revocation whenever the department determines that the solid waste processing facility or solid waste disposal area is, or has been, operated in violation of sections 260.200 to 260.345 or the rules or regulations adopted pursuant to sections 260.200 to 260.345, or has been operated in violation of any permit terms and conditions, or is creating a public nuisance, health hazard, or environmental pollution. In the event a permit is suspended or revoked, the person named in the permit shall be fully informed as to the reasons for such action.

17. Each permit for operation of a facility or area shall be issued only to the person named in the application. Permits are transferable as a modification to the permit. An application to transfer ownership shall identify the proposed permittee. A disclosure statement for the proposed permittee listing violations contained in the definition of disclosure statement found in section 260.200 shall be submitted to the department. The operation and design plans for the facility or area shall be updated to provide compliance with the currently applicable law and rules. A financial assurance instrument in such an amount and form as prescribed by the department shall be provided for solid waste disposal areas by the proposed permittee prior to transfer of the permit. The financial assurance instrument of the original permittee shall not be released until the new permittee's financial assurance instrument has been approved by the department and the transfer of ownership is complete.

18. Those solid waste disposal areas permitted on January 1, 1996, shall, upon submission of a request for permit modification, be granted a solid waste management area operating permit if the request meets reasonable requirements set out by the department.

19. In case a permit required pursuant to this section is denied or revoked, the person may request a hearing in accordance with section 260.235.

20. Every applicant for a permit shall file a disclosure statement with the information required by and on a form developed by the department of natural resources at the same time the application for a permit is filed with the department.

21. Upon request of the director of the department of natural resources, the applicant for a permit, any person that could reasonably be expected to be involved in management activities of the solid waste disposal area or solid waste processing facility, or any person who has a controlling interest in any permittee shall be required to submit to a criminal background check under section 43.543.

22. All persons required to file a disclosure statement shall provide any assistance or information requested by the director or by the Missouri state highway patrol and shall cooperate in any inquiry or investigation conducted by the department and any inquiry, investigation or hearing conducted by the director. If, upon issuance of a formal request to answer any inquiry or produce information, evidence or testimony, any person required to file a disclosure statement refuses to comply, the application of an applicant or the permit of a permittee may be denied or revoked by the director.

23. If any of the information required to be included in the disclosure statement changes, or if any additional information should be added after the filing of the statement, the person required to file it shall provide that information to the director in writing, within thirty days after the change or addition. The failure to provide such information within thirty days may constitute the basis for the revocation of or denial of an application for any permit issued or applied for in accordance with this section, but only if, prior to any such denial or revocation, the director notifies the applicant or permittee of the director's intention to do so and gives the applicant or permittee fourteen days from the date of the notice to explain why the information was not provided within the required thirty-day period. The director shall consider this information when determining whether to revoke, deny or conditionally grant the permit.

24. No person shall be required to submit the disclosure statement required by this section if the person is a corporation or an officer, director or shareholder of that corporation or any subsidiary thereof, and that corporation:

(1) Has on file and in effect with the federal Securities and Exchange Commission a registration statement required under Section 5, Chapter 38, Title 1 of the Securities Act of 1933, as amended, 15 U.S.C. Section 77e(c);

(2) Submits to the director with the application for a permit evidence of the registration described in subdivision (1) of this subsection and a copy of the corporation's most recent annual form 10-K or an equivalent report; and

(3) Submits to the director on the anniversary date of the issuance of any permit it holds under the Missouri solid waste management law evidence of registration described in subdivision (1) of this subsection and a copy of the corporation's most recent annual form 10-K or an equivalent report.

25. After permit issuance, each facility shall annually file an update to the disclosure statement with the department of natural resources on or before March thirty-first of each year. Failure to provide such update may result in penalties as provided for under section 260.240.

26. Any county, district, municipality, authority, or other political subdivision of this state which owns and operates a sanitary landfill shall be exempt from the requirement for the filing of the disclosure statement and annual update to the disclosure statement.

27. Any person seeking a permit to operate a solid waste disposal area, a solid waste processing facility, or a resource recovery facility shall, concurrently with the filing of the application for a permit, disclose any convictions in this state, county or county-equivalent public health or land use ordinances related to the management of solid waste. If the department finds that there has been a continuing pattern of adjudicated violations by the applicant, the department may deny the application.

28. No permit to construct or permit to operate shall be required pursuant to this section for any utility waste landfill located in a county of the third classification with a township form of government which has a population of at least eleven thousand inhabitants and no more than twelve thousand five hundred inhabitants according to the most recent decennial census, if such utility waste landfill complies with all design and operating standards and closure requirements applicable to utility waste landfills pursuant to sections 260.200 to 260.345 and provided that no waste disposed of at such utility waste landfill is considered hazardous waste pursuant to the Missouri hazardous waste law.

29. Advanced recycling facilities are not subject to the requirements of this section as long as the feedstocks received by such facility are source-separated or diverted or recovered from municipal or other waste streams prior to acceptance at the advanced recycling facility.”; and

Further amend the title and enacting clause accordingly.

Senator Brattin moved that the above amendment be adopted.

Senator Thompson Rehder raised the point of order that **SA 1** goes beyond the scope of the underlying bill.

In the absence of President Pro Tem Rowden, the point of order was referred to the Chair of the Committee on Judiciary and Civil and Criminal Jurisprudence who took the point of order under advisement, which placed, **HCS** for **HBs 802, 807, and 886**, with **SCS, SA 1**, and the point of order (pending), on the Informal Calendar.

The proceeds from the sale of the property shall be applied to the payment of any interest and principal of any outstanding valid indebtedness of the county incurred for purchase of the site or construction of the nursing home, or for any repairs, alterations, improvements, or additions thereto, or for the operation of the nursing home. If the proceeds from the sale of the nursing home property, and any interest thereon, are, or will be insufficient to pay the interest and principal of any valid outstanding bonded indebtedness as they fall due, the county commission shall continue to provide for the collection of an annual tax on all taxable personal property in the county sufficient to pay the interest and principal of the indebtedness as it falls due and to retire the bonds within the time required therein.

3. Any balance of the proceeds received by the county for the sale of the nursing home remaining after all indebtedness incurred in connection with the nursing home is paid shall be placed to the credit of the general fund of the county to be used to provide health care services in the county.

4. The sale of a nursing home under this section shall be limited to purchasers who plan to operate a similar facility or otherwise provide medical services to patients, including, but not limited to, residents of the county, for a period of not less than ten years.”; and

(d) Has proficiency in the English language.

Any **graduate of a** medical school [graduate] who could have applied for licensure and complied with the provisions of this subdivision at any time between August 28, 2014, and August 28, 2017, may apply for licensure and shall be deemed in compliance with the provisions of this subdivision;

(a) An assistant physician shall be considered a physician assistant for purposes of regulations of the Centers for Medicare and Medicaid Services (CMS); and

(b) No supervision requirements in addition to the minimum federal law shall be required.

3. (1) For purposes of this section, the licensure of assistant physicians shall take place within processes established by rules of the state board of registration for the healing arts. The board of healing arts is authorized to establish rules under chapter 536 establishing licensure and renewal procedures, supervision, collaborative practice arrangements, fees, and addressing such other matters as are necessary to protect the public and discipline the profession. No licensure fee for an assistant physician shall exceed the amount of any licensure fee for a physician assistant. An application for licensure may be denied or the licensure of an assistant physician may be suspended or revoked by the board in the same manner and for violation of the standards as set forth by section 334.100, or such other standards of conduct set by the board by rule. No rule or regulation shall require an assistant physician to complete more hours of continuing medical education than that of a licensed physician.

(2) Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2014, shall be invalid and void.

(3) Any rules or regulations regarding assistant physicians in effect as of the effective date of this section that conflict with the provisions of this section and section 334.037 shall be null and void as of the effective date of this section.

4. An assistant physician shall clearly identify himself or herself as an assistant physician and shall be permitted to use the terms “doctor”, “Dr.”, or “doc”. No assistant physician shall practice or attempt to practice without an assistant physician collaborative practice arrangement, except as otherwise provided in this section and in an emergency situation.

5. The collaborating physician is responsible at all times for the oversight of the activities of and accepts responsibility for primary care services rendered by the assistant physician.

6. The provisions of section 334.037 shall apply to all assistant physician collaborative practice arrangements. Any renewal of licensure under this section shall include verification of actual practice under a collaborative practice arrangement in accordance with this subsection during the immediately preceding licensure period.

7. Each health carrier or health benefit plan that offers or issues health benefit plans that are delivered, issued for delivery, continued, or renewed in this state shall reimburse an assistant physician for the diagnosis, consultation, or treatment of an insured or enrollee on the same basis that the health carrier or health benefit plan covers the service when it is delivered by another comparable mid-level health care provider including, but not limited to, a physician assistant.

334.104. 1. A physician may enter into collaborative practice arrangements with registered professional nurses. Collaborative practice arrangements shall be in the form of written agreements, jointly agreed-upon protocols, or standing orders for the delivery of health care services. Collaborative practice arrangements, which shall be in writing, may delegate to a registered professional nurse the authority to administer or dispense drugs and provide treatment as long as the delivery of such health care services is within the scope of practice of the registered professional nurse and is consistent with that nurse's skill, training and competence.

2. (1) Collaborative practice arrangements, which shall be in writing, may delegate to a registered professional nurse the authority to administer, dispense or prescribe drugs and provide treatment if the registered professional nurse is an advanced practice registered nurse as defined in subdivision (2) of section 335.016. Collaborative practice arrangements may delegate to an advanced practice registered nurse, as defined in section 335.016, the authority to administer, dispense, or prescribe controlled substances listed in Schedules III, IV, and V of section 195.017, and Schedule II - hydrocodone; except that, the collaborative practice arrangement shall not delegate the authority to administer any controlled substances listed in Schedules III, IV, and V of section 195.017, or Schedule II - hydrocodone for the purpose of inducing sedation or general anesthesia for therapeutic, diagnostic, or surgical procedures. Schedule III narcotic controlled substance and Schedule II - hydrocodone prescriptions shall be limited to a one hundred twenty-hour supply without refill.

(2) **Notwithstanding any other provision of this section to the contrary, a collaborative practice arrangement may delegate to an advanced practice registered nurse the authority to administer, dispense, or prescribe Schedule II controlled substances for hospice patients; provided, that the advanced practice registered nurse is employed by a hospice provider certified pursuant to chapter**

197 and the advanced practice registered nurse is providing care to hospice patients pursuant to a collaborative practice arrangement that designates the certified hospice as a location where the advanced practice registered nurse is authorized to practice and prescribe.

(3) Such collaborative practice arrangements shall be in the form of written agreements, jointly agreed-upon protocols or standing orders for the delivery of health care services.

(4) An advanced practice registered nurse may prescribe buprenorphine for up to a thirty-day supply without refill for patients receiving medication-assisted treatment for substance use disorders under the direction of the collaborating physician.

3. The written collaborative practice arrangement shall contain at least the following provisions:

(1) Complete names, home and business addresses, zip codes, and telephone numbers of the collaborating physician and the advanced practice registered nurse;

(2) A list of all other offices or locations besides those listed in subdivision (1) of this subsection where the collaborating physician authorized the advanced practice registered nurse to prescribe;

(3) A requirement that there shall be posted at every office where the advanced practice registered nurse is authorized to prescribe, in collaboration with a physician, a prominently displayed disclosure statement informing patients that they may be seen by an advanced practice registered nurse and have the right to see the collaborating physician;

(4) All specialty or board certifications of the collaborating physician and all certifications of the advanced practice registered nurse;

(5) The manner of collaboration between the collaborating physician and the advanced practice registered nurse, including how the collaborating physician and the advanced practice registered nurse will:

(a) Engage in collaborative practice consistent with each professional's skill, training, education, and competence;

(b) Maintain geographic proximity, except as specified in this paragraph. The following provisions shall apply with respect to this requirement:

a. Until August 28, 2025, an advanced practice registered nurse providing services in a correctional center, as defined in section 217.010, and his or her collaborating physician shall satisfy the geographic proximity requirement if they practice within two hundred miles by road of one another. An incarcerated patient who requests or requires a physician consultation shall be treated by a physician as soon as appropriate;

b. The collaborative practice arrangement may allow for geographic proximity to be waived for a maximum of twenty-eight days per calendar year for rural health clinics as defined by P.L. 95-210 (42 U.S.C. Section 1395x, as amended), as long as the collaborative practice arrangement includes alternative plans as required in paragraph (c) of this subdivision. This exception to geographic proximity shall apply only to independent rural health clinics, provider-based rural health clinics where the provider

is a critical access hospital as provided in 42 U.S.C. Section 1395i-4, and provider-based rural health clinics where the main location of the hospital sponsor is greater than fifty miles from the clinic[.];

c. The collaborative practice arrangement may allow for geographic proximity to be waived when the arrangement outlines the use of telehealth, as defined in section 191.1145;

d. In addition to the waivers and exemptions provided in this subsection, an application for a waiver for any other reason of any applicable geographic proximity shall be available if a physician is collaborating with an advanced practice registered nurse in excess of any geographic proximity limit. The board of nursing and the state board of registration for the healing arts shall review each application for a waiver of geographic proximity and approve the application if the boards determine that adequate supervision exists between the collaborating physician and the advanced practice registered nurse. The boards shall have forty-five calendar days to review the completed application for the waiver of geographic proximity. If no action is taken by the boards within forty-five days after the submission of the application for a waiver, then the application shall be deemed approved. If the application is denied by the boards, the provisions of section 536.063 for contested cases shall apply and govern proceedings for appellate purposes; and

e. The collaborating physician is required to maintain documentation related to this requirement and to present it to the state board of registration for the healing arts when requested; and

(c) Provide coverage during absence, incapacity, infirmity, or emergency by the collaborating physician;

(6) A description of the advanced practice registered nurse's controlled substance prescriptive authority in collaboration with the physician, including a list of the controlled substances the physician authorizes the nurse to prescribe and documentation that it is consistent with each professional's education, knowledge, skill, and competence;

(7) A list of all other written practice agreements of the collaborating physician and the advanced practice registered nurse;

(8) The duration of the written practice agreement between the collaborating physician and the advanced practice registered nurse;

(9) A description of the time and manner of the collaborating physician's review of the advanced practice registered nurse's delivery of health care services. The description shall include provisions that the advanced practice registered nurse shall submit a minimum of ten percent of the charts documenting the advanced practice registered nurse's delivery of health care services to the collaborating physician for review by the collaborating physician, or any other physician designated in the collaborative practice arrangement, every fourteen days; [and]

(10) The collaborating physician, or any other physician designated in the collaborative practice arrangement, shall review every fourteen days a minimum of twenty percent of the charts in which the advanced practice registered nurse prescribes controlled substances. The charts reviewed under this subdivision may be counted in the number of charts required to be reviewed under subdivision (9) of this subsection; **and**

(11) If a collaborative practice arrangement is used in clinical situations where a collaborating advanced practice registered nurse provides health care services that include the diagnosis and initiation of treatment for acutely or chronically ill or injured persons, then the collaborating physician or any other physician designated in the collaborative practice arrangement shall be present for sufficient periods of time, at least once every two weeks, except in extraordinary circumstances that shall be documented, to participate in a chart review and to provide necessary medical direction, medical services, consultations, and supervision of the health care staff.

4. The state board of registration for the healing arts pursuant to section 334.125 and the board of nursing pursuant to section 335.036 may jointly promulgate rules regulating the use of collaborative practice arrangements. Such rules shall be limited to [specifying geographic areas to be covered,] the methods of treatment that may be covered by collaborative practice arrangements and the requirements for review of services provided pursuant to collaborative practice arrangements including delegating authority to prescribe controlled substances. **Any rules relating to geographic proximity shall allow a collaborating physician and a collaborating advanced practice registered nurse to practice within two hundred miles by road of one another until August 28, 2025, if the nurse is providing services in a correctional center, as defined in section 217.010.** Any rules relating to dispensing or distribution of medications or devices by prescription or prescription drug orders under this section shall be subject to the approval of the state board of pharmacy. Any rules relating to dispensing or distribution of controlled substances by prescription or prescription drug orders under this section shall be subject to the approval of the department of health and senior services and the state board of pharmacy. In order to take effect, such rules shall be approved by a majority vote of a quorum of each board. Neither the state board of registration for the healing arts nor the board of nursing may separately promulgate rules relating to collaborative practice arrangements. Such jointly promulgated rules shall be consistent with guidelines for federally funded clinics. The rulemaking authority granted in this subsection shall not extend to collaborative practice arrangements of hospital employees providing inpatient care within hospitals as defined pursuant to chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

5. The state board of registration for the healing arts shall not deny, revoke, suspend or otherwise take disciplinary action against a physician for health care services delegated to a registered professional nurse provided the provisions of this section and the rules promulgated thereunder are satisfied. Upon the written request of a physician subject to a disciplinary action imposed as a result of an agreement between a physician and a registered professional nurse or registered physician assistant, whether written or not, prior to August 28, 1993, all records of such disciplinary licensure action and all records pertaining to the filing, investigation or review of an alleged violation of this chapter incurred as a result of such an agreement shall be removed from the records of the state board of registration for the healing arts and the division of professional registration and shall not be disclosed to any public or private entity seeking such information from the board or the division. The state board of registration for the healing arts shall take action to correct reports of alleged violations and disciplinary actions as described in this section which have been submitted to the National Practitioner Data Bank. In subsequent applications or representations relating to his **or her** medical practice, a physician completing forms or documents shall not be required to report any actions of the state board of registration for the healing arts for which the records are subject to removal under this section.

6. Within thirty days of any change and on each renewal, the state board of registration for the healing arts shall require every physician to identify whether the physician is engaged in any collaborative practice [agreement] **arrangement**, including collaborative practice [agreements] **arrangements** delegating the authority to prescribe controlled substances, or physician assistant [agreement] **collaborative practice arrangement** and also report to the board the name of each licensed professional with whom the physician has entered into such [agreement] **arrangement**. The board [may] **shall** make this information available to the public. The board shall track the reported information and may routinely conduct random reviews of such [agreements] **arrangements** to ensure that [agreements] **arrangements** are carried out for compliance under this chapter.

7. Notwithstanding any law to the contrary, a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 shall be permitted to provide anesthesia services without a collaborative practice arrangement provided that he or she is under the supervision of an anesthesiologist or other physician, dentist, or podiatrist who is immediately available if needed. Nothing in this subsection shall be construed to prohibit or prevent a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 from entering into a collaborative practice arrangement under this section, except that the collaborative practice arrangement may not delegate the authority to prescribe any controlled substances listed in Schedules III, IV, and V of section 195.017, or Schedule II - hydrocodone.

8. A collaborating physician shall not enter into a collaborative practice arrangement with more than six full-time equivalent advanced practice registered nurses, full-time equivalent licensed physician assistants, or full-time equivalent assistant physicians, or any combination thereof. This limitation shall not apply to collaborative arrangements of hospital employees providing inpatient care service in hospitals as defined in chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008, or to a certified registered nurse anesthetist providing anesthesia services under the supervision of an anesthesiologist or other physician, dentist, or podiatrist who is immediately available if needed as set out in subsection 7 of this section.

9. It is the responsibility of the collaborating physician to determine and document the completion of at least a one-month period of time during which the advanced practice registered nurse shall practice with the collaborating physician continuously present before practicing in a setting where the collaborating physician is not continuously present. This limitation shall not apply to collaborative arrangements of providers of population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008, **or to collaborative practice arrangements between a primary care physician and a primary care advanced practice registered nurse or a behavioral health physician and a behavioral health advanced practice registered nurse, where the collaborating physician is new to a patient population to which the advanced practice registered nurse is familiar.**

10. No agreement made under this section shall supersede current hospital licensing regulations governing hospital medication orders under protocols or standing orders for the purpose of delivering inpatient or emergency care within a hospital as defined in section 197.020 if such protocols or standing orders have been approved by the hospital's medical staff and pharmaceutical therapeutics committee.

11. No contract or other [agreement] **term of employment** shall require a physician to act as a collaborating physician for an advanced practice registered nurse against the physician's will. A physician shall have the right to refuse to act as a collaborating physician, without penalty, for a particular advanced

practice registered nurse. No contract or other agreement shall limit the collaborating physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any advanced practice registered nurse, but this requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by hospital's medical staff.

12. No contract or other [agreement] **term of employment** shall require any advanced practice registered nurse to serve as a collaborating advanced practice registered nurse for any collaborating physician against the advanced practice registered nurse's will. An advanced practice registered nurse shall have the right to refuse to collaborate, without penalty, with a particular physician.

(7) Examine, license, and cause to be renewed the licenses of duly qualified applicants;

(8) Cause the prosecution of all persons violating provisions of sections 335.011 to [335.096] **335.099**, and may incur such necessary expenses therefor;

(9) Keep a record of all the proceedings; and make an annual report to the governor and to the director of the department of commerce and insurance.

2. The board shall set the amount of the fees which this chapter authorizes and requires by rules and regulations. The fees shall be set at a level to produce revenue which shall not substantially exceed the cost and expense of administering this chapter.

3. All fees received by the board pursuant to the provisions of sections 335.011 to [335.096] **335.099** shall be deposited in the state treasury and be placed to the credit of the state board of nursing fund. All administrative costs and expenses of the board shall be paid from appropriations made for those purposes. The board is authorized to provide funding for the nursing education incentive program established in sections 335.200 to 335.203.

4. The provisions of section 33.080 to the contrary notwithstanding, money in this fund shall not be transferred and placed to the credit of general revenue until the amount in the fund at the end of the biennium exceeds two times the amount of the appropriation from the board's funds for the preceding fiscal year or, if the board requires by rule, permit renewal less frequently than yearly, then three times the appropriation from the board's funds for the preceding fiscal year. The amount, if any, in the fund which shall lapse is that amount in the fund which exceeds the appropriate multiple of the appropriations from the board's funds for the preceding fiscal year.

5. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this chapter shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. All rulemaking authority delegated prior

to August 28, 1999, is of no force and effect and repealed. Nothing in this section shall be interpreted to repeal or affect the validity of any rule filed or adopted prior to August 28, 1999, if it fully complied with all applicable provisions of law. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 1999, shall be invalid and void.

Applicants from non-English-speaking countries shall be required to submit evidence of their proficiency in the English language. The applicant must be approved by the board and shall pass an examination as required by the board. In no event shall such temporary permit be in effect for more than twelve months after the date of its issuance nor shall a permit be reissued to the same applicant. No fee shall be charged for such temporary permit. The holder of a temporary permit which has not expired, or been suspended or revoked, shall be deemed to be the holder of a license issued pursuant to section 335.046 until such temporary permit expires, is terminated or is suspended or revoked.

The applicant shall complete the application and return it to the board by the renewal date with a renewal fee in an amount to be set by the board. The fee shall be uniform for all applicants. The certificates of renewal shall render the holder thereof a legal practitioner of nursing for the period stated in the certificate of renewal. Any person who practices nursing as **an advanced practice registered nurse**, a registered professional nurse, or [as] a licensed practical nurse during the time his **or her** license has lapsed shall be considered an illegal practitioner and shall be subject to the penalties provided for violation of the provisions of sections 335.011 to [335.096] **335.099**.

Journal of the Senate

FIRST REGULAR SESSION

FIFTY-SEVENTH DAY - TUESDAY, APRIL 25, 2023

The Senate met pursuant to adjournment.

President Kehoe in the Chair.

Senator May offered the following prayer:

Lord who enlightens, we ask for Your supernatural wisdom as we make some tough decisions today. Lord, we ask that you bind the spirit of division. Help us to carefully consider the relevant information that has been gathered. May those sharing information give us pertinent points so we all clearly understand. Help us to be innovative as we brainstorm solutions. Help us to wisely evaluate our options, considering the pros and cons and their effect on Your people. Help us to be unified in making the best possible decisions and to effectively carry them out. Heavenly Father, in our hearts we plan our course, but we pray that You establish our steps. I pray that we seek You for advice. Let us not make decisions based upon what we know, but let us act based upon Your wisdom. Please guide us, Lord. We place these deliberations in Your hands. We place our hearts and our minds in Your hands so that You may direct us. God of peace, we invite You to preside over this session. Not our will, but Thy will be done. Even if we have different opinions, give us unity of spirit. Help us to each listen politely as others share their points of view. Help us to work as a unified team in combining ideas for a great outcome. Help us to work as a whole, rather than as individuals trying to promote their own agendas. May we have a spirit of camaraderie in this room and work together on our shared mission. In Jesus name, Amen!

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

The department may share the results of such a criminal background check with any emergency services licensing agency in any member state, as that term is defined under section 190.900, in recognition of the EMS personnel licensure interstate compact. The department shall not issue a license until the department receives the results of an applicant's criminal background check from the Missouri state highway patrol and the Federal Bureau of Investigation, but, notwithstanding this subsection, the department may issue a temporary license as provided under section 190.143. Any fees due for a criminal background check shall be paid by the applicant.

Such term shall include insurance purchased unilaterally by the lender or servicer, who is the named insured, subsequent to the date of the credit transaction, providing coverage against loss, expense, or damage to collateralized property as a result of fire, theft, collision, or other risks of loss that would either impair a lender, servicer, or investor’s interest, or adversely affect the value of collateral covered by limited dual interest insurance. (19) “Servicer”, a person or entity, or its affiliates, contractually obligated to service one or more mortgage loans for a lender or investor. Such term shall include entities involved in subservicing arrangements.

2. Individual lender-placed insurance shall terminate on the earliest of the following dates:

(1) The dwelling coverage amount set forth in the most recent evidence of insurance coverage provided by the mortgagee (“last known coverage amount” or “LKCA”), if known to the lender or servicer;

(2) The insurer shall inquire of the insured at least once as to the LKCA, and if it is not able to obtain the LKCA from the insured or in another manner, the replacement cost value may be determined as set forth in subdivision (3) or (4) of this subsection;

(3) If the LKCA is unknown and cannot be obtained from the insured or in another manner, the replacement cost of the property serving as collateral as calculated by the insurer, unless the use of replacement cost for this purpose is prohibited by other law;

(4) If the LKCA is unknown and cannot be obtained from the insured or in another manner, and the replacement cost is not available or its use is prohibited, the unpaid principal balance of the mortgage loan.

2. In the event of a covered loss, any replacement cost coverage provided by an insurer in excess of the unpaid principal balance of the mortgage loan shall be paid to the mortgagor.

5. No insurer shall provide free or below-cost outsourced services to lenders, investors, or servicers, and no insurer shall outsource its own functions to lenders, insurance producers, investors, or servicers on an above-cost basis.

6. No insurer or insurance producer shall make any payments, including, but not limited to, the payment of expenses to a lender, insurer, investor, or servicer, for the purpose of securing lender-placed insurance business or related outsourced services.

379.1859. Nothing in sections 379.1850 to 379.1869 shall be construed to allow an insurance producer or an insurer solely underwriting lender-placed insurance to circumvent the requirements set forth within those sections. Any part of any requirements, limitations, or exclusions provided in sections 379.1850 to 379.1869 shall apply in any part to any insurer or insurance producer involved in lender-placed insurance.

379.1861. Lender-placed insurance shall be set forth in an individual policy or certificate of insurance. 379.1863. 1. All policy forms and certificates of insurance to be delivered or issued for delivery in this state, and the schedules of premium rates pertaining thereto, shall be filed with the department of commerce and insurance.

2. The department of commerce and insurance shall review the rates to determine whether the rates are excessive, inadequate, or unfairly discriminatory. This analysis shall include a determination as to whether expenses included by the insurer in the rate are appropriate.

3. All insurers shall re-file lender-placed insurance rates at least once every four years.

4. All insurers writing lender-placed insurance shall have separate rates for lender-placed insurance and voluntary insurance obtained by a mortgage servicer on real estate owned property.

5. Upon the introduction of a new lender-placed insurance program, the insurer shall reference its experience in existing programs in the associated filings. Nothing in sections 379.1850 to 379.1869 shall limit an insurer's discretion, as actuarially appropriate, to distinguish different terms, conditions, exclusions, eligibility criteria, or other unique or different characteristics. Moreover, an insurer may, where actuarially acceptable, rely upon models or, in the case of flood filings where applicable experience is not credible, on Federal Emergency Management Agency National Flood Insurance Program data.

6. (1) No later than April first of each year, each insurer with at least one hundred thousand dollars in direct written premium for lender-placed insurance in this state during the prior calendar year shall report to the department of commerce and insurance the following information for the prior calendar year:

- (a) Actual loss ratio;
- (b) Earned premium;
- (c) Any aggregate schedule rating debit or credit to earned premium;
- (d) Itemized expenses;
- (e) Paid losses;
- (f) Loss reserves, including case reserves and reserves for incurred but not reported losses.

(2) The report under subdivision (1) of this subsection shall be separately produced for each lender-placed program and presented on both an individual-jurisdiction and countrywide basis.

7. If an insurer experiences an annual loss ratio of less than thirty-five percent in any lender-placed program for two consecutive years, it shall submit a rate filing, either adjusting its rates or supporting their continuance, to the department of commerce and insurance no more than ninety days after the submission of the data required in subsection 6 of this section. This subsection shall not apply with regard to lender-placed flood insurance.

8. Except as otherwise specifically set forth in this section, rates and forms shall be filed as required under the insurance laws of this state.

379.1865. 1. (1) The director of the department of commerce and insurance shall have authority to enforce the provisions of sections 379.1850 to 379.1869 as specified in chapter 374.

(2) A final order of the director enforcing sections 379.1850 to 379.1869 shall be subject to judicial review in accordance with the provisions of chapter 536 in the circuit court of Cole County.

(3) No order of the director enforcing sections 379.1850 to 379.1869 or order of a court to enforce the same shall in any way relieve or absolve any person affected by such order from any liability under any other laws of this state.

2. Nothing in sections 379.1850 to 379.1869 shall be construed to create or imply a private cause of action for violations of sections 379.1850 to 379.1869.

3. Nothing in sections 379.1850 to 379.1869 shall be construed to extinguish any mortgagor rights otherwise available under state, federal, or common law.

379.1867. An insurer that violates an order of the director while the order is in effect may, after notice and hearing and upon order of the director, be subject at the discretion of the director to either or both of the following:

(1) Payment of a monetary penalty of not more than one thousand dollars per violation, not to exceed an aggregate penalty of one hundred thousand dollars, unless the violation was committed flagrantly in a conscious disregard of sections 379.1850 to 379.1869, in which case the penalty shall not be more than twenty-five thousand dollars for each violation, not to exceed an aggregate penalty of two hundred fifty thousand dollars; or

(2) Suspension or revocation of the insurer's license.

379.1869. The department of commerce and insurance may promulgate rules as necessary for the implementation of sections 379.1850 to 379.1869. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2023, shall be invalid and void.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

A reasonable covenant in writing promising not to solicit, recruit, hire, induce, persuade, encourage, or otherwise interfere with, directly or indirectly, the employment of one or more employees or owners of a business entity shall be presumed to be enforceable and not a restraint of trade pursuant to subsection 1 of section 416.031 if it is between a business entity and the owner of the business entity and does not continue for more than two years following the end of the owner's business relationship with the business entity.

2. A reasonable covenant in writing promising not to solicit, induce, direct, or otherwise interfere with, directly or indirectly, a business entity's customers, including any reduction, termination, or transfer of any customer's business, in whole or in part, for the purposes of providing any product or any service that is competitive with those provided by the business entity shall be presumed to be enforceable and not a restraint of trade pursuant to subsection 1 of section 416.031 if the covenant is limited to customers with whom the owner dealt and if the covenant is between a business entity and an owner, so long as the covenant does not continue for more than five years following the end of the owner's business relationship with the business entity.

3. A provision in writing by which an owner promises to provide prior notice of the owner's intent to terminate, sell, or otherwise dispose of such owner's ownership interest in the business entity shall be presumed to be enforceable and not a restraint of trade pursuant to subsection 1 of section 416.031.

4. If a covenant is overbroad, overlong, or otherwise not reasonably necessary to protect the protectable business interests of the business entity seeking enforcement of the covenant, a court shall modify the covenant, enforce the covenant as modified, and grant only the relief reasonably necessary to protect such interests.

5. Nothing in this section is intended to create or to affect the validity or enforceability of covenants not to compete, other types of covenants, or nondisclosure or confidentiality agreements, except as expressly provided in this section.

6. Except as provided in subsection 3 of this section, nothing in this section shall be construed to limit an owner's ability to seek or accept employment with another business entity immediately upon, or at any time subsequent to, termination of the owner's business relationship with the business entity, whether such termination was voluntary or nonvoluntary.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

to any of the provisions governing loans. A consumer legal funding contract that complies with sections 436.550 to 436.572 is not subject to any other statutory or regulatory provisions governing loans or investment contracts. To the extent that sections 436.550 to 436.572 conflict with any other law, such sections shall supersede the other law for the purposes of regulating consumer legal funding in this state.

436.568. No communication between the consumer's attorney in the legal claim and the consumer legal funding company necessary to ascertain the status of a legal claim or a legal claim's expected value shall be discoverable by a party with whom the claim is filed or against whom the claim is asserted. This section does not limit, waive, or abrogate the scope or nature of any statutory or common-law privilege, including the work-product doctrine and attorney-client privilege.

3. 4. A consumer legal funding license shall not be issued unless the division of finance, upon investigation, finds that the character and fitness of the applicant company, and of the officers and directors thereof, are such as to warrant belief that the business shall operate honestly and fairly within the purposes of sections 436.550 to 436.572.

5. Every applicant shall also, at the time of filing such application, file a bond satisfactory to the division of finance in an amount not to exceed fifty thousand dollars. The bond shall provide that the applicant shall faithfully conform to and abide by the provisions of sections 436.550 to 436.572, to all rules lawfully made by the commissioner under sections 436.550 to 436.572, and the bond shall act as a surety for any person or the state for any and all amount of moneys that may become due or owing from the applicant under and by virtue of sections 436.550 to 436.572, which shall include

the result of any action that occurred while the bond was in place for the applicable period of limitations under statute and so long as the bond is not exhausted by valid claims.

6. If an action is commenced on a licensee's bond, the commissioner may require the filing of a new bond. Immediately upon any recovery on the bond, the licensee shall file a new bond.

7. To ensure the effective supervision and enforcement of sections 436.550 to 436.572, the commissioner may, under chapter 536:

(1) Deny, suspend, revoke, condition, or decline to renew a license for a violation of sections 436.550 to 436.572, rules issued under sections 436.550 to 436.572, or order or directive entered under sections 436.550 to 436.572;

(2) Deny, suspend, revoke, condition, or decline to renew a license if an applicant or licensee fails at any to time meet the requirements of sections 436.550 to 436.572, or withholds information or makes a material misstatement in an application for a license or renewal of a license;

(3) Order restitution against persons subject to sections 436.550 to 436.572 for violations of sections 436.550 to 436.572; and

(4) Order or direct such other affirmative action as the commissioner deems necessary.

8. Any letter issued by the commissioner and declaring grounds for denying or declining to grant or renew a license may be appealed to the circuit court of Cole County. All other matters presenting a contested case involving a licensee may be heard by the commissioner under chapter 536.

9. Notwithstanding the prior approval requirement of subsection 1 of this section, a consumer legal funding company that has applied with the division of finance between the effective date of sections 436.550 to 436.572, or when the division of finance has made applications available to the public, whichever is later, and six months thereafter may engage in consumer legal funding while the license application of the company or an affiliate of the company is awaiting approval by the division of finance and until such time as the applicant has pursued all appellate remedies and procedures for any denial of such application. All funding contracts in effect prior to the effective date of sections 436.550 to 436.572 are not subject to the terms of sections 436.550 to 436.572.

10. If it appears to the commissioner that any consumer legal funding company is failing, refusing, or neglecting to make a good faith effort to comply with the provisions of sections 436.550 to 436.572, or any laws or rules relating to consumer legal funding, the commissioner may issue an order to cease and desist, which may be enforceable by a civil penalty of not more than one thousand dollars per day for each day that the neglect, failure, or refusal continues. The penalty shall be assessed and collected by the commissioner. In determining the amount of the penalty, the commissioner shall take into account the appropriateness of the penalty with respect to the gravity of the violation, any history of previous violations, and any other matters justice may require.

11. If any consumer legal funding company fails, refuses, or neglects to comply with the provisions of sections 436.550 to 436.572, or of any laws or rules relating to consumer legal funding, its license may be suspended or revoked by order of the commissioner after a hearing before said commissioner on any order to show cause why such order of suspension or revocation should not be entered and that specifies the grounds therefor. Such an order shall be served on the particular

consumer legal funding company at least ten days prior to the hearing. Any order made and entered by the commissioner may be appealed to the circuit court of Cole County.

12. (1) The division shall conduct an examination of each consumer funding company at least once every twenty-four months and at such other times as the commissioner may determine.

(2) For any such investigation or examination, the commissioner and his or her representatives shall have free and immediate access to the place or places of business and the books and records, and shall have the authority to place under oath all persons whose testimony may be required relative to the affairs and business of the consumer legal funding company.

(3) The commissioner may also make such special investigations or examination as the commissioner deems necessary to determine whether any consumer legal funding company has violated any of the provisions of sections 436.550 to 436.572 or rules promulgated thereunder, and the commissioner may assess the reasonable costs of any investigation or examination incurred by the division to the company.

13. The division of finance shall have the authority to promulgate rules to carry out the provisions of sections 436.550 to 436.572. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2023, shall be invalid and void.

143.121. 1. The Missouri adjusted gross income of a resident individual shall be the taxpayers federal adjusted gross income subject to the modifications in this section.

2. There shall be added to the taxpayers federal adjusted gross income:

The amount added pursuant to this subdivision shall not include any amount of a federal income tax refund attributable to a tax credit reducing a taxpayers federal tax liability pursuant to Public Law 116-136 or 116-260, enacted by the 116th United States Congress, for the tax year beginning on or after January 1, 2020, and ending on or before December 31, 2020, and deducted from Missouri adjusted gross income pursuant to section 143.171. (2) Interest on certain governmental obligations excluded from federal gross income by 26 U.S.C. Section 103 of the Internal Revenue Code, as amended. The previous sentence shall not apply to interest on obligations of the state of Missouri or any of its political subdivisions or authorities and shall not apply to the interest described in subdivision (1) of subsection 3 of this section. The amount added pursuant to this subdivision shall be reduced by the amounts applicable to such interest that would have been deductible in computing the taxable income of the taxpayer except only for the application of 26 U.S.C. Section 265 of the Internal Revenue Code, as amended. The reduction shall only be made if it is at least five hundred dollars;

(3) The amount of any deduction that is included in the computation of federal taxable income pursuant to 26 U.S.C. Section 168 of the Internal Revenue Code of 1986 as in effect on January 1, 2002;

(4) The amount of any deduction that is included in the computation of federal taxable income for net operating loss allowed by 26 U.S.C. Section 172 of the Internal Revenue Code of 1986, as amended, other

than the deduction allowed by 26 U.S.C. Section 172(b)(1)(G) and 26 U.S.C. Section 172(i) of the Internal Revenue Code of 1986, as amended, for a net operating loss the taxpayer claims in the tax year in which the net operating loss occurred or carries forward for a period of more than twenty years and carries backward for more than two years. Any amount of net operating loss taken against federal taxable income but disallowed for Missouri income tax purposes pursuant to this subdivision after June 18, 2002, may be carried forward and taken against any income on the Missouri income tax return for a period of not more than twenty years from the year of the initial loss; and

(5) For nonresident individuals in all taxable years ending on or after December 31, 2006, the amount of any property taxes paid to another state or a political subdivision of another state for which a deduction was allowed on such nonresidents federal return in the taxable year unless such state, political subdivision of a state, or the District of Columbia allows a subtraction from income for property taxes paid to this state for purposes of calculating income for the income tax for such state, political subdivision of a state, or the District of Columbia;

(6) For all tax years beginning on or after January 1, 2018, any interest expense paid or accrued in a previous taxable year, but allowed as a deduction under 26 U.S.C. Section 163, as amended, in the current taxable year by reason of the carryforward of disallowed business interest provisions of 26 U.S.C. Section 163(j), as amended. For the purposes of this subdivision, an interest expense is considered paid or accrued only in the first taxable year the deduction would have been allowable under 26 U.S.C. Section 163, as amended, if the limitation under 26 U.S.C. Section 163(j), as amended, did not exist.

3. There shall be subtracted from the taxpayers federal adjusted gross income the following amounts to the extent included in federal adjusted gross income:

(1) Interest received on deposits held at a federal reserve bank or interest or dividends on obligations of the United States and its territories and possessions or of any authority, commission or instrumentality of the United States to the extent exempt from Missouri income taxes pursuant to the laws of the United States. The amount subtracted pursuant to this subdivision shall be reduced by any interest on indebtedness incurred to carry the described obligations or securities and by any expenses incurred in the production of interest or dividend income described in this subdivision. The reduction in the previous sentence shall only apply to the extent that such expenses including amortizable bond premiums are deducted in determining the taxpayers federal adjusted gross income or included in the taxpayers Missouri itemized deduction. The reduction shall only be made if the expenses total at least five hundred dollars;

(2) The portion of any gain, from the sale or other disposition of property having a higher adjusted basis to the taxpayer for Missouri income tax purposes than for federal income tax purposes on December 31, 1972, that does not exceed such difference in basis. (3) The amount necessary to prevent the taxation pursuant to this chapter of any annuity or other amount of income or gain which was properly included in income or gain and was taxed pursuant to the

laws of Missouri for a taxable year prior to January 1, 1973, to the taxpayer, or to a decedent by reason of whose death the taxpayer acquired the right to receive the income or gain, or to a trust or estate from which the taxpayer received the income or gain;

(4) Accumulation distributions received by a taxpayer as a beneficiary of a trust to the extent that the same are included in federal adjusted gross income;

(5) The amount of any state income tax refund for a prior year which was included in the federal adjusted gross income;

(6) The portion of capital gain specified in section 135.357 that would otherwise be included in federal adjusted gross income;

(7) The amount that would have been deducted in the computation of federal taxable income pursuant to 26 U.S.C. Section 168 of the Internal Revenue Code as in effect on January 1, 2002, to the extent that amount relates to property purchased on or after July 1, 2002, but before July 1, 2003, and to the extent that amount exceeds the amount actually deducted pursuant to 26 U.S.C. Section 168 of the Internal Revenue Code as amended by the Job Creation and Worker Assistance Act of 2002;

The total reimbursement shall equal the increase in the estate tax, to the extent the principal used to pay the increase would have qualified for a marital or charitable deduction but for the payment. “[469.409. 1. Any claim for breach of a trustee’s duty to impartially administer a trust related, directly or indirectly, to an adjustment made by a fiduciary to the allocation between principal and income pursuant to subsection 1 of section 469.405 or any allocation made by the fiduciary pursuant to any authority or

discretion specified in subsection 1 of section 469.403, unless previously barred by adjudication, consent or other limitation, shall be barred as provided in this section.

(1) Any such claim brought by a qualified beneficiary is barred if not asserted in a judicial proceeding commenced within two years after the trustee has sent a report to that qualified beneficiary that adequately discloses the facts constituting the claim.

(2) Any such claim brought by a beneficiary (other than a qualified beneficiary) with any interest whatsoever in the trust, no matter how remote or contingent, or whether or not the beneficiary is ascertainable or has the capacity to contract, is barred if not asserted in a judicial proceeding commenced within two years after the first to occur of:

(a) The date the trustee sent a report to all qualified beneficiaries that adequately discloses the facts constituting the claim; or

(b) The date the trustee sent a report to a person that represents the beneficiary under the provisions of subdivision (2) of subsection 2 of this section.

2. For purposes of this section the following rules shall apply:

(1) A report adequately discloses the facts constituting a claim if it provides sufficient information so that the beneficiary should know of the claim or reasonably should have inquired into its existence;

(2) Section 469.402 shall apply in determining whether a beneficiary (including a qualified beneficiary) has received notice for purposes of this section;

(3) The determination of the identity of all qualified beneficiaries shall be made on the date the report is deemed to have been sent; and

(4) This section does not preclude an action to recover for fraud or misrepresentation related to the report.]

[469.411. 1. (1) If the provisions of this section apply to a trust, the unitrust amount determined for each accounting year of the trust shall be a percentage between three and five percent of the average net fair market value of the trust, as of the first day of the trust's current accounting year. The percentage applicable to a trust shall be that percentage specified by the terms of the governing instrument or by the election made in accordance with subdivision (2) of subsection 5 of this section.

(2) The unitrust amount for the current accounting year computed pursuant to this section shall be proportionately reduced for any distributions, in whole or in part, other than distributions of the unitrust amount, and for any payments of expenses, including debts, disbursements and taxes, from the trust within a current accounting year that the trustee determines to be material and substantial, and shall be proportionately increased for the receipt, other than a receipt that represents a return on investment, of any additional property into the trust within a current accounting year.

(3) For purposes of this section, the net fair market values of the assets held in the trust on the first business day of a prior accounting quarter shall be adjusted to reflect any reduction, in the case of a distribution or payment, or increase, in the case of a receipt, for the prior accounting year pursuant to subdivision (1) of this subsection, as if the distribution, payment or receipt had occurred on the first day of the prior accounting year.

(4) In the case of a short accounting period, the trustee shall prorate the unitrust amount on a daily basis.

(5) In the case where the net fair market value of an asset held in the trust has been incorrectly determined in any quarter, the unitrust amount shall be increased in the case of an undervaluation, or be decreased in the case of an overvaluation, by an amount equal to the difference between the unitrust amount determined based on the correct valuation of the asset and the unitrust amount originally determined.

2. As used in this section, the following terms mean:

(1) "Average net fair market value", a rolling average of the fair market value of the assets held in the trust on the first business day of the lessor of the number of accounting quarters of the trust from the date of inception of the trust to the determination of the trust's average net fair market value, or twelve accounting quarters of the trust, regardless of whether this section applied to the ascertainment of net income for all valuation quarters;

(2) "Current accounting year", the accounting period of the trust for which the unitrust amount is being determined.

3. In determining the average net fair market value of the assets held in the trust, there shall not be included the value of:

(1) Any residential property or any tangible personal property that, as of the first business day of the current valuation year, one or more income beneficiaries of the trust have or had the right to occupy, or have or had the right to possess or control, other than in a capacity as trustee, and instead the right of occupancy or the right to possession or control shall be deemed to be the unitrust amount with respect to the residential property or the tangible personal property; or

(2) Any asset specifically given to a beneficiary under the terms of the trust and the return on investment on that asset, which return on investment shall be distributable to the beneficiary.

4. In determining the average net fair market value of the assets held in the trust pursuant to subsection 1 of this section, the trustee shall, not less often than annually, determine the fair market value of each asset of the trust that consists primarily of real property or other property that is not traded on a regular basis in an active market by appraisal or other reasonable method or estimate, and that determination, if made reasonably and in good faith, shall be conclusive as to all persons interested in the trust. Any claim based on a determination made pursuant to this subsection shall be barred if not asserted in a judicial proceeding brought by any beneficiary with any interest whatsoever in the trust within two years after the trustee has sent a report to all qualified beneficiaries that adequately discloses the facts constituting the

claim. The rules set forth in subsection 2 of section 469.409 shall apply to the barring of claims pursuant to this subsection.

5. This section shall apply to the following trusts:

(1) Any trust created after August 28, 2001, with respect to which the terms of the trust clearly manifest an intent that this section apply;

(2) Any trust created under an instrument that became irrevocable on, before, or after August 28, 2001, if the trustee, in the trustee's discretion, elects to have this section apply unless the instrument creating the trust specifically prohibits an election under this subdivision. The trustee shall deliver notice to all qualified beneficiaries and the settlor of the trust, if he or she is then living, of the trustee's intent to make such an election at least sixty days before making that election. The trustee shall have sole authority to make the election. Section 469.402 shall apply for all purposes of this subdivision. An action or order by any court shall not be required. The election shall be made by a signed writing delivered to the settlor of the trust, if he or she is then living, and to all qualified beneficiaries. The election is irrevocable, unless revoked by order of the court having jurisdiction of the trust. The election may specify the percentage used to determine the unitrust amount pursuant to this section, provided that such percentage is between three and five percent, or if no percentage is specified, then that percentage shall be three percent. In making an election pursuant to this subsection, the trustee shall be subject to the same limitations and conditions as apply to an adjustment between income and principal pursuant to subsections 3 and 4 of section 469.405; and

(3) No action of any kind based on an election made by a trustee pursuant to subdivision (2) of this subsection shall be brought against the trustee by any beneficiary of that trust three years from the effective date of that election.

6. (1) Once the provisions of this section become applicable to a trust, the net income of the trust shall be the unitrust amount.

(2) Unless otherwise provided by the governing instrument, the unitrust amount distributed each year shall be paid from the following sources for that year up to the full value of the unitrust amount in the following order:

- (a) Net income as determined if the trust were not a unitrust;
- (b) Other ordinary income as determined for federal income tax purposes;
- (c) Assets of the trust principal for which there is a readily available market value; and
- (d) Other trust principal.

(3) Additionally, the trustee may allocate to trust income for each taxable year of the trust, or portion thereof:

(a) Net short-term capital gain described in the Internal Revenue Code, 26 U.S.C. Section 1222(5), for such year, or portion thereof, but only to the extent that the amount so allocated together with all other

amounts to trust income, as determined under the provisions of this chapter without regard to this section, for such year, or portion thereof, does not exceed the unitrust amount for such year, or portion thereof;

(b) Net long-term capital gain described in the Internal Revenue Code, 26 U.S.C. Section 1222(7), for such year, or portion thereof, but only to the extent that the amount so allocated together with all other amounts, including amounts described in paragraph (a) of this subdivision, allocated to trust income for such year, or portion thereof, does not exceed the unitrust amount for such year, or portion thereof.

7. A trust with respect to which this section applies on August 28, 2011, may calculate the unitrust amount in accordance with the provisions of this section, as it existed either before or after such date, as the trustee of such trust shall determine in a writing kept with the records of the trust in the trustee's discretion.]

[469.461. 1. A fiduciary may make adjustments between principal and income to offset the shifting of economic interests or tax benefits between income beneficiaries and remainder beneficiaries which arise from:

(1) Elections and decisions, other than those described in subsection 2 of this section, that the fiduciary makes from time to time regarding tax matters;

(2) An income tax or any other tax that is imposed upon the fiduciary or a beneficiary as a result of a transaction involving or a distribution from the estate or trust; or

(3) The ownership by an estate or trust of an interest in an entity whose taxable income, whether or not distributed, is includable in the taxable income of the estate, trust or a beneficiary.

2. If the amount of an estate tax marital deduction or charitable contribution deduction is reduced because a fiduciary deducts an amount paid from principal for income tax purposes instead of deducting it for estate tax purposes, and as a result estate taxes paid from principal are increased and income taxes paid by an estate, trust or beneficiary are decreased, each estate, trust or beneficiary that benefits from the decrease in income tax shall reimburse the principal from which the increase in estate tax is paid. The total reimbursement shall equal the increase in the estate tax to the extent that the principal used to pay the increase would have qualified for a marital deduction or charitable contribution deduction but for the payment. The proportionate share of the reimbursement for each estate, trust or beneficiary whose income taxes are reduced shall be the same as its proportionate share of the total decrease in income tax. An estate or trust shall reimburse principal from income.]"; and"; and

361.981. 1. The circuit court in an action brought by a licensee shall have jurisdiction to grant appropriate equitable or legal relief, including without limitation prohibiting the authorized delegate from directly or indirectly acting as an authorized delegate for any licensee in this state and the payment of restitution, damages, or other monetary relief, if the circuit court finds that an authorized delegate failed to remit money in accordance with the written contract required by subsection 2 of section 361.1275 or as otherwise directed by the licensee or required by law.

2. If a licensee fails to forward money received for transmission in accordance with this section, the licensee shall respond to inquiries by the sender with the reason for the failure unless providing a response would violate a state or federal law, rule, or regulation.

(4) The refund is requested for a transaction that the licensee has not completed based on a reasonable belief or a reasonable basis to believe that a crime or violation of law, rule, or regulation has occurred, is occurring, or may occur; or

(5) The refund request does not enable the licensee to:

361.1005. 1. A licensee shall maintain at all times permissible investments that have a market value computed in accordance with United States generally accepted accounting principles of not less than the aggregate amount of all of its outstanding money transmission obligations.

2. Except for permissible investments enumerated in subsection 1 of section 361.1008, the commissioner, with respect to any licensee, may by rule limit the extent to which a specific investment maintained by a licensee within a class of permissible investments may be considered a permissible investment if the specific investment represents undue risk to customers not reflected in the market value of investments.

3. Any statutory trust established under this subsection shall be terminated upon extinguishment of all of the licensee's outstanding money transmission obligations.

5. The commissioner by rule or by order may allow other types of investments that the commissioner determines are of sufficient liquidity and quality to be a permissible investment. The commissioner is authorized to participate in efforts with other state regulators to determine that other types of investments are of sufficient liquidity and quality to be a permissible investment.

361.1008. 1. The following investments are permissible under section 361.1005:

4. The commissioner may designate an agent to serve on the commissioner's behalf as beneficiary to a letter of credit so long as the agent and letter of credit meet requirements established by the commissioner. The commissioner's agent may serve as agent for multiple licensing authorities for a single irrevocable letter of credit if the proceeds of the drawable amount for the purposes of this subsection are assigned to the commissioner.

5. The commissioner is authorized to participate in multistate processes designed to facilitate the issuance and administration of letters of credit including, but not limited to, services provided by the NMLS, State Regulatory Registry LLC, or other third parties.

3. An authorized delegate may apply for relief from a suspension or revocation of designation as an authorized delegate according to procedures prescribed by the commissioner.

If the commissioner determines that a violation of sections 361.900 to 361.1035 or of a rule adopted or an order issued under sections 361.900 to 361.1035 by a licensee or authorized delegate is likely to cause immediate and irreparable harm to the licensee, its customers, or the public as a result of the violation, or cause insolvency or significant dissipation of assets of the licensee, the commissioner may issue an order requiring the licensee or authorized delegate to cease and desist from the violation. The order becomes effective upon service to the licensee or authorized delegate.

2. The commissioner may issue an order against a licensee to cease and desist from providing money transmission through an authorized delegate that is the subject of a separate order by the commissioner.

2. Notwithstanding subsection 1 of this section, a licensee shall only be required to amend its authorized delegate contracts for contracts entered into or amended after the effective date or the completion of any transition period contemplated under subsection 1 of this section. Nothing herein shall be construed as limiting an authorized delegate's obligations to operate in full compliance with sections 361.900 to 361.1035 as required by subsection 3 of section 361.975.

Journal of the Senate

FIRST REGULAR SESSION

FIFTY-NINTH DAY - THURSDAY, APRIL 27, 2023

The Senate met pursuant to adjournment.

Senator Fitzwater in the Chair.

Senator Mosley offered the following prayer:

Dear Lord, I come to You in the name of Jesus. I pray for the members of this chamber, who have vowed to serve this great state of Missouri. Your word teaches us to love our neighbors, no matter what party they belong to. 1 Corinthians 13:4-8 tells us Love is patient and kind; love does not envy or boast; it is not arrogant or rude. It does not insist on its own way; it is not irritable or resentful; it does not rejoice at wrongdoing, but rejoices with the truth. I pray that Your word convicts the hearts of our members, and they feel the strong nudging of the Holy Spirit. Forgive us of all wrongdoing and help us to forgive those who have wronged us. I pray for a productive day and that we do what is best for our constituents. I pray we understand we are here to serve others, not to serve ourselves. This I ask in Jesus name I pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

“211.071. 1. If a petition alleges that a child between the ages of twelve and eighteen has committed an offense which would be considered a felony if committed by an adult, the court may, upon its own motion or upon motion by the juvenile officer, the child or the child’s custodian, order a hearing and may, in its discretion, dismiss the petition and such child may be transferred to the court of general jurisdiction and prosecuted under the general law; except that if a petition alleges that any child has committed an offense which would be considered first degree murder under section 565.020, second degree murder under section 565.021, first degree assault under section 565.050, forcible rape under section 566.030 as it existed prior to August 28, 2013, rape in the first degree under section 566.030, forcible sodomy under section 566.060 as it existed prior to August 28, 2013, sodomy in the first degree under section 566.060, first degree robbery under section 569.020 as it existed prior to January 1, 2017, [or] robbery in the first

2. Upon apprehension and arrest, jurisdiction over the criminal offense allegedly committed by any person between eighteen and twenty-one years of age over whom the juvenile court has retained continuing jurisdiction shall automatically terminate and that offense shall be dealt with in the court of general jurisdiction as provided in section 211.041.

3. Knowing and willful age misrepresentation by a juvenile subject shall not affect any action or proceeding which occurs based upon the misrepresentation. Any evidence obtained during the period of time in which a child misrepresents his or her age may be used against the child and will be subject only to rules of evidence applicable in adult proceedings.

4. Written notification of a transfer hearing shall be given to the juvenile and his or her custodian in the same manner as provided in sections 211.101 and 211.111. Notice of the hearing may be waived by the custodian. Notice shall contain a statement that the purpose of the hearing is to determine whether the child is a proper subject to be dealt with under the provisions of this chapter, and that if the court finds that the child is not a proper subject to be dealt with under the provisions of this chapter, the petition will be dismissed to allow for prosecution of the child under the general law.

5. The juvenile officer may consult with the office of prosecuting attorney concerning any offense for which the child could be certified as an adult under this section. The prosecuting or circuit attorney shall have access to police reports, reports of the juvenile or deputy juvenile officer, statements of witnesses and all other records or reports relating to the offense alleged to have been committed by the child. The prosecuting or circuit attorney shall have access to the disposition records of the child when the child has been adjudicated pursuant to subdivision (3) of subsection 1 of section 211.031. The prosecuting attorney shall not divulge any information regarding the child and the offense until the juvenile court at a judicial hearing has determined that the child is not a proper subject to be dealt with under the provisions of this chapter.

6. A written report shall be prepared in accordance with this chapter developing fully all available information relevant to the criteria which shall be considered by the court in determining whether the child is a proper subject to be dealt with under the provisions of this chapter and whether there are reasonable prospects of rehabilitation within the juvenile justice system. These criteria shall include but not be limited to:

(1) The seriousness of the offense alleged and whether the protection of the community requires transfer to the court of general jurisdiction;

(2) Whether the offense alleged involved viciousness, force and violence;

(3) Whether the offense alleged was against persons or property with greater weight being given to the offense against persons, especially if personal injury resulted;

(4) Whether the offense alleged is a part of a repetitive pattern of offenses which indicates that the child may be beyond rehabilitation under the juvenile code;

(5) The record and history of the child, including experience with the juvenile justice system, other courts, supervision, commitments to juvenile institutions and other placements;

(6) The sophistication and maturity of the child as determined by consideration of his or her home and environmental situation, emotional condition and pattern of living;

(7) The age of the child;

(8) The program and facilities available to the juvenile court in considering disposition;

(9) Whether or not the child can benefit from the treatment or rehabilitative programs available to the juvenile court; and

(10) Racial disparity in certification.

7. If the court dismisses the petition to permit the child to be prosecuted under the general law, the court shall enter a dismissal order containing:

(1) Findings showing that the court had jurisdiction of the cause and of the parties;

(2) Findings showing that the child was represented by counsel;

(3) Findings showing that the hearing was held in the presence of the child and his or her counsel; and

(4) Findings showing the reasons underlying the court's decision to transfer jurisdiction.

8. A copy of the petition and order of the dismissal shall be sent to the prosecuting attorney.

9. When a petition has been dismissed thereby permitting a child to be prosecuted under the general law and the prosecution of the child results in a conviction, the jurisdiction of the juvenile court over that child is forever terminated, except as provided in subsection 10 of this section, for an act that would be a violation of a state law or municipal ordinance.

10. If a petition has been dismissed thereby permitting a child to be prosecuted under the general law and the child is found not guilty by a court of general jurisdiction, the juvenile court shall have jurisdiction over any later offense committed by that child which would be considered a misdemeanor or felony if committed by an adult, subject to the certification provisions of this section.

11. If the court does not dismiss the petition to permit the child to be prosecuted under the general law, it shall set a date for the hearing upon the petition as provided in section 211.171.”; and

Further amend said bill, Page 26, Section 571.070, Lines 5-10, by deleting said lines and inserting in lieu thereof the following:

HOUSE AMENDMENT NO. 5

Amend House Committee Substitute for Senate Bill No. 186, Page 3, Section 56.601, Line 50, by inserting after all of said section and line the following:

“57.952. 1. There is hereby authorized a “Sheriffs’ Retirement Fund” which shall be under the management of a board of directors described in section 57.958. The board of directors shall be responsible for the administration and the investment of the funds of such sheriffs’ retirement fund. [Neither] The general assembly [nor] **and** the governing body of a county [shall] **may** appropriate funds for deposit in the sheriffs’ retirement fund. If insufficient funds are generated to provide the benefits payable pursuant to the provisions of sections 57.949 to 57.997, the board shall proportion the benefits according to the funds available.

2. The board may accept gifts, donations, grants, and bequests from public or private sources to the sheriffs’ retirement fund.

3. Each county shall make the payroll deductions for member contributions mandated under section 57.961, and the county shall transmit such moneys to the board for deposit into the sheriffs’ retirement fund.

57.961. 1. On and after the effective date of the establishment of the system, as an incident to his **or her** employment or continued employment, each person employed as an elected or appointed sheriff of a county shall become a member of the system. Such membership shall continue as long as the person continues to be an employee, or receives or is eligible to receive benefits under the provisions of sections 57.949 to 57.997.

2. Notwithstanding any other provision of law to the contrary, each person who is a member of the system on or after January 1, 2024, shall be required to contribute five percent of the member’s pay to the retirement system. Such contribution shall be made notwithstanding that the minimum salary or wages provided by law for any member shall thereby be changed. Each member shall be deemed to consent and agree to the deduction made and provided for herein. Payment of a member’s compensation less such deduction shall be a full and complete discharge and acquittance of all claims and demands whatsoever for services rendered by him or her to a county, except as to benefits provided by this system.

3. The officer or officers responsible for making up the payrolls for each county shall cause the contribution provided for in this section to be deducted from the compensation of the member in the employ of the county, on each and every payroll, for each and every payroll to the date his or

her membership terminates. When deducted, each contribution shall be paid by the county to the system; the payments shall be made in the manner and shall be accompanied by such supporting data as the board shall from time to time prescribe. When paid to the system, each of the contributions shall be credited to the member from whose compensation the contributions were deducted. The contributions so deducted shall be treated as employee contributions for purposes of determining the member's pay that is includable in the member's gross income for federal income tax purposes.

4. Member contributions deducted and paid into the system by the county shall be paid from the same source of funds used for the payment of pay to a member. A deduction shall be made from each member's pay equal to the amount of the member's contributions picked up by the employer. This deduction, however, shall not reduce the member's pay for purposes of computing benefits under the retirement system under this chapter.

5. The contributions, although designated as employee contributions, shall be paid by the county in lieu of the contributions by the member. The member shall not have the option of choosing to receive the contributed amounts directly instead of having them paid by the county to the retirement system.

6. A former member who is not vested may request a refund of his or her contributions. Such refund shall be paid by the system after ninety days from the date of termination of employment or the request, whichever is later, and shall include all contributions made to any retirement plan administered by the system.

[2.] 7. Beginning September 1, 1986, any city not within a county and any county having a charter form of government may elect, by a majority vote of its governing body, to come under the provisions of sections 57.949 to 57.997 except for the provisions of section 57.955. Notice in writing of such election shall be given to the board, and the person employed as sheriff of such county, as an incident of his contract of employment or continued employment, shall become a member of the system on the first day of the month immediately following the date the board receives notice. Such membership shall continue as long as the person continues to be an employee, or receives or is eligible to receive benefits under the provisions of sections 57.949 to 57.997, and upon becoming a member he shall receive credit for all prior service as if he had become a member on December 22, 1983.

8. Subject to the limitations under sections 57.949 to 57.997, the board shall have the authority to formulate and adopt rules and regulations for the administration of these provisions.

57.967. 1. The normal annuity of a retired member shall equal two percent of the final average compensation of the retired member multiplied by the number of years of creditable service of the retired member, except that the normal annuity shall not exceed seventy-five percent of the retired member's average final compensation. **Such annuity shall be not less than one thousand dollars per month.**

2. The board, at its last meeting of each calendar year, shall determine the monthly amount for medical insurance premiums to be paid to each retired member during the next following calendar year. The monthly amount shall not exceed four hundred fifty dollars. The monthly payments are at the discretion of the board on the advice of the actuary. The anticipated sum of all such payments during the year plus the annual normal cost plus the annual amount to amortize the unfunded actuarial accrued liability in no

more than thirty years shall not exceed the anticipated moneys credited to the system pursuant to [section] **sections 57.952 and 57.955**. The money amount granted here shall not be continued to any survivor.

3. If a member with eight or more years of service dies before becoming eligible for retirement, the member's surviving spouse, if he or she has been married to the member for at least two years prior to the member's death, shall be entitled to survivor benefits under option 1 as set forth in section 57.979 as if the member had retired on the date of the member's death. The member's monthly benefit shall be calculated as the member's accrued benefit at his or her death reduced by one-fourth of one percent per month for an early commencement from the member's normal retirement date: age fifty-five with twelve or more years of creditable service or age sixty-two with eight years of creditable service, to the member's date of death. Such benefit shall be payable on the first day of the month following the member's death and shall be payable during the surviving spouse's lifetime.

57.991. **1. For members of the system prior to December 31, 2023**, the benefits provided for by sections 57.949 to 57.997 shall in no way affect any person's eligibility for retirement benefits under the local government employees' retirement system, sections 70.600 to 70.755, or any other local government retirement or pension system, or in any way have the effect of reducing retirement benefits in such systems, or reducing compensation or mileage reimbursement of employees, anything to the contrary notwithstanding.

2. Any new members employed under this section, on or after January 1, 2024, shall be subject to the following provisions:

(1) A member of another state or local retirement or pension system who begins employment in a position covered by the sheriffs' retirement system shall become a member of the sheriffs' retirement system upon employment. Any membership in any other state or local retirement or pension system shall cease, except that the member shall be entitled to benefits accrued through December 31, 2023, or the commencement of membership in the sheriffs' retirement system, whichever is later; and

(2) Subject to the limitations under sections 57.949 to 57.997, the board shall have the authority to formulate and adopt rules and regulations for the administration of these provisions.”; and

2. Upon the establishment of a municipal police force by a city under sections 84.343 to 84.346, the board of police commissioners shall convey, assign, and otherwise transfer to the city title and ownership of all indebtedness and assets, including, but not limited to, all funds and real and personal property held in the name of or controlled by the board of police commissioners created under sections 84.010 to 84.340. The board of police commissioners shall execute all documents reasonably required to accomplish such transfer of ownership and obligations.

3. If the city establishes a municipal police force and completes the transfer described in subsection 2 of this section, the city shall provide the necessary funds for the maintenance of the municipal police force.

4. Before a city not within a county may establish a municipal police force under this section, the city shall adopt an ordinance accepting responsibility, ownership, and liability as successor-in-interest for contractual obligations, indebtedness, and other lawful obligations of the board of police commissioners subject to the provisions of subsection 2 of section 84.345.

5. A city not within a county that establishes a municipal police force shall initially employ, without a reduction in rank, salary, or benefits, all commissioned and civilian personnel of the board of police commissioners created under sections 84.010 to 84.340 that were employed by the board immediately prior to the date the municipal police force was established. Such commissioned personnel who previously were employed by the board may only be involuntarily terminated by the city not within a county for cause. 8. If the city not within a county elects to establish a municipal police force under this section, the city shall establish a separate division for the operation of its municipal police force. The civil service commission of the city may adopt rules and regulations appropriate for the unique operation of a police department. Such rules and regulations shall reserve exclusive authority over the disciplinary process and procedures affecting commissioned officers to the civil service commission; however, until such time as the city adopts such rules and regulations, the commissioned personnel shall continue to be governed by the board of police commissioner's rules and regulations in effect immediately prior to the establishment of the municipal police force, with the police chief acting in place of the board of police commissioners for purposes of applying the rules and regulations. Unless otherwise provided for, existing civil service commission rules and regulations governing the appeal of disciplinary decisions to the civil service commission shall apply to all commissioned and civilian personnel. The civil service commission's rules and regulations shall provide that records prepared for disciplinary purposes shall be confidential, closed records available solely to the civil service commission and those who possess authority to conduct investigations regarding disciplinary matters pursuant to the civil service commission's rules and regulations. A hearing officer shall be appointed by the civil service commission to hear any such appeals that involve discipline resulting in a suspension of greater than fifteen days, demotion, or termination, but the civil service commission shall make the final findings of fact, conclusions of law, and decision which shall be subject to any right of appeal under chapter 536.

(4) May pay an additional shift differential compensation to commissioned and civilian personnel for evening and night tours of duty in an amount not to exceed ten percent of the officer's base hourly rate.

10. A city not within a county that establishes a municipal police force under sections 84.343 to 84.346 shall establish a transition committee of five members for the purpose of: coordinating and implementing the transition of authority, operations, assets, and obligations from the board of police commissioners to the city; winding down the affairs of the board; making nonbinding recommendations for the transition of the police force from the board to the city; and other related duties, if any, established by executive order of the city's mayor. 195.817. 1. The department of health and senior services shall require all employees, contractors, owners, and volunteers of marijuana facilities to submit fingerprints to the Missouri state highway patrol for the purpose of conducting a state and federal fingerprint-based criminal background check.

2. The department may require that such fingerprint submissions be made as part of a marijuana facility application, a marijuana facility renewal application, and an individual's application for a license or permit authorizing that individual to be an employee, contractor, owner, or volunteer of a marijuana facility.

3. Fingerprint cards and any required fees shall be sent to the Missouri state highway patrol's central repository. The fingerprints shall be used for searching the state criminal records repository and shall also be forwarded to the Federal Bureau of Investigation for a federal criminal records search under section 43.540. 210.305. 1. When an initial emergency placement of a child is deemed necessary, the children's division shall immediately begin a diligent search to locate, contact, and place the child with a grandparent or grandparents or a relative or relatives of the child, subject to subsection 3 of section 210.565 regarding preference of placement, except when the children's division determines that placement with a grandparent or grandparents or a relative or relatives is not in the best interest of the child and subject to the provisions of section 210.482 regarding background checks for emergency placements. If emergency placement of a child with grandparents or relatives is deemed not to be in the best interest of the child, the children's division shall document in writing the reason for denial and shall have just cause to deny the emergency placement. The children's division shall continue the search for other relatives until the division locates the relatives of the child for placement or the court excuses further search. Prior to placement of the child in any emergency placement, the division shall assure that the child's physical needs are met.

2. For purposes of this section, the following terms shall mean:

(1) "Diligent search", an exhaustive effort to identify and locate the grandparents or relatives whose identity or location is unknown. "Diligent search" shall include, but is not limited to:

- (a) Interviews with the child's parent during the course of an investigation, while child protective services are provided, and while such child is in care;
- (b) Interviews with the child;
- (c) Interviews with identified grandparents or relatives throughout the case;
- (d) Interviews with any other person who is likely to have information about the identity or location of the person being sought;
- (e) Comprehensive searches of databases available to the children's division;
- (f) Appropriate inquiry during the course of hearings in the case; and
- (g) Any other reasonable means that are likely to identify grandparents, relatives, or other persons who have demonstrated an ongoing commitment to the child;

(2) "Emergency placement", those limited instances when the children's division is placing for an initial placement a child in the home of private individuals, including neighbors, friends, or relatives, as a result of a sudden unavailability of the child's primary caretaker.

3. A diligent search shall be made to locate, contact, and notify the grandparent or grandparents of the child within three hours from the time the emergency placement is deemed necessary for the child. During such three-hour time period, the child may be placed in an emergency placement. If a grandparent or grandparents of the child cannot be located within the three-hour period, the child may be temporarily placed in emergency placement; except that, after the emergency placement is deemed necessary, the children's division shall continue a diligent search to contact, locate, and place the child with a grandparent or grandparents, or other relatives, with first consideration given to a grandparent for placement, subject to subsection 3 of section 210.565 regarding preference of placement.

4. A diligent search shall be made to locate, contact, and notify the relative or relatives of the child within thirty days from the time the emergency placement is deemed necessary for the child. The children's division shall continue the search for the relative or relatives until the division locates the relative or relatives of the child for placement, **for six months following the child's out-of-home placement**, or the court excuses further search, **whichever occurs first. The department shall resume search efforts if ordered by the court, a change in the child's placement occurs, or a party shows that continuing the search is in the best interests of the child.** The children's division, or an entity under contract with the division, shall use all sources of information, including any known parent or relative, to attempt to locate an appropriate relative as placement.

5. [Search progress under subsection 3 or 4 of this section shall be reported at each court hearing until the grandparents or relatives are either located or the court excuses further search.] **The children's division shall file with the court information regarding attempts made under this section within thirty days from the date the child was removed from his or her home, or as otherwise required by the court, and at each periodic review hearing. Such information shall include:**

- (1) A detailed narrative explaining the division's efforts to find and consider each potential placement and the specific outcome;
- (2) The names of and relevant information about grandparents and relatives of the child;

(3) Steps taken by the division to locate and contact grandparents and relatives of the child;
(4) Responses received from grandparents and relatives of the child;
(5) Dates of each attempted or completed contact with a grandparent or relative of the child;
(6) Reasons why a grandparent or relative of the child was not considered for emergency or permanent placement of the child; and

(7) All efforts for placement of the child through an interstate compact agreement under section 210.620, including:

(a) The names of grandparents or relatives of the child who were considered for an interstate placement;

(b) Any pending placement of the child through an interstate compact agreement; and

(c) All potential out-of-state placements outside of an interstate compact agreement and the reasons such placements have not been initiated.

If an out-of-state placement option exists and the division has failed to file a request with the receiving state under the requirements of an interstate compact agreement under section 210.620, the court shall enter a finding that the division has not made a due diligence search and shall order the division to file a request with the receiving state under the terms of the interstate compact.

6. All grandparents or relatives to the child identified in a diligent search required by this section, subject to exceptions due to family or domestic violence or other safety concerns, shall be provided with notice, via certified mail as appropriate, that includes, but is not limited to:

(1) A specification that an alleged dependent child has been or is being removed from his or her parental custody;

(2) An explanation of the options a grandparent or relative has to participate in the care and placement of the alleged dependent child and any options that may be lost by failing to respond to the notice;

(3) A description of the process for becoming a licensed foster family home and the additional services and supports available for children placed in approved foster homes;

(4) A description of any financial assistance for which a grandparent or relative may be eligible; and

(5) An explanation that any response received after thirty days or willful failure to respond upon receiving a notice may result in the grandparent or relative of the child not being considered for placement.

7. If a grandparent or relative entitled to notice under this section fails to respond to the division, responds and declines to be considered as placement for the child, or is otherwise presently prevented from being considered as placement for the child and later petitions the court for a change in placement, such person shall provide evidence that such change is in the child's best interests.

8. Nothing in this section shall be construed or interpreted to interfere with or supersede laws related to parental rights or judicial authority.

210.565. 1. Whenever a child is placed in a foster home and the court has determined pursuant to subsection 4 of this section that foster home placement with relatives is not contrary to the best interest of the child, the children's division shall give foster home placement to relatives of the child. Notwithstanding any rule of the division to the contrary **and under section 210.305**, the children's division shall complete a diligent search to locate and notify the grandparents, adult siblings, parents of siblings of the child, and all other relatives and determine whether they wish to be considered for placement of the child. Grandparents who request consideration shall be given preference and first consideration for foster home placement of the child. If more than one grandparent requests consideration, the family support team shall make recommendations to the juvenile or family court about which grandparent should be considered for placement.

2. As used in this section, the following terms shall mean:

(1) "Adult sibling", any brother or sister of whole or half-blood who is at least eighteen years of age;

(2) "Relative", a grandparent or any other person related to another by blood or affinity or a person who is not so related to the child but has a close relationship with the child or the child's family. **A foster parent or kinship caregiver with whom a child has resided for nine months or more is a person who has a close relationship with the child.** The status of a grandparent shall not be affected by the death or the dissolution of the marriage of a son or daughter;

(3) "Sibling", one of two or more individuals who have one or both parents in common through blood, marriage, or adoption, including siblings as defined by the child's tribal code or custom.

3. The following shall be the order or preference for placement of a child under this section:

(1) Grandparents;

(2) Adult siblings or parents of siblings;

(3) Relatives [related by blood or affinity within the third degree]; **and**

(4) [Other relatives; and

(5)] Any foster parent who is currently licensed and capable of accepting placement of the child.

4. The preference for placement and first consideration for grandparents or preference for placement with other relatives created by this section shall only apply where the court finds that placement with such grandparents or other relatives is not contrary to the best interest of the child considering all circumstances. If the court finds that it is contrary to the best interest of a child to be placed with grandparents or other relatives, the court shall make specific findings on the record detailing the reasons why the best interests of the child necessitate placement of the child with persons other than grandparents or other relatives. **Absent evidence to the contrary, the court may presume that continuation of the child's placement with his or her current caregivers is in the child's best interests.**

5. Recognizing the critical nature of sibling bonds for children, the children's division shall make reasonable efforts to place siblings in the same foster care, kinship, guardianship, or adoptive placement, unless doing so would be contrary to the safety or well-being of any of the siblings. If siblings are not placed together, the children's division shall make reasonable efforts to provide frequent visitation or other

ongoing interaction between the siblings, unless this interaction would be contrary to a sibling's safety or well-being.

6. The age of the child's grandparent or other relative shall not be the only factor that the children's division takes into consideration when it makes placement decisions and recommendations to the court about placing the child with such grandparent or other relative.

7. For any Native American child placed in protective custody, the children's division shall comply with the placement requirements set forth in 25 U.S.C. Section 1915.

8. A grandparent or other relative may, on a case-by-case basis, have standards for licensure not related to safety waived for specific children in care that would otherwise impede licensing of the grandparent's or relative's home. In addition, any person receiving a preference may be licensed in an expedited manner if a child is placed under such person's care.

9. The guardian ad litem shall ascertain the child's wishes and feelings about his or her placement by conducting an interview or interviews with the child, if appropriate based on the child's age and maturity level, which shall be considered as a factor in placement decisions and recommendations, but shall not supersede the preference for relative placement created by this section or be contrary to the child's best interests.

210.795. 1. (1) A child in the care and custody of the children's division whose physical whereabouts are unknown to the division, the child's physical custodian, or contracted service providers shall be considered missing and the case manager or placement provider shall immediately inform a law enforcement agency having jurisdiction and the National Center for Missing and Exploited Children within two hours of discovery that the child is missing.

(2) The case manager shall document the report number and any relevant information in the child's record.

(3) Within twenty-four hours of a report being made under this subsection, the department shall inform and obtain information about the child's disappearance from the child's parents, known relatives, out-of-home caregivers, attorney, guardian or guardian ad litem, court appointed special advocate, juvenile officer, or Indian tribe, as applicable, or from any other person known to the department who may have relevant information regarding the child's disappearance.

(4) The case manager shall:

(a) Within one week and monthly thereafter, maintain contact with the child's family members, friends, school faculty, and service providers and with any other person or agency involved in the child's case;

(b) Document ongoing efforts to locate the child; and

(c) Continue contacting law enforcement about the missing child and shall make quarterly reports to the court about the status of the child and efforts to locate the child.

The department shall contact law enforcement every seven days and document the information provided and any information received.

(5) The division shall not petition the court for a release of jurisdiction for the child or stop searching for the child while the child is missing until the child reaches the age of twenty-one.

2. The division shall maintain protocols, including appropriate trainings, for conducting ongoing searches for children missing from care. Such protocols shall include preventative measures to identify and mitigate risk to children who are at increased risk for running away or disappearing or of being victims of trafficking as defined under section 566.200.

3. The division shall ensure that each child in the care and custody of the division has an updated photograph in the child's record.

4. When a child is located, the department shall:

(1) Inform all law enforcement agencies and organizations involved in the child's case; and

(2) Have in-person contact with the child within twenty-four hours after the child is located to assess the child's health, experiences while absent, the appropriateness of the child returning to the child's current placement, and the factors that contributed to the child's absence.

5. Any employee or contractor with the children's division, child welfare agencies, other state agencies, or schools shall, upon becoming aware that an emancipated minor as defined in section 302.178, a homeless youth as defined in section 167.020, or an unaccompanied minor as defined in section 210.121 is missing, inform the appropriate law enforcement agency and the National Center for Missing and Exploited Children within twenty-four hours.

6. Within twenty-four hours of a missing child being found, the division shall assess whether the child was a victim of trafficking and determine any factors that caused the child to go missing.

7. The general assembly may require an annual independent audit of the department's compliance with this section."; and

10. If a petition has been dismissed thereby permitting a child to be prosecuted under the general law and the child is found not guilty by a court of general jurisdiction, the juvenile court shall have jurisdiction over any later offense committed by that child which would be considered a misdemeanor or felony if committed by an adult, subject to the certification provisions of this section.

11. If the court does not dismiss the petition to permit the child to be prosecuted under the general law, it shall set a date for the hearing upon the petition as provided in section 211.171.

A sheriff may refuse to perform any service in any action or proceeding, other than when court costs are waived as provided by law, until the charge provided by this section is paid. 2. The sheriff shall, as provided in section 57.280, receive for receiving and paying moneys on execution or other process, where lands or goods have been levied and advertised and sold, five percent on five hundred dollars and four percent on all sums above five hundred dollars, and half of these sums, when the money is paid to the sheriff without a levy, or where the lands or goods levied on shall not be sold and the money is paid to the sheriff or person entitled thereto, his or her agent or attorney. 491.075. 1. A statement made by a child under the age of [fourteen] **eighteen**, or a vulnerable person, relating to an offense under chapter 565, 566, 568 or 573, performed by another, not otherwise admissible by statute or court rule, is admissible in evidence in criminal proceedings in the courts of this state as substantive evidence to prove the truth of the matter asserted if:

(1) The court finds, in a hearing conducted outside the presence of the jury that the time, content and circumstances of the statement provide sufficient indicia of reliability; and

(2) (a) The child or vulnerable person testifies at the proceedings; or

(b) The child or vulnerable person is unavailable as a witness; or

(c) The child or vulnerable person is otherwise physically available as a witness but the court finds that the significant emotional or psychological trauma which would result from testifying in the personal presence of the defendant makes the child or vulnerable person unavailable as a witness at the time of the criminal proceeding.

2. Notwithstanding subsection 1 of this section or any provision of law or rule of evidence requiring corroboration of statements, admissions or confessions of the defendant, and notwithstanding any prohibition of hearsay evidence, a statement by a child when under the age of [fourteen] **eighteen**, or a vulnerable person, who is alleged to be victim of an offense under chapter 565, 566, 568 or 573 is sufficient corroboration of a statement, admission or confession regardless of whether or not the child or vulnerable person is available to testify regarding the offense.

3. A statement may not be admitted under this section unless the prosecuting attorney makes known to the accused or the accused's counsel his or her intention to offer the statement and the particulars of the statement sufficiently in advance of the proceedings to provide the accused or the accused's counsel with a fair opportunity to prepare to meet the statement.

4. Nothing in this section shall be construed to limit the admissibility of statements, admissions or confessions otherwise admissible by law.

5. For the purposes of this section, "vulnerable person" shall mean a person who, as a result of an inadequately developed or impaired intelligence or a psychiatric disorder that materially affects ability to function, lacks the mental capacity to consent, or whose developmental level does not exceed that of an ordinary child of [fourteen] **seventeen** years of age.

492.304. 1. In addition to the admissibility of a statement under the provisions of section 492.303, the visual and aural recording of a verbal or nonverbal statement of a child when under the age of [fourteen] **eighteen** [who is alleged to be a victim of] **or a vulnerable person, relating to** an offense under the provisions of chapter 565, 566 [or] , 568, **or 573 if performed by another**, is admissible into evidence if:

(1) No attorney for either party was present when the statement was made; except that, for any statement taken at a state-funded child assessment center as provided for in subsection 2 of section 210.001, an attorney representing the state of Missouri in a criminal investigation may, as a member of a multidisciplinary investigation team, observe the taking of such statement, but such attorney shall not be present in the room where the interview is being conducted;

(2) The recording is both visual and aural and is recorded on film or videotape or by other electronic means;

(3) The recording equipment was capable of making an accurate recording, the operator of the equipment was competent, and the recording is accurate and has not been altered;

(4) The statement was not made in response to questioning calculated to lead the child **or vulnerable person** to make a particular statement or to act in a particular way;

(5) Every voice on the recording is identified;

(6) The person conducting the interview of the child **or vulnerable person** in the recording is present at the proceeding and available to testify or be cross-examined by either party; and

(7) The defendant or the attorney for the defendant is afforded an opportunity to view the recording before it is offered into evidence.

2. If the child **or vulnerable person** does not testify at the proceeding, the visual and aural recording of a verbal or nonverbal statement of the child **or vulnerable person** shall not be admissible under this section unless the recording qualifies for admission under section 491.075.

3. If the visual and aural recording of a verbal or nonverbal statement of a child **or vulnerable person** is admissible under this section and the child **or vulnerable person** testifies at the proceeding, it shall be admissible in addition to the testimony of the child **or vulnerable person** at the proceeding whether or not it repeats or duplicates the child's **or vulnerable person's** testimony.

4. As used in this section, a nonverbal statement shall be defined as any demonstration of the child **or vulnerable person** by his or her actions, facial expressions, demonstrations with a doll or other visual aid whether or not this demonstration is accompanied by words.

5. For the purposes of this section, "vulnerable person" shall mean a person who, as a result of an inadequately developed or impaired intelligence or a psychiatric disorder that materially affects the ability to function, lacks the mental capacity to consent, or whose developmental level does not exceed that of an ordinary child of seventeen years of age.

494.430. 1. Upon timely application to the court, the following persons shall be excused from service as a petit or grand juror:

(1) Any person who has served on a state or federal petit or grand jury within the preceding two years;

(2) Any nursing mother, upon her request, and with a completed written statement from her physician to the court certifying she is a nursing mother;

(3) Any person whose absence from his or her regular place of employment would, in the judgment of the court, tend materially and adversely to affect the public safety, health, welfare or interest;

(4) Any person upon whom service as a juror would in the judgment of the court impose an undue or extreme physical or financial hardship;

(5) Any person licensed as a health care provider as such term is defined in section 538.205, but only if such person provides a written statement to the court certifying that he or she is actually providing health care services to patients, and that the person's service as a juror would be detrimental to the health of the person's patients;

(6) Any employee of a religious institution whose religious obligations or constraints prohibit their serving on a jury. The certification of the employment and obligation or constraint may be provided by the employee's religious supervisor;

(7) **When requested**, any person who is [seventy-five] **seventy** years of age or older.

2. A judge of the court for which the individual was called to jury service shall make undue or extreme physical or financial hardship determinations. The authority to make these determinations is delegable only to court officials or personnel who are authorized by the laws of this state to function as members of the judiciary.

3. A person asking to be excused based on a finding of undue or extreme physical or financial hardship must take all actions necessary to have obtained a ruling on that request by no later than the date on which the individual is scheduled to appear for jury duty.

4. Unless it is apparent to the court that the physical hardship would significantly impair the person's ability to serve as a juror, for purposes of sections 494.400 to 494.460 undue or extreme physical or financial hardship is limited to circumstances in which an individual would:

(1) Be required to abandon a person under his or her personal care or supervision due to the impossibility of obtaining an appropriate substitute caregiver during the period of participation in the jury pool or on the jury; or

(2) Incur costs that would have a substantial adverse impact on the payment of the individual's necessary daily living expenses or on those for whom he or she provides the principal means of support; or

(3) Suffer physical hardship that would result in illness or disease.

5. Undue or extreme physical or financial hardship does not exist solely based on the fact that a prospective juror will be required to be absent from his or her place of employment.

6. A person asking a judge to grant an excuse based on undue or extreme physical or financial hardship shall provide the judge with documentation as required by the judge, such as, but not limited to, federal and state income tax returns, medical statements from licensed physicians, proof of dependency or guardianship, and similar documents, which the judge finds to clearly support the request to be excused.

Failure to provide satisfactory documentation shall result in a denial of the request to be excused. Such documents shall be filed under seal.

7. After two years, a person excused from jury service shall become eligible once again for qualification as a juror unless the person was excused from service permanently. A person is excused from jury service permanently only when the deciding judge determines that the underlying grounds for being excused are of a permanent nature."; and

4. Applications for reimbursement shall be submitted by May first of the current fiscal year, and disbursements shall be made by June thirtieth of the current fiscal year. Applications submitted after May first of the current fiscal year shall be reimbursed in the following fiscal year. 5. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. The interruption shall continue until such person is returned to the correctional center where the sentence was being served, or in the case of a person committed to the custody of the department of corrections, to any correctional center operated by the department of corrections. An escape shall also interrupt the jail time credit to be applied to a sentence which had not commenced when the escape occurred.

5. If a sentence of imprisonment is vacated and a new sentence imposed upon the offender for that offense, all time served under the vacated sentence shall be credited against the new sentence, unless the time has already been credited to another sentence as provided in subsection 1 of this section.

When sufficient funds become available from the fund, awards which have not been paid shall be paid in chronological order with the oldest paid first. In the event an award was to be paid in installments and some remaining installments have not been paid due to a lack of funds, then when funds do become available that award shall be paid in full. All such awards

Section 1. 1. HOUSE AMENDMENT NO. 7

Amend House Committee Substitute for Senate Bill No. 186, Page 5, Section 211.031, Line 93, by inserting after all of said section and line the following:

“301.227. 1. Whenever a vehicle is sold for salvage, dismantling or rebuilding, the purchaser shall forward to the director of revenue within ten days the certificate of ownership or salvage certificate of title and the proper application and fee of eight dollars and fifty cents, and the director shall issue a negotiable salvage certificate of title to the purchaser of the salvaged vehicle. On vehicles purchased during a year that is no more than six years after the manufacturer's model year designation for such vehicle, it shall be mandatory that the purchaser apply for a salvage title. On vehicles purchased during a year that is more than six years after the manufacturer's model year designation for such vehicle, then application for a salvage title shall be optional on the part of the purchaser. Whenever a vehicle is sold for destruction and a salvage certificate of title, junking certificate, or certificate of ownership exists, the seller, if licensed under sections 301.217 to 301.221, shall forward the certificate to the director of revenue within ten days, with the notation of the date sold for destruction and the name of the purchaser clearly shown on the face of the certificate.

2. Whenever a vehicle is classified as junk, as defined in section 301.010, the purchaser may forward to the director of revenue a properly completed application for a junking certificate as well as the salvage certificate of title or certificate of ownership and the director shall issue a negotiable junking certificate to the purchaser of the vehicle. The director may also issue a junking certificate to a possessor of a vehicle manufactured twenty-six years or more prior to the current model year who has a bill of sale for said vehicle but does not possess a certificate of ownership, provided no claim of theft has been made on the vehicle and the highway patrol has by letter stated the vehicle is not listed as stolen after checking the registration number through its nationwide computer system. Such junking certificate may be granted within thirty days of the submission of a request. A junking certificate shall authorize the holder to possess, transport, or, by assignment, transfer ownership in such parts, scrap, or junk.

3. For any vehicle issued a junking certificate or such similar document or classification pursuant to the laws of another state, regardless of whether such designation has been subsequently changed by law in any other state, the department shall only issue a junking certificate, and a salvage certificate of title or original certificate of ownership shall not thereafter be issued for such vehicle. Notwithstanding the provisions of this subsection, if the vehicle has not previously been classified as a junk vehicle, the

applicant making the original junking certification application shall, within ninety days, be allowed to rescind his application for a junking certificate by surrendering the junking certificate and apply for a salvage certificate of title in his name. The seller of a vehicle for which a junking certificate has been applied for or issued shall disclose such fact in writing to any prospective buyers before sale of such vehicle; otherwise the sale shall be voidable at the option of the buyer.

4. No scrap metal operator shall acquire or purchase a motor vehicle or parts thereof without, at the time of such acquisition, receiving the original certificate of ownership or salvage certificate of title or junking certificate from the seller of the vehicle or parts, unless the seller is a licensee under sections 301.219 to 301.221.

5. All titles and certificates required to be received by scrap metal operators from nonlicensees shall be forwarded by the operator to the director of revenue within ten days of the receipt of the vehicle or parts.

6. The scrap metal operator shall keep a record, for three years, of the seller's name and address, the salvage business license number of the licensee, date of purchase, and any vehicle or parts identification numbers open for inspection as provided in section 301.225.

7. Notwithstanding any other provision of this section, a motor vehicle dealer as defined in section 301.550 and licensed under the provisions of sections 301.550 to 301.572 may negotiate one reassignment of a salvage certificate of title on the back thereof.

8. Notwithstanding the provisions of subsection 1 of this section, an insurance company which settles a claim for a stolen vehicle may apply for and shall be issued a negotiable salvage certificate of title without the payment of any fee upon proper application within thirty days after settlement of the claim for such stolen vehicle. However, if the insurance company upon recovery of a stolen vehicle determines that the stolen vehicle has not sustained damage to the extent that the vehicle would have otherwise been declared a salvage vehicle pursuant to section 301.010, then the insurance company may have the vehicle inspected by the Missouri state highway patrol, or other law enforcement agency authorized by the director of revenue, in accordance with the inspection provisions of subsection 9 of section 301.190. Upon receipt of title application, applicable fee, the completed inspection, and the return of any previously issued negotiable salvage certificate, the director shall issue an original title with no salvage or prior salvage designation. Upon the issuance of an original title the director shall remove any indication of the negotiable salvage title previously issued to the insurance company from the department's electronic records.

9. Notwithstanding subsection 4 of this section or any other provision of the law to the contrary, if a motor vehicle is inoperable and is at least [ten] **twenty** model years old, or the parts are from a motor vehicle that is inoperable and is at least [ten] **twenty** model years old, a scrap metal operator may purchase or acquire such motor vehicle or parts without receiving the original certificate of ownership, salvage certificate of title, or junking certificate from the seller of the vehicle or parts, provided the scrap metal operator verifies with the department of revenue, via the department's online record access, that the motor vehicle is not subject to any recorded security interest or lien and the scrap metal operator complies with

the requirements of this subsection. In lieu of forwarding certificates of title or ownership for such motor vehicles as required by subsection 5 of this section, the scrap metal operator shall forward a copy of the seller's state identification card along with a bill of sale to the department of revenue. The bill of sale form shall be designed by the director and such form shall include, but not be limited to, a certification that the motor vehicle is at least [ten] **twenty** model years old, is inoperable, is not subject to any recorded security interest or lien, and a certification by the seller that the seller has the legal authority to sell or otherwise transfer the seller's interest in the motor vehicle or parts. Upon receipt of the information required by this subsection, the department of revenue shall cancel any certificate of title or ownership and registration for the motor vehicle. If the motor vehicle is inoperable and at least twenty model years old, then the scrap metal operator shall not be required to verify with the department of revenue whether the motor vehicle is subject to any recorded security interests or liens. As used in this subsection, the term "inoperable" means a motor vehicle that is in a rusted, wrecked, discarded, worn out, extensively damaged, dismantled, and mechanically inoperative condition and the vehicle's highest and best use is for scrap purposes. The director of the department of revenue is directed to promulgate rules and regulations to implement and administer the provisions of this section, including but not limited to, the development of a uniform bill of sale. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2012, shall be invalid and void."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

In all cases under this section, the court shall issue an order of expungement or dismissal within six months of the filing of the petition. A copy of the order of expungement shall be provided to the petitioner and each entity possessing records subject to the order, and, upon receipt of the order, each entity shall close any record in its possession relating to any offense, violation, or infraction listed in the petition, in the manner established by section 610.120. The records and files maintained in any administrative or court proceeding in a municipal, associate, or circuit court for any offense, infraction, or violation ordered expunged under this section shall be confidential and only available to the parties or by order of the court for good cause shown. The central repository shall request the Federal Bureau of Investigation to expunge the records from its files.

8. The order shall not limit any of the petitioner's rights that were restricted as a collateral consequence of such person's criminal record, and such rights shall be restored upon issuance of the order of expungement. For purposes of 18 U.S.C. Section 921(a)(33)(B)(ii), an order of expungement granted pursuant to this section shall be considered a complete removal of all effects of the expunged conviction.

Except as otherwise provided under this section, the effect of such order shall be to restore such person to the status he or she occupied prior to such arrests, pleas, trials, or convictions as if such events had never taken place. No person as to whom such order has been entered shall be held thereafter under any provision of law to be guilty of perjury or otherwise giving a false statement by reason of his or her failure to recite or acknowledge such arrests, pleas, trials, convictions, or expungement in response to an inquiry made of him or her and no such inquiry shall be made for information relating to an expungement, except the petitioner shall disclose the expunged offense, violation, or infraction to any court when asked or upon being charged with any subsequent offense, violation, or infraction. The expunged offense, violation, or infraction may be considered a prior offense in determining a sentence to be imposed for any subsequent offense that the person is found guilty of committing.

9. Notwithstanding the provisions of subsection 8 of this section to the contrary, a person granted an expungement shall disclose any expunged offense, violation, or infraction when the disclosure of such information is necessary to complete any application for:

- (1) A license, certificate, or permit issued by this state to practice such individual's profession;
- (2) Any license issued under chapter 313 or permit issued under chapter 571;
- (3) Paid or unpaid employment with an entity licensed under chapter 313, any state-operated lottery, or any emergency services provider, including any law enforcement agency;
- (4) Employment with any federally insured bank or savings institution or credit union or an affiliate of such institution or credit union for the purposes of compliance with 12 U.S.C. Section 1829 and 12 U.S.C. Section 1785;
- (5) Employment with any entity engaged in the business of insurance or any insurer for the purpose of complying with 18 U.S.C. Section 1033, 18 U.S.C. Section 1034, or other similar law which requires an employer engaged in the business of insurance to exclude applicants with certain criminal convictions from employment; or
- (6) Employment with any employer that is required to exclude applicants with certain criminal convictions from employment due to federal or state law, including corresponding rules and regulations.

An employer shall notify an applicant of the requirements under subdivisions (4) to (6) of this subsection. Notwithstanding any provision of law to the contrary, an expunged offense, violation, or infraction shall not be grounds for automatic disqualification of an applicant, but may be a factor for denying employment, or a professional license, certificate, or permit; except that, an offense, violation, or infraction expunged under the provisions of this section may be grounds for automatic disqualification if the application is for employment under subdivisions (4) to (6) of this subsection.

10. A person who has been granted an expungement of records pertaining to a misdemeanor or felony offense, an ordinance violation, or an infraction may answer "no" to an employer's inquiry into whether the person has ever been convicted of a crime if, after the granting of the expungement, the person has no public record of a misdemeanor or felony offense, an ordinance violation, or an infraction. The person, however, shall answer such an inquiry affirmatively and disclose his or her criminal convictions, including any offense or violation expunged under this section or similar law, if the employer is required to exclude

applicants with certain criminal convictions from employment due to federal or state law, including corresponding rules and regulations.

11. If the court determines that the petitioner has not met the criteria for any of the offenses, violations, or infractions listed in the petition for expungement or the petitioner has knowingly provided false information in the petition, the court shall enter an order dismissing the petition. Any person whose petition for expungement has been dismissed by the court for failure to meet the criteria set forth in subsection 5 of this section may not refile another petition until a year has passed since the date of filing for the previous petition.

12. A person may be granted more than one expungement under this section provided that during his or her lifetime, the total number of offenses, violations, or infractions for which orders of expungement are granted to the person shall not exceed the following limits:

(1) Not more than two misdemeanor offenses or ordinance violations that have an authorized term of imprisonment; and

(2) Not more than one felony offense.

A person may be granted expungement under this section for any number of infractions. Nothing in this section shall prevent the court from maintaining records to ensure that an individual has not exceeded the limitations of this subsection. Nothing in this section shall be construed to limit or impair in any way the subsequent use of any record expunged under this section of any arrests or findings of guilt by a law enforcement agency, criminal justice agency, prosecuting attorney, circuit attorney, or municipal prosecuting attorney, including its use as a prior offense, violation, or infraction.

13. The court shall make available a form for pro se petitioners seeking expungement, which shall include the following statement: "I declare under penalty of perjury that the statements made herein are true and correct to the best of my knowledge, information, and belief."

14. Nothing in this section shall be construed to limit or restrict the availability of expungement to any person under any other law.

2. The offense of escape or attempted escape from custody is a class A misdemeanor unless:

(1) The person escaping or attempting to escape is under arrest for a felony, in which case it is a class E felony; or

““72.418. 1. Notwithstanding any other provision of law to the contrary, no new city created pursuant to sections 72.400 to 72.423 shall establish a municipal fire department to provide fire protection services, including emergency medical services, if such city formerly consisted of unincorporated areas in the county or municipalities in the county, or both, which are provided fire protection services and emergency medical services by one or more fire protection districts. Such fire protection districts shall continue to provide services to the area comprising the new city and may levy and collect taxes the same as such districts had prior to the creation of such new city.

2. Fire protection districts serving the area included within any annexation by a city having a fire department, including simplified boundary changes, shall continue to provide fire protection services, including emergency medical services to such area. The annexing city shall pay annually to the fire protection district an amount equal to that which the fire protection district would have levied on all taxable property within the annexed area. Such annexed area shall not be subject to taxation for any purpose thereafter by the fire protection district except for bonded indebtedness by the fire protection district which existed prior to the annexation. The amount to be paid annually by the municipality to the fire protection district pursuant hereto shall be a sum equal to the annual assessed value multiplied by the annual tax rate as certified by the fire protection district to the municipality, including any portion of the tax created for emergency medical service provided by the district, per one hundred dollars of assessed value in such area. The tax rate so computed shall include any tax on bonded indebtedness incurred subsequent to such annexation, but shall not include any portion of the tax rate for bonded indebtedness incurred prior to such annexation. Notwithstanding any other provision of law to the contrary, the residents of an area annexed on or after May 26, 1994, may vote in all fire protection district elections and may be elected to the fire protection district board of directors.

3. The fire protection district may approve or reject any proposal for the provision of fire protection and emergency medical services by a city.

4. Notwithstanding any other provision of law, in any city with more than eleven thousand but fewer than twelve thousand five hundred inhabitants and located in a county with more than one million inhabitants that became a constitutional charter city after 1990 and that pays a fire protection district under this section, all residents of the city shall receive fire protection services from the city fire department beginning January 1, 2024, so long as the city fire department is in existence, and not a fire protection district, and the city shall not make any payments to a fire protection district under this section on or after January 1, 2024. Nothing in this subsection shall prevent such city from contracting with any fire protection district for services if the city and fire protection district mutually agree. Upon the city providing fire protection services as described in this subsection, the residents of an area annexed on or after May 26, 1994, shall no longer be able to vote in any fire protection district election and shall not be elected to the fire protection district's board of directors.

Unless proof of financial responsibility is filed with the department of revenue, except as provided in subsection 2 of section 302.541, the revocation shall remain in effect for a period of two years from its effective date. If the person fails to maintain proof of financial responsibility in accordance with chapter 303, the person's license and driving privilege shall be rerevoked. Any person whose license and driving privilege have been revoked under the provisions of sections 302.010 to 302.540 shall, upon receipt of the notice of termination of the revocation from the director, pass the complete driver examination and apply for a new license before again operating a motor vehicle upon the highways of this state.

8. If, prior to conviction for an offense that would require suspension or revocation of a person's license under the provisions of this section, the person's total points accumulated are reduced, pursuant to the provisions of section 302.306, below the number of points required for suspension or revocation pursuant to the provisions of this section, then the person's license shall not be suspended or revoked until the necessary points are again obtained and accumulated.

9. If any person shall neglect or refuse to surrender the person's license, as provided herein, the director shall direct the state highway patrol or any peace or police officer to secure possession thereof and return it to the director.

10. Upon the issuance of a reinstatement or termination notice after a suspension or revocation of any person's license and driving privilege under the provisions of sections 302.010 to 302.540, the accumulated point value shall be reduced to four points, except that the points of any person serving as a member of the Armed Forces of the United States outside the limits of the United States during a period of suspension or revocation shall be reduced to zero upon the date of the reinstatement or termination of notice. It shall be the responsibility of such member of the Armed Forces to submit copies of official orders to the director of revenue to substantiate such overseas service. Any other provision of sections 302.010 to 302.540 to the contrary notwithstanding, the effective date of the four points remaining on the record upon reinstatement or termination shall be the date of the reinstatement or termination notice.

11. No credit toward reduction of points shall be given during periods of suspension or revocation or any period of driving under a limited driving privilege granted by a court or the director of revenue.

12. Any person or nonresident whose license or privilege to operate a motor vehicle in this state has been suspended or revoked under this or any other law shall, before having the license or privilege to operate a motor vehicle reinstated, pay to the director a reinstatement fee of twenty dollars which shall be in addition to all other fees provided by law.

13. Notwithstanding any other provision of law to the contrary, if after two years from the effective date of any suspension or revocation issued under this chapter, except any suspension or revocation issued under section 302.410, 302.462, or 302.574, the person or nonresident has not paid the reinstatement fee

of twenty dollars, the director shall reinstate such license or privilege to operate a motor vehicle in this state. Any person who has had his or her license suspended or revoked under section 302.410, 302.462, or 302.574, shall be required to pay the reinstatement fee.

14. No person who has had a license to operate a motor vehicle suspended or revoked as a result of an assessment of points for a violation under subdivision (8), (9) or (10) of subsection 1 of section 302.302 shall have that license reinstated until such person has participated in and successfully completed a substance abuse traffic offender program defined in section 302.010, or a program determined to be comparable by the department of mental health. Assignment recommendations, based upon the needs assessment as described in subdivision (24) of section 302.010, shall be delivered in writing to the person with written notice that the person is entitled to have such assignment recommendations reviewed by the court if the person objects to the recommendations. The person may file a motion in the associate division of the circuit court of the county in which such assignment was given, on a printed form provided by the state courts administrator, to have the court hear and determine such motion pursuant to the provisions of chapter 517. The motion shall name the person or entity making the needs assessment as the respondent and a copy of the motion shall be served upon the respondent in any manner allowed by law. Upon hearing the motion, the court may modify or waive any assignment recommendation that the court determines to be unwarranted based upon a review of the needs assessment, the person's driving record, the circumstances surrounding the offense, and the likelihood of the person committing a like offense in the future, except that the court may modify but may not waive the assignment to an education or rehabilitation program of a person determined to be a prior or persistent offender as defined in section 577.001 or of a person determined to have operated a motor vehicle with fifteen-hundredths of one percent or more by weight in such person's blood. Compliance with the court determination of the motion shall satisfy the provisions of this section for the purpose of reinstating such person's license to operate a motor vehicle. The respondent's personal appearance at any hearing conducted pursuant to this subsection shall not be necessary unless directed by the court.

15. The fees for the program authorized in subsection 14 of this section, or a portion thereof to be determined by the department of mental health, shall be paid by the person enrolled in the program. Any person who is enrolled in the program shall pay, in addition to any fee charged for the program, a supplemental fee in an amount to be determined by the department of mental health for the purposes of funding the substance abuse traffic offender program defined in section 302.010 or a program determined to be comparable by the department of mental health. The administrator of the program shall remit to the division of alcohol and drug abuse of the department of mental health on or before the fifteenth day of each month the supplemental fee for all persons enrolled in the program, less two percent for administrative costs. Interest shall be charged on any unpaid balance of the supplemental fees due the division of alcohol and drug abuse pursuant to this section and shall accrue at a rate not to exceed the annual rate established pursuant to the provisions of section 32.065, plus three percentage points. The supplemental fees and any interest received by the department of mental health pursuant to this section shall be deposited in the mental health earnings fund which is created in section 630.053.

16. Any administrator who fails to remit to the division of alcohol and drug abuse of the department of mental health the supplemental fees and interest for all persons enrolled in the program pursuant to this section shall be subject to a penalty equal to the amount of interest accrued on the supplemental fees due the division pursuant to this section. If the supplemental fees, interest, and penalties are not remitted to the division of alcohol and drug abuse of the department of mental health within six months of the due date, the attorney general of the state of Missouri shall initiate appropriate action of the collection of said fees and interest accrued. The court shall assess attorney fees and court costs against any delinquent program.

17. Any person who has had a license to operate a motor vehicle suspended or revoked as a result of:

(1) An assessment of points for a conviction for an intoxication-related traffic offense, as defined under section 577.001, **in which the person's blood alcohol content was found to be at least eight-hundredths of one percent but less than fifteen-hundredths of one percent by weight of alcohol in such person's blood** and who has a prior alcohol-related enforcement contact as defined under section 302.525[.]; or

(2) **An assessment of points for a conviction for an intoxication-related traffic offense, as defined under section 577.001, in which the person's blood alcohol content was found to be fifteen-hundredths of one percent or more by weight of alcohol in such person's blood;**

shall be required to file proof with the director of revenue that any motor vehicle operated by the person is equipped with a functioning, certified ignition interlock device as a required condition of reinstatement of the license. The ignition interlock device shall further be required to be maintained on all motor vehicles operated by the person for a period of not less than six months immediately following the date of reinstatement. If the monthly monitoring reports show that the ignition interlock device has registered any confirmed blood alcohol concentration readings above the alcohol setpoint established by the department of transportation or that the person has tampered with or circumvented the ignition interlock device within the last three months of the six-month period of required installation of the ignition interlock device, then the period for which the person must maintain the ignition interlock device following the date of reinstatement shall be extended until the person has completed three consecutive months with no violations as described in this section. If the person fails to maintain such proof with the director, the license shall be resuspended or revoked and the person shall be guilty of a class A misdemeanor.

302.440. In addition to any other provisions of law, a court may require that any person who is found guilty of a first intoxication-related traffic offense, as defined in section 577.001, and a court shall require that any person who is found guilty of a second or subsequent intoxication-related traffic offense, as defined in section 577.001, **or any person who is found guilty of an intoxication-related traffic offense, as defined under section 577.001, in which the person's blood alcohol content was found to be fifteen-hundredths of one percent or more by weight of alcohol in such person's blood** shall not operate any motor vehicle unless that vehicle is equipped with a functioning, certified ignition interlock device **that the person must use** for a period of not less than six months from the date of reinstatement

of the person's driver's license. In addition, any court authorized to grant a limited driving privilege under section 302.309 to any person who is found guilty of a second or subsequent intoxication-related traffic offense **or to any person who is found guilty of an intoxication-related traffic offense, as defined under section 577.001, in which the person's blood alcohol content was found to be fifteen-hundredths of one percent or more by weight of alcohol in such person's blood** shall require the use of an ignition interlock device on all vehicles operated by the person as a required condition of the limited driving privilege, except as provided in section 302.441. These requirements shall be in addition to any other provisions of this chapter or chapter 577 requiring installation and maintenance of an ignition interlock device. Any person required to use an ignition interlock device shall comply with such requirement subject to the penalties provided by section 577.599.

302.525. 1. The license suspension or revocation shall become effective fifteen days after the subject person has received the notice of suspension or revocation as provided in section 302.520, or is deemed to have received the notice of suspension or revocation by mail as provided in section 302.515. If a request for a hearing is received by or postmarked to the department within that fifteen-day period, the effective date of the suspension or revocation shall be stayed until a final order is issued following the hearing; provided, that any delay in the hearing which is caused or requested by the subject person or counsel representing that person without good cause shown shall not result in a stay of the suspension or revocation during the period of delay.

2. The period of license suspension or revocation under this section shall be as follows:

(1) If the person's driving record shows no prior alcohol-related enforcement contacts during the immediately preceding five years, the period of suspension shall be thirty days after the effective date of suspension, followed by a sixty-day period of restricted driving privilege as defined in section 302.010 and issued by the director of revenue. The restricted driving privilege shall not be issued until he or she has filed proof of financial responsibility with the department of revenue, in accordance with chapter 303, and is otherwise eligible. The restricted driving privilege shall indicate [whether] **that** a functioning, certified ignition interlock device is required as a condition of operating a motor vehicle. A copy of the restricted driving privilege shall be given to the person and such person shall carry a copy of the restricted driving privilege while operating a motor vehicle. In no case shall restricted driving privileges be issued pursuant to this section or section 302.535 until the person has completed the first thirty days of a suspension under this section. If a person otherwise subject to the provisions of this subdivision files proof of installation with the department of revenue that any vehicle that he or she operates is equipped with a functioning, certified ignition interlock device, there shall be no period of suspension. However, in lieu of a suspension the person shall instead complete a ninety-day period of restricted driving privilege. Upon completion of such ninety-day period of restricted driving privilege, compliance with other requirements of law, and filing of proof of financial responsibility with the department of revenue, in accordance with chapter 303, the license and driving privilege shall be reinstated. However, if the monthly monitoring reports during such ninety-day period indicate that the ignition interlock device has registered a confirmed blood alcohol concentration level above the alcohol setpoint established by the department of

transportation or such reports indicate that the ignition interlock device has been tampered with or circumvented, then the license and driving privilege of such person shall not be reinstated until the person completes an additional thirty-day period of restricted driving privilege. If the person fails to maintain such proof of the device with the director of revenue as required, the restricted driving privilege shall be terminated;

(2) The period of revocation shall be one year if the person's driving record shows one or more prior alcohol-related enforcement contacts during the immediately preceding five years;

(3) In no case shall restricted driving privileges be issued under this section to any person whose driving record shows one or more prior alcohol-related enforcement contacts **or to any person whose driving record shows an intoxication-related traffic offense, as defined under section 577.001, in which the person's blood alcohol content was found to be fifteen-hundredths of one percent or more by weight of alcohol in such person's blood** until the person has filed proof with the department of revenue that any motor vehicle operated by the person is equipped with a functioning, certified ignition interlock device as a required condition of the restricted driving privilege. If the person fails to maintain such proof the restricted driving privilege shall be terminated.

3. For purposes of this section, "alcohol-related enforcement contacts" shall include any suspension or revocation under sections 302.500 to 302.540, any suspension or revocation entered in this or any other state for a refusal to submit to chemical testing under an implied consent law, and any conviction in this or any other state for a violation which involves driving while intoxicated, driving while under the influence of drugs or alcohol, or driving a vehicle while having an unlawful alcohol concentration.

4. Where a license is suspended or revoked under this section and the person is also convicted on charges arising out of the same occurrence for a violation of section 577.010 or 577.012 or for a violation of any county or municipal ordinance prohibiting driving while intoxicated or alcohol-related traffic offense, both the suspension or revocation under this section and any other suspension or revocation arising from such convictions shall be imposed, but the period of suspension or revocation under sections 302.500 to 302.540 shall be credited against any other suspension or revocation arising from such convictions, and the total period of suspension or revocation shall not exceed the longer of the two suspension or revocation periods.

5. Any person who has had a license to operate a motor vehicle revoked under this section or suspended under this section with one or more prior alcohol-related enforcement contacts **or an intoxication-related traffic offense, as defined under section 577.001, in which the person's blood alcohol content was found to be fifteen-hundredths of one percent or more by weight of alcohol in such person's blood** showing on their driver record shall be required to file proof with the director of revenue that any motor vehicle operated by that person is equipped with a functioning, certified ignition interlock device as a required condition of reinstatement. The ignition interlock device shall further be required to be maintained on all motor vehicles operated by the person for a period of not less than six months immediately following the date of reinstatement. If the monthly monitoring reports show that the ignition interlock device has registered any confirmed blood alcohol concentration readings above the

alcohol setpoint established by the department of transportation or that the person has tampered with or circumvented the ignition interlock device within the last three months of the six-month period of required installation of the ignition interlock device, then the period for which the person must maintain the ignition interlock device following the date of reinstatement shall be extended until the person has completed three consecutive months with no violations as described in this section. If the person fails to maintain such proof with the director, the license shall be suspended or revoked, until proof as required by this section is filed with the director, and the person shall be guilty of a class A misdemeanor.

302.574. 1. If a person who was operating a vehicle refuses upon the request of the officer to submit to any chemical test under section 577.041, the officer shall, on behalf of the director of revenue, serve the notice of license revocation personally upon the person and shall take possession of any license to operate a vehicle issued by this state which is held by that person. The officer shall issue a temporary permit, on behalf of the director of revenue, which is valid for fifteen days and shall also give the person notice of his or her right to file a petition for review to contest the license revocation.

2. Such officer shall make a certified report under penalties of perjury for making a false statement to a public official. The report shall be forwarded to the director of revenue and shall include the following:

(1) That the officer has:

(a) Reasonable grounds to believe that the arrested person was driving a motor vehicle while in an intoxicated condition; or

(b) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was driving a motor vehicle with a blood alcohol content of two-hundredths of one percent or more by weight; or

(c) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was committing a violation of the traffic laws of the state, or political subdivision of the state, and such officer has reasonable grounds to believe, after making such stop, that the person had a blood alcohol content of two-hundredths of one percent or greater;

(2) That the person refused to submit to a chemical test;

(3) Whether the officer secured the license to operate a motor vehicle of the person;

(4) Whether the officer issued a fifteen-day temporary permit;

(5) Copies of the notice of revocation, the fifteen-day temporary permit, and the notice of the right to file a petition for review. The notices and permit may be combined in one document; and

(6) Any license, which the officer has taken into possession, to operate a motor vehicle.

3. Upon receipt of the officer's report, the director shall revoke the license of the person refusing to take the test for a period of one year; or if the person is a nonresident, such person's operating permit or privilege shall be revoked for one year; or if the person is a resident without a license or permit to operate a motor vehicle in this state, an order shall be issued denying the person the issuance of a license or permit for a period of one year.

4. If a person's license has been revoked because of the person's refusal to submit to a chemical test, such person may petition for a hearing before a circuit division or associate division of the court in the

county in which the arrest or stop occurred. Pursuant to local court rule promulgated pursuant to Section 15 of Article V of the Missouri Constitution, the case may also be assigned to a traffic judge pursuant to section 479.500. The person may request such court to issue an order staying the revocation until such time as the petition for review can be heard. If the court, in its discretion, grants such stay, it shall enter the order upon a form prescribed by the director of revenue and shall send a copy of such order to the director. Such order shall serve as proof of the privilege to operate a motor vehicle in this state and the director shall maintain possession of the person's license to operate a motor vehicle until termination of any revocation under this section. Upon the person's request, the clerk of the court shall notify the prosecuting attorney of the county and the prosecutor shall appear at the hearing on behalf of the director of revenue. At the hearing, the court shall determine only:

(1) Whether the person was arrested or stopped;

(2) Whether the officer had:

(a) Reasonable grounds to believe that the person was driving a motor vehicle while in an intoxicated or drugged condition; or

(b) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was driving a motor vehicle with a blood alcohol content of two-hundredths of one percent or more by weight; or

(c) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was committing a violation of the traffic laws of the state, or political subdivision of the state, and such officer had reasonable grounds to believe, after making such stop, that the person had a blood alcohol content of two-hundredths of one percent or greater; and

(3) Whether the person refused to submit to the test.

5. If the court determines any issue not to be in the affirmative, the court shall order the director to reinstate the license or permit to drive.

6. Requests for review as provided in this section shall go to the head of the docket of the court wherein filed.

7. No person who has had a license to operate a motor vehicle suspended or revoked under the provisions of this section shall have that license reinstated until such person has participated in and successfully completed a substance abuse traffic offender program defined in section 302.010, or a program determined to be comparable by the department of mental health. Assignment recommendations, based upon the needs assessment as described in subdivision (24) of section 302.010, shall be delivered in writing to the person with written notice that the person is entitled to have such assignment recommendations reviewed by the court if the person objects to the recommendations. The person may file a motion in the associate division of the circuit court of the county in which such assignment was given, on a printed form provided by the state courts administrator, to have the court hear and determine such motion under the provisions of chapter 517. The motion shall name the person or entity making the needs assessment as the respondent and a copy of the motion shall be served upon the respondent in any manner allowed by law. Upon hearing the motion, the court may modify or waive any assignment

recommendation that the court determines to be unwarranted based upon a review of the needs assessment, the person's driving record, the circumstances surrounding the offense, and the likelihood of the person committing a similar offense in the future, except that the court may modify but shall not waive the assignment to an education or rehabilitation program of a person determined to be a prior or persistent offender as defined in section 577.001, or of a person determined to have operated a motor vehicle with a blood alcohol content of fifteen-hundredths of one percent or more by weight. Compliance with the court determination of the motion shall satisfy the provisions of this section for the purpose of reinstating such person's license to operate a motor vehicle. The respondent's personal appearance at any hearing conducted under this subsection shall not be necessary unless directed by the court.

8. The fees for the substance abuse traffic offender program, or a portion thereof, to be determined by the division of behavioral health of the department of mental health, shall be paid by the person enrolled in the program. Any person who is enrolled in the program shall pay, in addition to any fee charged for the program, a supplemental fee to be determined by the department of mental health for the purposes of funding the substance abuse traffic offender program defined in section 302.010. The administrator of the program shall remit to the division of behavioral health of the department of mental health on or before the fifteenth day of each month the supplemental fee for all persons enrolled in the program, less two percent for administrative costs. Interest shall be charged on any unpaid balance of the supplemental fees due to the division of behavioral health under this section, and shall accrue at a rate not to exceed the annual rates established under the provisions of section 32.065, plus three percentage points. The supplemental fees and any interest received by the department of mental health under this section shall be deposited in the mental health earnings fund, which is created in section 630.053.

9. Any administrator who fails to remit to the division of behavioral health of the department of mental health the supplemental fees and interest for all persons enrolled in the program under this section shall be subject to a penalty equal to the amount of interest accrued on the supplemental fees due to the division under this section. If the supplemental fees, interest, and penalties are not remitted to the division of behavioral health of the department of mental health within six months of the due date, the attorney general of the state of Missouri shall initiate appropriate action for the collection of said fees and accrued interest. The court shall assess attorneys' fees and court costs against any delinquent program.

10. Any person who has had a license to operate a motor vehicle revoked under this section and who has a prior alcohol-related enforcement contact, as defined in section 302.525, **or who has been found guilty of an intoxication-related traffic offense, as defined under section 577.001, in which the person's blood alcohol content was found to be fifteen-hundredths of one percent or more by weight of alcohol in such person's blood**, shall be required to file proof with the director of revenue that any motor vehicle operated by the person is equipped with a functioning, certified ignition interlock device as a required condition of license reinstatement. Such ignition interlock device shall further be required to be maintained on all motor vehicles operated by the person for a period of not less than six months immediately following the date of reinstatement. If the monthly monitoring reports show that the ignition interlock device has registered any confirmed blood alcohol concentration readings above the alcohol

setpoint established by the department of transportation or that the person has tampered with or circumvented the ignition interlock device within the last three months of the six-month period of required installation of the ignition interlock device, then the period for which the person shall maintain the ignition interlock device following the date of reinstatement shall be extended until the person has completed three consecutive months with no violations as described in this section. If the person fails to maintain such proof with the director as required by this section, the license shall be rerevoked until proof as required by this section is filed with the director, and the person shall be guilty of a class A misdemeanor.

11. The revocation period of any person whose license and driving privilege has been revoked under this section and who has filed proof of financial responsibility with the department of revenue in accordance with chapter 303 and is otherwise eligible shall be terminated by a notice from the director of revenue after one year from the effective date of the revocation. Unless proof of financial responsibility is filed with the department of revenue, the revocation shall remain in effect for a period of two years from its effective date. If the person fails to maintain proof of financial responsibility in accordance with chapter 303, the person's license and driving privilege shall be rerevoked.

12. A person commits the offense of failure to maintain proof with the Missouri department of revenue if, when required to do so, he or she fails to file proof with the director of revenue that any vehicle operated by the person is equipped with a functioning, certified ignition interlock device or fails to file proof of financial responsibility with the department of revenue in accordance with chapter 303. The offense of failure to maintain proof with the Missouri department of revenue is a class A misdemeanor.”; and”; and

“632.305. 1. An application for detention for evaluation and treatment may be executed by any adult person, who need not be an attorney or represented by an attorney, including the mental health coordinator, on a form provided by the court for such purpose, and shall allege under oath, without a notarization requirement, that the applicant has reason to believe that the respondent is suffering from a mental disorder and presents a likelihood of serious harm to himself or herself or to others. “287.067. 1. In this chapter the term “occupational disease” is hereby defined to mean, unless a different meaning is clearly indicated by the context, an identifiable disease arising with or without human fault out of and in the course of the employment. Ordinary diseases of life to which the general public is exposed outside of the employment shall not be compensable, except where the diseases follow as an incident of an occupational disease as defined in this section. The disease need not to have been foreseen or expected but after its contraction it must appear to have had its origin in a risk connected with the employment and to have flowed from that source as a rational consequence.

2. An injury or death by occupational disease is compensable only if the occupational exposure was the prevailing factor in causing both the resulting medical condition and disability. The “prevailing factor” is defined to be the primary factor, in relation to any other factor, causing both the resulting medical condition and disability. Ordinary, gradual deterioration, or progressive degeneration of the body caused by aging or by the normal activities of day-to-day living shall not be compensable.

3. An injury due to repetitive motion is recognized as an occupational disease for purposes of this chapter. An occupational disease due to repetitive motion is compensable only if the occupational exposure was the prevailing factor in causing both the resulting medical condition and disability. The “prevailing factor” is defined to be the primary factor, in relation to any other factor, causing both the resulting medical condition and disability. Ordinary, gradual deterioration, or progressive degeneration of the body caused by aging or by the normal activities of day-to-day living shall not be compensable.

4. “Loss of hearing due to industrial noise” is recognized as an occupational disease for purposes of this chapter and is hereby defined to be a loss of hearing in one or both ears due to prolonged exposure to harmful noise in employment. “Harmful noise” means sound capable of producing occupational deafness.

5. “Radiation disability” is recognized as an occupational disease for purposes of this chapter and is hereby defined to be that disability due to radioactive properties or substances or to Roentgen rays (X-rays) or exposure to ionizing radiation caused by any process involving the use of or direct contact with radium or radioactive properties or substances or the use of or direct exposure to Roentgen rays (X-rays) or ionizing radiation.

6. Disease of the lungs or respiratory tract, hypotension, hypertension, or disease of the heart or

cardiovascular system, including carcinoma, may be recognized as occupational diseases for the purposes of this chapter and are defined to be disability due to exposure to smoke, gases, carcinogens, inadequate oxygen, of paid firefighters of a paid fire department or paid police officers of a paid police department certified under chapter 590 if a direct causal relationship is established, or psychological stress of firefighters of a paid fire department or paid peace officers of a police department who are certified under chapter 590 if a direct causal relationship is established.

7. Any employee who is exposed to and contracts any contagious or communicable disease arising out of and in the course of his or her employment shall be eligible for benefits under this chapter as an occupational disease.

8. With regard to occupational disease due to repetitive motion, if the exposure to the repetitive motion which is found to be the cause of the injury is for a period of less than three months and the evidence demonstrates that the exposure to the repetitive motion with the immediate prior employer was the prevailing factor in causing the injury, the prior employer shall be liable for such occupational disease.

9. (1) (a) Posttraumatic stress disorder (PTSD), as described in the Diagnostic and Statistical Manual of Mental Health Disorders, Fifth Edition, published by the American Psychiatric Association, (DSM-5) is recognized as a compensable occupational disease for purposes of this chapter when diagnosed in a first responder, as that term is defined under section 67.145.

(b) Benefits payable to a first responder under this section shall not require a physical injury to the first responder, and are not subject to any preexisting PTSD.

(c) Benefits payable to a first responder under this section are compensable only if demonstrated by clear and convincing evidence that PTSD has resulted from the course and scope of employment, and the first responder is examined and diagnosed with PTSD by an authorized treating physician, due to the first responder experiencing one of the following qualifying events:

a. Seeing for oneself a deceased minor;

b. Witnessing directly the death of a minor;

c. Witnessing directly the injury to a minor who subsequently died prior to or upon arrival at a hospital emergency department, participating in the physical treatment of, or manually transporting, an injured minor who subsequently died prior to or upon arrival at a hospital emergency department;

d. Seeing for oneself a person who has suffered serious physical injury of a nature that shocks the conscience;

e. Witnessing directly a death, including suicide, due to serious physical injury; or homicide, including murder, mass killings, manslaughter, self-defense, misadventure, and negligence;

f. Witnessing directly an injury that results in death, if the person suffered serious physical

injury that shocks the conscience;

g. Participating in the physical treatment of an injury, including attempted suicide, or manually transporting an injured person who suffered serious physical injury, if the injured person subsequently died prior to or upon arrival at a hospital emergency department; or,

h. Involvement in an event that caused or may have caused serious injury or harm to the first responder or had the potential to cause the death of the first responder, whether accidental or by an intentional act of another individual.

(2) The time for notice of injury or death in cases of compensable PTSD under this section is measured from exposure to one of the qualifying stressors listed in the DSM-5 criteria, or the diagnosis of the disorder, whichever is later. Any claim for compensation for such injury shall be properly noticed within fifty-two weeks after the qualifying exposure, or the diagnosis of the disorder, whichever is later.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

(2) “Color of law”, any act by a law enforcement officer, whether on duty or off duty, that is performed in furtherance of his or her sworn duty to enforce laws and to protect and serve the public;

(3) “Economic loss”, any economic loss including, but not limited to, loss of overtime accrual, overtime income, sick time accrual, sick time, secondary employment income, holiday pay, and vacation pay;

(4) “Good cause”, sufficient evidence or facts that would support a party’s request for extensions of time or any other requests seeking accommodations outside the scope of the rules set out herein;

(5) “Law enforcement officer”, any commissioned peace officer with the power to arrest for a violation of the criminal code who is employed by any unit of the state or any county, charter county, city, charter city, municipality, district, college, university, or any other political subdivision or is employed by the board of police commissioners as defined in chapter 84. Law enforcement officer shall not include any officer who is the highest ranking officer in the law enforcement agency.

2. Whenever a law enforcement officer is under administrative investigation or is subjected to administrative questioning that the officer reasonably believes could lead to disciplinary action, demotion, dismissal, transfer, or placement on a status that could lead to economic loss, the investigation or questioning shall be conducted under the following conditions:

(1) The law enforcement officer who is the subject of the investigation shall be informed, in writing, of the existence and nature of the alleged violation and the individuals who will be conducting the investigation. Notice shall be provided to the officer along with a copy of the complaint at least twenty-four hours prior to any interrogation or interview of the officer;

(2) Any person, including members of the same agency or department as the officer under investigation, filing a complaint against a law enforcement officer shall have the complaint supported by a written statement outlining the complaint that includes the personal identifying information of the person filing the complaint. All personal identifying information shall be held confidential by the investigating agency;

(3) When a law enforcement officer is questioned or interviewed regarding matters pertaining to his or her law enforcement duties or actions taken within the scope of his or her employment, such questioning shall be conducted for a reasonable length of time and only while the officer is on duty unless reasonable circumstances exist that necessitate questioning the officer while he or she is off duty;

(4) Any interviews or questioning shall be conducted at a secure location at the agency that is conducting the investigation or at the place where the officer reports to work, unless the officer consents to another location;

(5) Law enforcement officers shall be questioned by up to two investigators and shall be informed of the name, rank, and command of the investigator or investigators conducting the investigation; except that, separate investigators shall be assigned to investigate alleged department policy violations and alleged criminal violations;

(6) Interview sessions shall be for a reasonable period of time. There shall be times provided for the officer to allow for such personal necessities and rest periods as are reasonably necessary;

(7) Prior to an interview session, the investigator or investigators conducting the investigation shall advise the law enforcement officer of the rule set out in *Garrity v. (8) Law enforcement officers shall not be threatened, harassed, or promised rewards to induce them into answering any question; except that, law enforcement officers may be compelled by their employer to give protected Garrity statements to an investigator under the direct control of the employer, but such compelled statements shall not be used or derivatively used against the officer in any aspect of a criminal case brought against the officer;

(10) Prior to the law enforcement officer being interviewed, the officer and his or her attorney or representative shall have the opportunity to review the complaint;

(11) The law enforcement agency conducting the investigation shall have ninety days from receipt of a citizen complaint to complete such investigation. The agency shall determine the disposition of the complaint and render a disciplinary decision, if any, within ninety days. The agency is limited to two extensions per investigation; except that, if there is an ongoing criminal investigation there shall be no limitation on the amount of sixty-day extensions. For good cause shown, the internal investigation may be tolled until the conclusion of a concurrent criminal investigation arising out of the same alleged conduct. Absent consent from the officer being investigated, the administering authority overseeing the administration of discipline shall set the matter for hearing and shall provide notice of the hearing to the law enforcement officer under investigation. The officer shall have the right to attend the hearing and to present evidence and arguments against extension;

(12) Within five days of the conclusion of the administrative investigation, the investigator shall inform the officer, in writing, of the investigative findings and any recommendation for further action, including discipline;

(13) A complete record of the administrative investigation shall be kept by the law enforcement agency conducting such investigation. However, nothing in this section shall prohibit a law enforcement agency and the authorized bargaining representative for a law enforcement officer employed by that agency from reaching written agreements providing disciplinary procedures more favorable than those provided for this section. The components of the hearing shall include, at a minimum:

(1) The right to be represented by an attorney or other individual of their choice during the hearing;

(5) A complete record of the hearing shall be kept by the agency for purposes of appeal. The record shall be provided to the officer or his or her attorney upon written request;

(6) The entire record of the hearing shall remain confidential and shall not be subject to disclosure under chapter 610, except by lawful subpoena or court order.

4. Any decision, order, or action taken following the hearing shall be in writing and shall be accompanied by findings of fact. The findings shall consist of a concise statement upon each issue in the case. 5. Law enforcement officers shall have the opportunity to provide a written response to any adverse materials placed in their personnel file, and such written response shall be permanently attached to the adverse material.

6. Law enforcement officers shall have the right to compensation for any economic loss incurred during an investigation if the officer is found to have committed no misconduct.

7. Employers shall defend and indemnify law enforcement officers from and against civil claims made against them in their official and individual capacities if the alleged conduct arose in the course and scope of their obligations and duties as law enforcement officers. This includes any actions taken off duty if such actions were taken under color of law. In the event the law enforcement officer is convicted of, or pleads guilty to, criminal charges arising out of the same conduct, the employer shall no longer be obligated to defend and indemnify the officer in connection with related civil claims.

8. Law enforcement officers shall not be disciplined, demoted, dismissed, transferred, or placed on a status resulting in economic loss as a result of the assertion of their constitutional rights in any judicial proceeding, unless the officer admits to wrongdoing, in which case the provisions of this section shall not apply.

The medical director shall provide medical direction to these services and agencies in these instances.

3. The medical director, in cooperation with the ambulance service or emergency medical response agency administrator, shall have the responsibility and the authority to ensure that the personnel working under their supervision are able to provide care meeting established standards of care with consideration for state and national standards as well as local area needs and resources. The medical director, in cooperation with the ambulance service or emergency medical response agency administrator, shall establish and develop triage, treatment and transport protocols, which may include authorization for standing orders. Emergency medical technicians shall only perform those medical procedures as directed

by treatment protocols approved by the local medical director or when authorized through direct communication with online medical control.

11. The state EMS medical directors advisory committee shall review and make recommendations regarding all proposed community and regional time-critical diagnosis plans.

12. Notwithstanding any other provision of law to the contrary, when regional EMS medical directors are providing either online telecommunication medical direction to AEMTs, [EMT-Bs, EMT-Ps] **EMTs**,

Such processes may include the use of vendors or systems administered by the Missouri state highway patrol. The department may share the results of such a criminal background check with any emergency services licensing agency in any member state, as that term is defined under section 190.900, in recognition of the EMS personnel licensure interstate compact. The department shall not issue a license until the department receives the results of an applicant's criminal background check from the Missouri state highway patrol and the Federal Bureau of Investigation, but, notwithstanding this subsection, the department may issue a temporary license as provided under section 190.143. Any fees due for a criminal background check shall be paid by the applicant.

(3) The director may authorize investigations into criminal records in other states for any applicant.

2. The department shall issue a license to all levels of emergency medical technicians, for a period of five years, if the applicant meets the requirements established pursuant to sections 190.001 to 190.245 and the rules adopted by the department pursuant to sections 190.001 to 190.245. The department may promulgate rules relating to the requirements for an emergency medical technician including but not limited to:

(5) Continuing education and relicensure requirements; and

(6) Ability to speak, read and write the English language.

3. Application for all levels of emergency medical technician license shall be made upon such forms as prescribed by the department in rules adopted pursuant to sections 190.001 to 190.245. The application form shall contain such information as the department deems necessary to make a determination as to whether the emergency medical technician meets all the requirements of sections 190.001 to 190.245 and rules promulgated pursuant to sections 190.001 to 190.245.

4. All levels of emergency medical technicians may perform only that patient care which is:

(1) Consistent with the training, education and experience of the particular emergency medical technician; and

(2) Ordered by a physician or set forth in protocols approved by the medical director.

5. No person shall hold themselves out as an emergency medical technician or provide the services of an emergency medical technician unless such person is licensed by the department.

6. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and void.

190.147. 1. [An emergency medical technician paramedic (EMT-P)] **A paramedic** may make a good faith determination that such behavioral health patients who present a likelihood of serious harm to themselves or others, as the term “likelihood of serious harm” is defined under section 632.005, or who are significantly incapacitated by alcohol or drugs shall be placed into a temporary hold for the sole purpose of transport to the nearest appropriate facility; provided that, such determination shall be made in cooperation with at least one other [EMT-P] **paramedic** or other health care professional involved in the transport. Once in a temporary hold, the patient shall be treated with humane care in a manner that preserves human dignity, consistent with applicable federal regulations and nationally recognized guidelines regarding the appropriate use of temporary holds and restraints in medical transport. Prior to making such a determination:

(1) The [EMT-P] **paramedic** shall have completed a standard crisis intervention training course as endorsed and developed by the state EMS medical director’s advisory committee;

(2) The [EMT-P] **paramedic** shall have been authorized by his or her ground or air ambulance service’s administration and medical director under subsection 3 of section 190.103; and

(3) The [EMT-P's] **paramedic** ground or air ambulance service has developed and adopted standardized triage, treatment, and transport protocols under subsection 3 of section 190.103, which address the challenge of treating and transporting such patients. Provided:

(a) That such protocols shall be reviewed and approved by the state EMS medical director's advisory committee; and

(b) That such protocols shall direct the [EMT-P] **paramedic** regarding the proper use of patient restraint and coordination with area law enforcement; and

(c) Patient restraint protocols shall be based upon current applicable national guidelines.

2. In any instance in which a good faith determination for a temporary hold of a patient has been made, such hold shall be made in a clinically appropriate and adequately justified manner, and shall be documented and attested to in writing. The writing shall be retained by the ambulance service and included as part of the patient's medical file.

3. [EMT-Ps] **Paramedics** who have made a good faith decision for a temporary hold of a patient as authorized by this section shall no longer have to rely on the common law doctrine of implied consent and therefore shall not be civilly liable for a good faith determination made in accordance with this section and shall not have waived any sovereign immunity defense, official immunity defense, or Missouri public duty doctrine defense if employed at the time of the good faith determination by a government employer.

4. Any ground or air ambulance service that adopts the authority and protocols provided for by this section shall have a memorandum of understanding with applicable local law enforcement agencies in order to achieve a collaborative and coordinated response to patients displaying symptoms of either a likelihood of serious harm to themselves or others or significant incapacitation by alcohol or drugs, which require a crisis intervention response. The memorandum of understanding shall include, but not be limited to, the following:

(1) Administrative oversight, including coordination between ambulance services and law enforcement agencies;

(2) Patient restraint techniques and coordination of agency responses to situations in which patient restraint may be required;

(3) Field interaction between paramedics and law enforcement, including patient destination and transportation; and

(4) Coordination of program quality assurance.

5. The physical restraint of a patient by an emergency medical technician under the authority of this section shall be permitted only in order to provide for the safety of bystanders, the patient, or emergency personnel due to an imminent or immediate danger, or upon approval by local medical control through direct communications. Restraint shall also be permitted through cooperation with on-scene law

enforcement officers. All incidents involving patient restraint used under the authority of this section shall be reviewed by the ambulance service physician medical director.

190.327. 1. Immediately upon the decision by the commission to utilize a portion of the emergency telephone tax for central dispatching and an affirmative vote of the telephone tax, the commission shall appoint the initial members of a board which shall administer the funds and oversee the provision of central dispatching for emergency services in the county and in municipalities and other political subdivisions which have contracted for such service. Beginning with the general election in 1992, all board members shall be elected according to this section and other applicable laws of this state. At the time of the appointment of the initial members of the board, the commission shall relinquish to the board and no longer exercise the duties prescribed in this chapter with regard to the provision of emergency telephone service and in chapter 321, with regard to the provision of central dispatching service, and such duties shall be exercised by the board.

2. Elections for board members may be held on general municipal election day, as defined in subsection 3 of section 115.121, after approval by a simple majority of the county commission.

(8) To fix, charge and collect the taxes and fees authorized by law for the purpose of implementing and operating the services described in this section;

(9) To pay all expenses connected with the first election and all subsequent elections; and

(10) To have and exercise all rights and powers necessary or incidental to or implied from the specific powers granted in this subsection. Such specific powers shall not be considered as a limitation upon any power necessary or appropriate to carry out the purposes and intent of sections 190.300 to 190.329.

4. (1) Notwithstanding the provisions of subsections 1 and 2 of this section to the contrary, the county commission may elect to appoint the members of the board to administer the funds and oversee the provision of central dispatching for emergency services in the counties, municipalities, and other political subdivisions which have contracted for such service upon the request of the municipalities and other political subdivisions. Upon appointment of the initial members of the board, the commission shall relinquish all powers and duties to the board and no longer exercise the duties prescribed in this chapter with regard to the provision of central dispatching service and such duties shall be exercised by the board.

(2) The board shall consist of seven members appointed without regard to political affiliation. The members shall include:

(a) Five members who shall serve for so long as they remain in their respective county or municipal positions as follows:

[5. An emergency services board originally organized under section 190.325 operating within a county with a charter form of government and with more than two hundred thousand but fewer than three hundred fifty thousand inhabitants shall not have a sales tax for emergency services or for providing central

dispatching for emergency services greater than one-quarter of one percent. If on July 9, 2019, such tax is greater than one-quarter of one percent, the board shall lower the tax rate.]

(1) “Board”, the Missouri 911 service board established under section 650.325;

(2) “Consumer”, a person who purchases prepaid wireless telecommunications service in a retail transaction;

(3) “Department”, the department of revenue;

(4) “Prepaid wireless service provider”, a provider that provides prepaid wireless service to an end user;

(5) “Prepaid wireless telecommunications service”, a wireless telecommunications service that allows a caller to dial 911 to access the 911 system and which service shall be paid for in advance and is sold in predetermined units or dollars of which the number declines with use in a known amount;

(6) “Retail transaction”, the purchase of prepaid wireless telecommunications service from a seller for any purpose other than resale. The purchase of more than one item that provides prepaid wireless telecommunication service, when such items are sold separately, constitutes more than one retail transaction;

(7) “Seller”, a person who sells prepaid wireless telecommunications service to another person;

(8) “Wireless telecommunications service”, commercial mobile radio service as defined by 47 CFR 20.3, as amended.

2. (1) Beginning January 1, 2019, there is hereby imposed a prepaid wireless emergency telephone service charge on each retail transaction. The amount of such charge shall be equal to three percent of the amount of each retail transaction. The first fifteen dollars of each retail transaction shall not be subject to the service charge.

(2) When prepaid wireless telecommunications service is sold with one or more products or services for a single, nonitemized price, the prepaid wireless emergency telephone service charge set forth in subdivision (1) of this subsection shall apply to the entire nonitemized price unless the seller elects to apply such service charge in the following way:

(a) If the amount of the prepaid wireless telecommunications service is disclosed to the consumer as a dollar amount, three percent of such dollar amount; or

(b) If the seller can identify the portion of the price that is attributable to the prepaid wireless telecommunications service by reasonable and verifiable standards from the seller’s books and records that are kept in the regular course of business for other purposes including, but not limited to, nontax purposes, three percent of such portion;

The first fifteen dollars of each transaction under this subdivision shall not be subject to the service charge.

(3) The prepaid wireless emergency telephone service charge shall be collected by the seller from the consumer with respect to each retail transaction occurring in this state. The amount of the prepaid wireless emergency telephone service charge shall be either separately stated on an invoice, receipt, or other similar document that is provided to the consumer by the seller or otherwise disclosed to the consumer.

(4) For purposes of this subsection, a retail transaction that is effected in person by a consumer at a business location of the seller shall be treated as occurring in this state if that business location is in this state, and any other retail transaction shall be treated as occurring in this state if the retail transaction is treated as occurring under chapter 144.

(5) The prepaid wireless emergency telephone service charge is the liability of the consumer and not of the seller or of any provider; except that, the seller shall be liable to remit all charges that the seller collects or is deemed to collect.

(6) The amount of the prepaid wireless emergency telephone service charge that is collected by a seller from a consumer, if such amount is separately stated on an invoice, receipt, or other similar document provided to the consumer by the seller, shall not be included in the base for measuring any tax, fee, surcharge, or other charge that is imposed by this state, any political subdivision of this state, or any intergovernmental agency.

3. (1) Prepaid wireless emergency telephone service charges collected by sellers shall be remitted to the department at the times and in the manner provided by state law with respect to sales and use taxes. The department shall establish registration and payment procedures that substantially coincide with the registration and payment procedures that apply under state law. On or after the effective date of the service charge imposed under the provisions of this section, the director of the department of revenue shall perform all functions incident to the administration, collection, enforcement, and operation of the service charge, and the director shall collect, in addition to the sales tax for the state of Missouri, all additional service charges imposed in this section. All service charges imposed under this section together with all taxes imposed under the sales tax law of the state of Missouri shall be collected together and reported upon such forms and under such administrative rules and regulations as may be prescribed by the director. All applicable provisions contained in sections 144.010 to 144.525 governing the state sales tax and section 32.057 shall apply to the collection of any service charges imposed under this section except as modified.

(2) Beginning on January 1, 2019, and ending on January 31, 2019, when a consumer purchases prepaid wireless telecommunications service in a retail transaction from a seller under this section, the seller shall be allowed to retain one hundred percent of the prepaid wireless emergency telephone service charges that are collected by the seller from the consumer. Beginning on February 1, 2019, a seller shall

be permitted to deduct and retain three percent of prepaid wireless emergency telephone service charges that are collected by the seller from consumers.

(3) The department shall establish procedures by which a seller of prepaid wireless telecommunications service may document that a sale is not a retail transaction, which procedures shall substantially coincide with the procedures for documenting sale for resale transactions for sales and use purposes under state law.

(4) The department shall deposit all remitted prepaid wireless emergency telephone service charges into the general revenue fund for the department's use until eight hundred thousand one hundred fifty dollars is collected to reimburse its direct costs of administering the collection and remittance of prepaid wireless emergency telephone service charges. From then onward, the department shall deposit all remitted prepaid wireless emergency telephone service charges into the Missouri 911 service trust fund created under section 190.420 within thirty days of receipt for use by the board. After the initial eight hundred thousand one hundred fifty dollars is collected, the department may deduct an amount not to exceed one percent of collected charges to be retained by the department to reimburse its direct costs of administering the collection and remittance of prepaid wireless emergency telephone service charges.

(5) The board shall set a rate between twenty-five and one hundred percent of the prepaid wireless emergency telephone service charges deposited in the Missouri 911 service trust fund collected in counties without a charter form of government, less the deductions authorized in subdivision (4) of this subsection, that shall be remitted to such counties in direct proportion to the amount of charges collected in each county. The board shall set a rate between sixty-five and one hundred percent of the prepaid wireless emergency telephone service charges deposited in the Missouri 911 service trust fund collected in counties with a charter form of government and any city not within a county, less the deductions authorized in subdivision (4) of this subsection, that shall be remitted to each such county or city not within a county in direct proportion to the amount of charges collected in each such county or city not within a county. If a county has an elected emergency services board, the Missouri 911 service board shall remit the funds to the elected emergency services board, except for an emergency services board originally organized under section 190.325 operating within a county with a charter form of government and with more than two hundred thousand but fewer than three hundred fifty thousand inhabitants, in which case the funds shall be remitted to the county's general fund for the purpose of public safety infrastructure. The initial percentage rate set by the board for counties with and without a charter form of government and any city not within a county shall be set by June thirtieth of each applicable year and may be adjusted annually for the first three years, and thereafter the rate may be adjusted every three years; however, at no point shall the board set rates that fall below twenty-five percent for counties without a charter form of government and sixty-five percent for counties with a charter form of government and any city not within a county.

(6) Any amounts received by a county or city under subdivision (5) of this subsection shall be used only for purposes authorized in sections 190.305, 190.325, and 190.335. Any amounts received by any

county with a charter form of government and with more than six hundred thousand but fewer than seven hundred thousand inhabitants under this section may be used for emergency service notification systems.

4. (1) A seller that is not a provider shall be entitled to the immunity and liability protections under section 190.455, notwithstanding any requirement in state law regarding compliance with Federal Communications Commission Order 05-116.

(2) A provider shall be entitled to the immunity and liability protections under section 190.455.

(3) In addition to the protection from liability provided in subdivisions (1) and (2) of this subsection, each provider and seller and its officers, employees, assigns, agents, vendors, or anyone acting on behalf of such persons shall be entitled to the further protection from liability, if any, that is provided to providers and sellers of wireless telecommunications service that is not prepaid wireless telecommunications service under section 190.455.

5. The prepaid wireless emergency telephone service charge imposed by this section shall be in addition to any other tax, fee, surcharge, or other charge imposed by this state, any political subdivision of this state, or any intergovernmental agency for 911 funding purposes.

6. The provisions of this section shall become effective unless the governing body of a county or city adopts an ordinance, order, rule, resolution, or regulation by at least a two-thirds vote prohibiting the charge established under this section from becoming effective in the county or city at least forty-five days prior to the effective date of this section. If the governing body does adopt such ordinance, order, rule, resolution, or regulation by at least a two-thirds vote, the charge shall not be collected and the county or city shall not be allowed to obtain funds from the Missouri 911 service trust fund that are remitted to the fund under the charge established under this section. The Missouri 911 service board shall, by September 1, 2018, notify all counties and cities of the implementation of the charge established under this section, and the procedures set forth under this subsection for prohibiting the charge from becoming effective.

7. Any county or city which prohibited the prepaid wireless emergency telephone service charge pursuant to the provisions of subsection 6 of this section may take a vote of the governing body, and notify the department of revenue of the result of such vote[, by November 15, 2019,] to impose such charge [effective January 1, 2020]. A vote of at least two-thirds of the governing body is required in order to impose such charge. The department shall notify the board of notices received by [December 1, 2019] **within sixty days of receiving such notice.**

Notwithstanding any other provision of this section, a duly ordained minister, clergy, religious worker, or Christian Science practitioner while functioning in his or her ministerial capacity shall not be required to report concerning a privileged communication made to him or her in his or her professional capacity.

2. Any other person who becomes aware of circumstances that may reasonably be expected to be the result of, or result in, abuse or neglect of an eligible adult may report to the department.

6. (1) Notwithstanding any provision of this section or any other law to the contrary, the director of the department of revenue or his or her agent shall order the revocation of a driver's license upon its determination that an individual holding such license was involved in a [physical accident] **traffic crash** where his or her negligent acts or omissions contributed to his or her vehicle striking a highway worker within a designated construction zone or work zone where department of transportation guidelines involving notice and signage were properly implemented. The department shall make its determination of these facts on the basis of the report of a law enforcement officer investigating the incident and this determination shall be final unless a hearing is requested and held as provided under subdivision (2) of this subsection. Upon its determination that the facts support a license revocation, the department shall issue a notice of revocation which shall be mailed to the person at the last known address shown on the department's records. The notice is deemed received three days after mailing unless returned by postal authorities. The notice of revocation shall clearly specify the reason and statutory grounds for the revocation, the effective date of the revocation which shall be at least fifteen days from the date the department issued its order, the right of the person to request a hearing, and the date by which the request for a hearing must be made.

(2) An individual who received notice of revocation from the department under this section may seek reinstatement by either:

(a) Taking and passing the written and driving portions of the driver's license examination, in which case the individual's driver's license shall be immediately reinstated; or

(b) Petitioning for a hearing before a circuit division or associate division of the court in the county in which the work zone accident occurred. The individual may request such court to issue an order staying the revocation until such time as the petition for review can be heard. If the court, in its discretion, grants such stay, it shall enter the order upon a form prescribed by the director of revenue and shall send a copy of such order to the director. Such order shall serve as proof of the privilege to operate a motor vehicle in this state, and the director shall maintain possession of the person's license to operate a motor vehicle until the termination of any suspension under this subsection. The clerk of the court shall notify the prosecuting attorney of the county, and the prosecutor shall appear at the hearing on behalf of the director of revenue. At the hearing, the court shall determine only:

a. Whether the person was involved in a [physical accident] **traffic crash** where his or her vehicle struck a highway worker within a designated construction or work zone;

b. Whether the department of transportation guidelines involving notice and signage were properly implemented in such work zone; and

c. Whether the investigating officer had probable cause to believe the person's negligent acts or omissions contributed to his or her vehicle striking a highway worker.

If the court determines subparagraph a., b., or c. of this paragraph not to be in the affirmative, the court shall order the director to reinstate the license or permit to drive.

(3) The department of revenue administrative adjudication to reinstate a driver's license that was revoked under this subsection, and any evidence provided to the department related to such adjudication, shall not be produced by subpoena or any other means and made available as evidence in any other administrative action, civil case, or criminal prosecution. The court's determinations issued under this section, and the evidence provided to the court relating to such determinations, shall not be produced by subpoena or any other means and made available in any other administrative action, civil case, or criminal prosecution. Nothing in this subdivision shall be construed to prevent the department from providing information to the system authorized under 49 U.S.C. Section 31309, or any successor federal law, pertaining to the licensing, identification, and disqualification of operators of commercial motor vehicles.”; and

2. Upon apprehension and arrest, jurisdiction over the criminal offense allegedly committed by any person between eighteen and twenty-one years of age over whom the juvenile court has retained continuing jurisdiction shall automatically terminate and that offense shall be dealt with in the court of general jurisdiction as provided in section 211.041.

3. Knowing and willful age misrepresentation by a juvenile subject shall not affect any action or proceeding which occurs based upon the misrepresentation. Any evidence obtained during the period of time in which a child misrepresents his or her age may be used against the child and will be subject only to rules of evidence applicable in adult proceedings.

Notice shall contain a statement that the purpose of the hearing is to determine whether the child is a proper subject to be dealt with under the provisions of this chapter, and that if the court finds that the child is not a proper subject to be dealt with under the provisions of this chapter, the petition **or motion to modify** will be dismissed to allow for prosecution of the child under the general law.

5. The juvenile officer may consult with the office of prosecuting attorney concerning any offense for which the child could be certified as an adult under this section. The prosecuting or circuit attorney shall have access to police reports, reports of the juvenile or deputy juvenile officer, statements of witnesses and all other records or reports relating to the offense alleged to have been committed by the child. 6. A written report shall be prepared in accordance with this chapter developing fully all available information relevant to the criteria which shall be considered by the court in determining whether the child is a proper subject to be dealt with under the provisions of this chapter and whether there are reasonable prospects of rehabilitation within the juvenile justice system. These criteria shall include but not be limited to:

(1) The seriousness of the offense alleged and whether the protection of the community requires transfer to the court of general jurisdiction;

(2) Whether the offense alleged involved viciousness, force and violence;

(3) Whether the offense alleged was against persons or property with greater weight being given to the offense against persons, especially if personal injury resulted;

(4) Whether the offense alleged is a part of a repetitive pattern of offenses which indicates that the child may be beyond rehabilitation under the juvenile code;

(5) The record and history of the child, including experience with the juvenile justice system, other courts, supervision, commitments to juvenile institutions and other placements;

(2) Findings showing that the child was represented by counsel;

(3) Findings showing that the hearing was held in the presence of the child and his or her counsel; and

(4) Findings showing the reasons underlying the court's decision to transfer jurisdiction.

8. A copy of the petition **or motion to modify** and order of the dismissal shall be sent to the prosecuting attorney.

9. When a petition **or motion to modify** has been dismissed thereby permitting a child to be prosecuted under the general law and the prosecution of the child results in a conviction, the jurisdiction of the juvenile court over that child is forever terminated, except as provided in subsection 10 of this section, for an act that would be a violation of a state law or municipal ordinance.

10. If a petition **or motion to modify** has been dismissed thereby permitting a child to be prosecuted under the general law and the child is found not guilty by a court of general jurisdiction, the juvenile court shall have jurisdiction over any later offense committed by that child which would be considered a misdemeanor or felony if committed by an adult, subject to the certification provisions of this section.

11. If the court does not dismiss the petition **or motion to modify** to permit the child to be prosecuted under the general law, it shall set a date for the hearing upon the petition as provided in section 211.171.
